Application for Greenwood Cemetery Committee

I have been a resident of Birmingham for over 20 years and, in that time, have developed an interest in and respect for Greenwood Cemetery. The cemetery stands as an important historical landmark in the city and is the final resting place for many of those responsible for the city’s establishment and growth. My wife and I have purchased a plot at Greenwood in order to remain a permanent part of the town’s history. I am especially interested in increasing the public’s awareness of Greenwood Cemetery and the stories behind its interred residents. As an amateur historian and genealogist, I enjoy researching historical records to uncover the biographies of our ancestors — in fact, I have traced my own line back to the 1550s in Italy. I am very familiar with researching genealogical records both online and within original documents. I hope to use my love of history, genealogy, and story-telling to further develop Greenwood’s legacy. I also have over 30 years work experience in team-collaboration, project management, and communications (through my years in IT consulting and then public health). I believe these skills will make me a productive member of the Greenwood Committee team.

Sincerely,
Joseph Vercellone

Continuing "Reason For Interest"

I have visited many, many historical museums in several countries; I have a great interest's curiosity in preservation & knowledge gained from studying history & art history. I wrote and presented a thesis @ OU on Robert Indiana's "LO". I spoke to him a number of times while he was living on an island off the coast of main. I got special permission to be escorted to the storage rooms @ the DIA to document & report to him his original pieces that were not currently on display & helped him to move what was stored & what was displayed for his liking, as many other pieces meant more to him than his "LO". In fact, he actually hated the "LO".

I have a deep interest in preservation & understanding the importance of it. A something I get excited about sharing with people. As a Certified Master Gardener, I use many historical vessels in my work to enhance the value, understanding & love of the piece I create.

Continuing "Educational Experience"

Saving abused, neglected & sick animals while helping to create an environment of safety, love - also procuring & protecting old buildings, cemeteries, with features strictly from existing natural earth components. Volunteer work for the Haven to the extent of preserving - redoing the land, gardens, buildings.

I am an attorney at the local law firm of Plunkett Cooney and have lead the firm’s Construction Law practice area for many years. I have attached my resume for reference. I feel I am more than qualified to serve on the Board of Building Trades and Appeals given my decades of experience in the construction arena including in the areas of architecture, engineering, mechanical engineering, building, electrical plumbing, heating or refrigeration. My practice is dedicated to representing practitioners in all these disciplines.

VI. UNFINISHED BUSINESS

07-134-20 PUBLIC HEARING - SLUP AMENDMENT - LUTHERAN CHURCH OF THE REDEMER

Mayor Boutros opened the continuation of the public hearing at 7:56 P.M.

Assistant Planning Engineer Cowan presented this item.

Commissioner Nickita asked if the Planning Board considered alternative material for the façade, because EIFS is not usually allowed in downtown districts because of the lack of durability.

Assistant Planning Engineer Cowan replied no, because EIFS, a synthetic stucco, was used on other parts of the building and the architects were satisfied with the application and quality of the material.

Commissioner Hoff asked for clarification of the revised plan and how the square footage was calculated. She also pointed out that the Birmingham Police Department had some concerns/comments that were not included in the packet.

Assistant Planning Engineer Cowan explained that a pedestrian walk was added to the initial plan. He further explained that for purposes of measuring building footprints, the square footage of the first floor is used as opposed to the usable square feet of the building. Assistant Planning Engineer Cowan had not followed up with the Police Department regarding their concerns.

Commissioner Baller noted that the parking area is 60% of the site, providing over 200 parking spaces when only 80 parking spaces are required. He asked why so many parking spaces, and if the Church would be amenable to allowing the City to use spaces when there are scheduled events that need additional parking.

Assistant Planning Engineer Cowan affirmed that the parking spaces provided meet the ordinance requirement.

City Manager Valentine expressed that the City had conversations with all the churches in town regarding excess capacity and this church is not interested in sharing due to wear and tear on their property.

Mayor Boutros expressed that there is a shared agreement for parking between the church and adjoining businesses and affirmed that the lots are utilized and full on Sunday.
Mr. Cieslak, architect, explained that parking is commonly an issue for churches to accommodate services and special events. He also affirmed that the landscaping meets parking lot requirements.

Commissioner Hoff noted that the Planning Board had concerns about the project scope.

Mr. Cieslak clarified that the existing sanctuary would be demolished and replaced with a larger space.

Mayor Boutros closed the public hearing at 8:30 p.m.

Commissioner Hoff asked if there had been any correspondence from the neighbors.

Assistant Planning Engineer Cowan replied that the church reached out with pamphlets and planned to host public meetings, which were cancelled due to COVID19. There was a correspondence from a West Bloomfield neighbor concerned about where the construction equipment would be staged.

Steve Scheidt, 1289 N Glenhurst, owner representative confirmed that the church is in contact with the neighbors.

Mayor Boutros confirmed that there were no objections for the project noted.

**MOTION:** Motion by Commissioner Sherman, seconded by Commissioner Hoff: Resolution approving the Special Land Use Permit Amendment and Final Site Plan and Design Review for 1800 W Maple – Lutheran Church of the Redeemer to expand the sanctuary and narthex and make related improvements as recommended by the Planning Board on April 22, 2020. (Complete resolution in agenda packet)

Commissioner Sherman noted that the church asked for SLUP amendments on a number of occasions and the Commission granted the request. He further commented that being dismissed on a shared agreement with the City for parking is troubling and hopes that the City would be able to rely on cooperation from the church in the future when the City has a need.

Commissioner Nickita noted the pedestrian connection from the community to the church in the site plans and was happy to see support for the City’s desire to become a walkable city.

Steve Scheidt, owner representative, commented that as a leader of the church he would connect City Manager Valentine with the Pastor to revisit a shared parking agreement.

Mayor Boutros reiterated the need for the City and Community to work together.

**ROLL CALL VOTE:** Yeas, Commissioner Sherman, Commissioner Hoff, Commissioner Host, Commissioner Nickita, Mayor Pro-Tem Longe, Commissioner Baller, Mayor Boutros. Nays, None
Mayor Boutros opened the continuation of the public hearing at 7:56 P.M.

Mayor Pro-Tem Longe recused herself due to a personal conflict of interest.

Rich Rattner, 380 N Old Woodward, Attorney and owner representative, commented on the time and effort put into this project. He requested a continuance of this hearing to allow time to expand on the current zoning request for approximately 30 days.

Commissioner Baller agreed with Mr. Rattner and commented further on the importance of developing a better project in service to the residents.

Commissioner Hoff asked how does this involve the City Commission; she views this as an issue between the developer and the adjoining residents.

Commissioner Sherman suggested that both parties try to agree to something that is amenable and supports the request for a continuance.

Commissioner Host suggested going forward with a sub-committee of commissioners.

Commissioner Nickita referred to examples where zoning had been in conflict in the past and SLUP’s were requested. He further believes that it is a conflict of interest for the Commissioners to be involved in any type of negotiations with the parties because the Commissioners would be required to vote on the suggested resolution for this project.

Commissioner Baller argued that to meet the needs of City, the Commissioners and a mediator should be involved.

**MOTION:** Motion by Commissioner Baller, seconded by Commissioner Host:
To continue this hearing until September 14, 2020 to allow time to appoint a sub-committee of three commissioners to meet with representatives of Birmingham Place and developers to work out an agreement to bind the parties and determine the terms of a SLUP and a rough site plan.

Commissioner Hoff, a mediator, expressed that the two parties must try to come to an agreement before involving a mediator. She would like to hear from representatives of Birmingham Place.

Mayor Boutros requested clarification from the City Attorney on the appropriate process and agreed with Commissioner Hoff in terms of hearing from Birmingham Place representatives.

Patrick Howe, Birmingham Place representative, expressed that meetings had been requested to no avail. He further referred to previous correspondences supporting existing zoning. Birmingham Place representatives are available for additional discussions.

Commissioner Hoff reminded everyone that the suggested resolution is still on the table and there should be a vote on that issue before additional discussion is entertained.

Commissioner Sherman is in support of granting the continuance only.
Commissioner Nickita commented that involving the City at this point is inappropriate.

**Public Comment**
- David Bloom explained the purpose of the zoning request, and suggested that the developer give something back to the City and residents in consideration for the revenue that he would be allowed to generate from this project. He also expressed that provisions should be included in the rezoning, if granted, to retain control over what is built by the next owner in that space.
- Mr. Schwartz, 411 S Old Woodward, reiterated that the Residents of Birmingham Place have spoken, and are ready to move forward with the D4 plan.
- Duraid Marcus, developer, recognized the current zoning and that the opportunity for a D5 building existed. He believes that a D5 would be better for Birmingham Place and affirmed that he is willing to negotiate in good faith.

Commissioner Host suggested that the motion on the table is to make sure that the City and Community have input in the final project.

Mayor Boutros does not support the current motion.

**ROLL CALL VOTE:**

**MOTION:** Motion by Commissioner Sherman, seconded by Commissioner Host
To postpone the hearing for rezoning of 469 - 479 S. Old Woodward from B3/D4 to B3/D5 as recommended by the Planning Board on May 27, 2020 to September 14, 2020.

Commissioner Sherman asked that the two parties sit down and evaluate what they desire.

Commissioner Hoff does not support the motion of postponement because she believes there is enough information to vote on the suggested resolution presented by the Planning Board.

Commissioner Baller does not support the motion because Birmingham Place is not interested in negotiations; he would like to vote on the suggested resolution.

Commissioner Nickita suggested that based on community interest, he supports the motion to postpone.

Commissioner Host also would like to give the two parties the benefit of coming together.

**Public Comment**
- Patrick Howe expressed that Birmingham Place does not feel a postponement is necessary given the time that has been put into this project to date.
- Mr. Coulter is in favor of postponing, arguing that this is not a decision to be made by Birmingham Place. The suggested resolution is for the City Commission to decide.
• Dan Teahan observed that there has not been any dialogue in several months between the two parties and does not agree with postponing the vote.
• Chris Longe and Duraid Marcus expressed that the developer reached out and there had been no cooperation from Birmingham Place. They went on to suggest that the City recommend a D5 to the residents because a D4 would not be in the best interest of everyone.
• Mr. Schwartz confirmed reviewing D5 plans and concluded that the D4 plan was the best plan.

Commissioner Hoff argued that an agreement was reached between the two parties. The applicant got approval for a four-story building that was accepted by Birmingham Place.

Commissioner Nickita expressed in light of the above comments, there is no interest in postponing the vote by either party and would like to vote on the suggested resolution.

**Motion withdrawn by Commissioner Sherman, second withdrawn by Commissioner Host.**

Planning Director Ecker presented the background and history of the original suggested resolution.

Commissioner Nickita clarified that the vote to approve D5 was a split vote accompanied by a lot of dialogue by the Planning Board. Concerning the input and recent petitions, he asked for an explanation of the criteria used for the Planning Board vote.

City Manager Valentine acknowledged receiving valid petitions from residents at Birmingham Place. With the petitions in place, approval would require six votes by the Commission as outlined in the zoning ordinance.

Commissioner Hoff noted that there was not a clear vote in March of 2019 on this issue.

Planning Director Ecker confirmed that there was a lot of discussion resulting in a motion to deny that did not pass, a motion to approve that did not pass, and a motion to send back to the Planning Board that did not pass. There was no formal action taken.

Commissioner Sherman addressed the heights of the neighboring buildings.

Mayor Boutros asked for the distinction between the number of stories allowed with D4 zoning and D5 zoning.

Planning Director Ecker explained that D4 would allow five stories with a maximum height of 80 feet and D5 allows for extensions to the height of Birmingham Place, 114 feet, with no restriction to the number of floors.

Commissioner Nickita noted that the proposed plan is 18 feet above the maximum zoning for D4.

Commissioner Hoff pointed out that there is only one option for the suggested resolution, and asked would a motion be required to deny the suggested resolution?
City Manager Valentine suggested that a motion be made to deny, if that is the desire of the Commission, to avoid the record reflecting that no action was taken.

**Public Comment**
- Mr. Chris Longe and Duraid Marcus requested a denial of the suggested resolution.
- Mr. Rattner referred to a prior Power Point presentation demonstrating the opportunity to improve the existing site by rezoning to D5. He believes that negotiations are still possible and would like for the Commission to approve the D5 zoning.
- Patrick Howe, responded that a new building is good and the question is whether it would be 5 or 9 stories. He pointed out that the proposed zoning request is in conflict with the Downtown Birmingham plan and would like for the City to enforce the ordinances currently on the book.
- Mr. Rattner clarified that the proposed plan does not specify 9 stories and would like to negotiate.

Commissioner Sherman pointed out that the discussion is based on a matter of 18 feet in height. The number of stories is irrelevant and asked why would they not be able to compromise on the height difference and asked for a site plan for D5 zoning model. Additionally, he asked if discussions were held with the tenants whose views would be affected.

Chris Longe affirmed that it is about height and added that the proposed model is a better building.

Planning Director Ecker noted that the D5 model was not included in the Agenda packet but was located in the previous Power Point presentation.

Commissioner Sherman led a discussion between the developer, architect, and the Birmingham Place Home Owners Association (Jim Arpen) to try to mitigate this issue.

Mr. Teahan, asked is there a mechanism to allow for D5 zoning with a conditional SLUP. Commissioner Sherman clarified that the request would need to come from the applicant.

Mayor Boutros closed the public hearing at 11:00 p.m.

**MOTION:** Motion by Commissioner Hoff, seconded by Commissioner Host:
To deny the rezoning of 469 – 479 S. Old Woodward from B3/D4 to B3/D5 as recommended by the Planning Board on May 27, 2020.

Commissioner Hoff made the motion based on the following:
1. Rezoning is not necessary for the preservation and usage of the property.
2. The existing zoning is appropriate as identified in the 2016 Plan and Downtown Overlay.
3. The initial intent of D5 zoning was to allow for renovation of three existing buildings and not to create new buildings.

Commissioner Host commended Commissioner Hoff for the basis of her decision and is in support of Birmingham remaining zoned at D4.

Commissioner Sherman expressed disappointment with the applicant and the residents of Birmingham Place and their unwillingness to reach a solution; therefore, he will support the motion.

07-137-20 PARKS AND RECREATION BOND PROPOSAL
City Manager Valentine presented this item.

Commissioner Nickita recalled that there have been discussions about this in the past, most recently at the Long Range Planning meeting and the bond amount was estimated at $5,000,000.

City Manager Valentine confirmed that $5M was discussed. He added that the number did not include all of the work on the priority list, the ice arena, and other public facilities.

Mayor Pro-Tem Longe referred to the supplemental material provided by the administration and noted that the Parks and Recreation Board approved a bond amount of $12M in March that includes all of the projects outlined in this proposal and derived from the Master Plan. She added that many residents have reached out to her and expressed their support for the bond.

Commissioner Host expressed that this bond is overdue, and supports the suggested resolution.

Commissioner Hoff agrees with the projects presented, however she noted that the topic of bonding just arose in the last two weeks and does not believe that there is enough time to
present a bond issuance for the voters to consider. She suggested that the timing may not be right due to the tax increase that will impact residents in this COVID19 environment. She suggested postponing until next year.

Commissioner Baller expressed his support for the bond, and suggested that the community is on board with the proposal.

Commissioner Sherman concurs with Commissioner Hoff and expressed that residents have communicated to him that while they would like to see improved parks, due to the current economy they are not looking forward to increased taxes.

Commissioner Nickita acknowledged new information, with the ice arena receiving over half of the bond. His main concern is with the City budget, and asked will the tax rate continue to decrease over the next year. While he recognizes the importance of the work, and have received input from residents on the financial impact, he would like to be fiscally responsible and postpone bonding to a more secure economic time.

Mayor Pro-Tem Longe would like City Manager Valentine to confirm that there would not be a tax increase because of this bond proposal. She further expressed that this is about the quality of life for Birmingham residents and passing the bond does not mean that the bonds have to be issued. She wants the residents to voice their decision at the ballot box.

Mayor Boutros expressed that he would like to hear from the bond consultant on the following:

- Would there be a tax increase, if so, when?
- If postponed, would voter turnout be poor in a special election.

Mr. McGow, Bond Consultant, responded as follows:

- This proposal would authorize issuance of bonds.
- The City would be entitled to levy millage to pay for debt services.
- The millage would be levied each year to meet debt for that year.
- A new tax would be levied, but debt retirement is expected to offset the new millage and debt service rates would be less than the current amount levied.
- First principal payment is due in 2024.
- The timing of the election is a policy question and up to the municipality; some municipalities prefer to have local elections with only local issues on the ballot. In an election with other issues, local items are placed on the bottom of the ballot.

Mayor Boutros suggested moving the item forward and let the residents decide.

**MOTION:** Motion by Mayor Pro-Tem Longe, seconded by Commissioner Baller:
To submit a Parks and Recreation Bond Proposal in the amount of $11,250,000 at the general election to be held on Tuesday, November 3, 2020

AND

To engage VanDyke*Horn to perform communication services as outlined in their July 1, 2020 communication bond proposal in the amount of $30,000 charged to Other Contractual Services Account #101-170.000-811.00.

Commissioner Hoff argued that the timing is wrong, the information provided is unfamiliar, rushed, and advised that it is not wise to push a bond through without the total support of the City Commission.
Public Comment
David Bloom supports spending for the benefit of residents. He also noted the importance of enhancing the parks during the COVID19 environment and supports getting the proposal on the ballot in November.

Mayor Pro-Tem Longe attempted to present a text from the Parks and Recreation Board Chair, Heather Carmona.

Commissioner Sherman called a point of order because it is against policy to accept public comment via text or third parties.

Mayor Boutros reiterated that the bond is being rushed because it has been discussed for a long time and if it does not appear on the November ballot, an opportunity will be missed.

Commissioner Hoff continued to argue that timing is not the only issue; the priorities seem to have been set without Commission input, specifically her own. She had not been contacted on any of the priorities. Approving a bond without clear specifications is irresponsible and poorly planned.

Commissioner Nickita expressed that passing the bond and figuring it out later is not how this Commission operates. He acknowledged that he would not be able to promote the bond proposal without clarity on the priorities and a plan for issuance.

Commissioner Host commented that this is about the citizens and he is happy to support the item.

Commissioner Sherman pointed out that the ice arena is used by approximately 40% of residents and begs to differ that this bond is for the benefit of Birmingham residents. He further pointed out that he and other Commissioners are not opposed to the bond, just opposed to pushing it through without performing the proper due diligence.

SUBJECT: Election Laptop Replacement

Introduction:
The election laptops being used by the City were purchased in 2007 and have reached the end of their usefulness. The general suggested replacement for laptop equipment is three to five years.

Background:
In 2007 the city purchased 10 laptops for the new electronic poll book software. One for each precinct and one spare. Those machines have been upgraded with new operating systems and new versions of the software as it has become available. They can no longer be updated, and the hardware is beginning to fail. It has become time to replace them with new machines. The IT department has reviewed the requirements for the latest version of the software and the latest operating system and the laptop standard currently in use at the City meets those requirements. The IT department has reviewed prices from SHI and CDWg and would like to purchase the 10 replacement laptops from CDWg using their MiDeal government pricing of $924.88 each.

Legal Review:
This is a standard purchase from a vendor that we use regularly on a government negotiated contract.

Fiscal impact:
The IT department has Budgeted for this purchase of 10 laptops for the clerks department for Elections. The funding is in the Equipment under $5,000 fund account.

Summary:
The IT department would like to purchase 10 laptops from CDWg using MiDeal government pricing of $924.88 each total cost of $9,248.80 using funds from the Equipment under $5,000 fund account.

SUGGESTED RESOLUTION:
Authorize the IT department to purchase 10 laptops from CDW Government, 75 Remittance Drive, Suite 1515 Chicago, IL 60675-1515 using MiDeal government pricing of $924.88 each total cost of $9,248.80 using funds from the Equipment under $5,000 fund account # 636-228.000-799.0000

MEMORANDUM

IT Department

DATE: 08/10/2020

TO: Joseph A. Valentine, City Manager

FROM: Eric Brunk, IT Manager

SUBJECT: GIS Inc. Support Block purchase

Introduction:
In the past the City of Birmingham has contracted with Geographic Information Services, Inc. (GIS Inc.) for support of our GIS software and systems. Last year the IT department purchased a block of support hours to be used across all departments that needed GIS support. The larger the support block purchased the less cost per hour of support. Support blocks expire one year after purchased or when the hours purchased have been used.

Background:
In the 2017-2018 budget year we opened support requests to all departments in the City and increased the support block hours purchased from GIS Inc. from 30 to 95 hours of support at a lowered base cost of $158.23 per hour. The IT department felt that amount was enough to cover the general support requests and projects from departments needing GIS support. The last support block was purchased in September of last year and we used the last of the purchased hours at the end of June this year.

Legal Review:
The renewal contract has been reviewed by the City attorney and found acceptable.

Fiscal impact:
The IT department feels that repeating the previous support block purchase will adequately cover the amount of support needed for the City for the next year. There has been funding for this support block set aside in the Computer Maintenance fund account.

Summary:
The IT department would like to purchase 95 hours of support from GIS Inc. to run from August 2020 to July 2021 with a base cost of $158.23 per hour for a total of $15031.85

SUGGESTED RESOLUTION:
Authorize the IT department to purchase 95 block hours of GIS support from Geographic Information Services, Inc. 2100 Riverchase Center, Suite 105, Birmingham, AL 35244, the total purchase not to exceed $15031.85. Funds are available in the IT Computer Maintenance fund account # 636-228.000-933.0600

I. GIS Support Block

GIS Support Blocks provide a vehicle for accessing GIS support on-demand. Once a GIS Support Block is put in place, GISinc will provide professional services to assist City of Birmingham, MI with GIS support. All services provided as part of the GIS Support Blocks will be conducted by the most effective and cost-efficient method, including: virtually through remote network access, telephone conference calls, Internet (WebEx) demonstrations, or on-site consultants.

How do GIS Support Blocks work?

Once the GIS Support Block vehicle is in place, GISinc will provide City of Birmingham, MI with a single point-of-contact. GISinc will identify the support tasks and establish a communication plan for coordinating the activities of the task as well as status reporting. If a support task becomes large, GISinc may require using a management team. This function includes people, processes, and technology that are designed to make sure that City of Birmingham, MI receives outstanding value. Milestones and completion dates will be established for the Planning and Analysis, Client review, Design, Client review, Development, Testing, and Installation/Implementation phases of a large task or project. There are many tasks and risks that have the potential to derail a project. To manage this effort, larger tasks or projects that we execute are assigned a Project Coordinator or Technical Architect from GISinc.
II. Pricing & Acceptance

Prepaid blocks of hours can be purchased at the prices listed in Table 1 and volume discounts are included at each block level. Support block hours expire after 12 months from the date of signature. GISinc will invoice City of Birmingham, MI upon receiving the signed form.

INTRODUCTION:
The City Commission reviews outside agency service agreements on an annual basis as part of the budget preparation and expenditure approval process. The police department has supported Birmingham Bloomfield Community Coalition (BBCC), Birmingham Youth Assistance (BYA), Common Ground and HAVEN for a number of years. Department approved budget request amounts are consistent from year to year. After review of Attachments A and B submitted by the outside agencies the City Commission considers renewal of funding.

The City Commission previously approved a master service agreement to be used by various outside agencies that request funding from the City. The following organizations have completed the required service agreements, Attachment A and Attachment B to provide a description of the services to be provided and the direct benefit of the services to the City and its residents.

The department request funding totals for BBCC, BYA, Common Ground and HAVEN reflect the same amount of funding received by these agencies for the past fiscal year (2019-2020). It should be noted that although the department funding request totals remained the same as the previous fiscal year, the amount requested (not department approved) from HAVEN reflected a $3,000 increase from the previous year. Although HAVEN did submit Attachments A and B in addition to a certificate of insurance, the agency did not respond to multiple email and voicemail requests regarding execution of the contract which remains unsigned by the HAVEN President & CEO.

The police department recommends approving the (3) attached service contracts for the 2020-21 outside agency agreements for Birmingham Bloomfield Community Coalition, Birmingham Youth Assistance and Common Ground.

Sufficient funds have been budgeted in the police department other contracted services account #101-301-000-811.0000 to provide for these contracts.
BACKGROUND:
The police department has provided financial support to these (4) agencies since the 2011-12 fiscal year. When the budget preparation season begins, each agency is sent a letter that details the requirements that need to be met in order for the department to include funding in the upcoming fiscal year budget. Those requirements include completion of Attachments A and B in addition to submitting an updated insurance certificate with the City named as additional insured.

Attachment A is a document that summarizes the organization’s name, amount of funding requested for current and prior fiscal years and also details the agency’s mission, purpose and services provided to Birmingham residents. Attachment B is a detailed explanation of the organization’s financial data and also details programs or services provided, number of participants (total attendees and residents) and also includes a quarterly breakdown of funds used for the provided service.

LEGAL REVIEW:
The City Attorney has reviewed and approved the (3) attached service agreements.

FISCAL IMPACT:
Sufficient funding in the amount of $22,500 has been approved in the 2020-21 police department general fund other contracted services account # 101-301-000-811.00.000 to support these (3) budgeted outside agency service agreements. An additional $2,000 in funding is available should future outside agency contract support of HAVEN be approved.

SUMMARY:
The department recommends that all three agencies receive the same amount of funding from previous fiscal years. BBCC, BYA and Common Ground all submitted funding requests in the same amount as last year. HAVEN requested a funding increase of $3,000 as compared to last fiscal year and the increase was not recommended by the department.

The (3) attached outside agency service contracts are in compliance with the requirements of Attachment A, Attachment B and insurance regulations have been met and funding approval for the 2020-21 fiscal year may be granted by the City Commission. Also, the City Commission may direct the Mayor and City Clerk to sign the agreements on behalf of the city.

ATTACHMENTS:
1. Birmingham Bloomfield Community Coalition - Service Agreement
2. Birmingham Bloomfield Community Coalition - Attachment A
3. Birmingham Bloomfield Community Coalition - Attachment B
4. Birmingham Youth Assistance - Service Agreement
5. Birmingham Youth Assistance - Attachment A
6. Birmingham Youth Assistance - Attachment B
7. Common Ground - Service Agreement
8. Common Ground - Attachment A
9. Common Ground - Attachment B

SUGGESTED RESOLUTION:
To approve the outside agency service agreements for services described in Attachment A of the agreement for fiscal year 2020-21 with Birmingham Bloomfield Community Coalition in the
amount of $3,000, Birmingham Youth Assistance in the amount of $18,000 and Common Ground in the amount of $1,500 from account number 101-301.000-811.0000, further to direct the Mayor and City Clerk to sign the agreements on behalf of the City.

I. Name of Organization: Birmingham Bloomfield Community Coalition

II. Amount of Funding Requested: $3,000

III. Amount of funding received from City in current fiscal year: $3,000

IV. Organization’s Purpose or Mission:

The Birmingham Bloomfield Community Coalition (BBCC), a 501(c)(3), was founded in 1994, and incorporated in September 1995 by a group of Seaholm High School parents who recognized the need for a community wide approach to prevent the abuse of alcohol, tobacco and other drugs. Bloomfield Hills officially joined the Birmingham Coalition in September 2005 and was renamed the Birmingham Bloomfield Community Coalition.

The Coalition works with 13 sectors in the Birmingham Bloomfield community including: Youth, parents, business, media, schools, youth-serving organizations, law enforcement, religious/fraternal organizations, civic/volunteer groups, healthcare professionals, state/local government, other substance abuse organizations, and the recovery community. The Coalition also collaborates with other area substance abuse prevention coalitions, including the Alliance of Coalitions for Healthy Communities (ACHC) and national organizations such as Community Anti-Drug Coalitions of America (CADCA).

BBCC’s service area includes those who live, work, play, worship, and attend public and private schools within the boundaries of the Birmingham and Bloomfield School Districts. This includes the primary municipalities of Birmingham, Bloomfield Hills, Bloomfield Township, and Villages of Beverly Hills Bingham Farms, Franklin. Portions of Orchard Lake, Southfield, Troy and West Bloomfield are covered via the public schools’ boundaries.

The mission of BBCC is to raise awareness and mobilize the entire community to prevent the abuse of alcohol and other drugs, with a primary focus on our youth. By focusing on prevention, health and wellness, BBCC and its Youth Action Board (YAB) take a research-driven, evidenced-based approach by providing education, tools, activities, and support to help youth rise above life’s challenges and encourage adults to thoughtfully support them.

BBCC strives to “Save Kids Lives” through an expanded focus on the overall health and wellness of young people as well as:

- Envision the brightest drug-free future for our youth
- Celebrate kids who are doing the right thing
- Bring the right people and resources together
- Work collaboratively with 12 community sectors, local, state and national coalitions
Name of Organization:  Birmingham Bloomfield Community Coalition (BBCC)

- Weave sustainable prevention efforts into the fabric of our community
- Have a plan approved by our peers and the Executive Office of the President (of the United States), Office of National Drug Control Policy
- Achieve outcomes for reducing alcohol, marijuana, vaping, and prescription drug use/abuse by teens in our community

V Description of Services to be provided (Scope of Work):

Please Note: All services have been updated to be within the safety guidelines prescribed for COVID-19. If a service is unable to be delivered in person, BBCC will make every attempt to provide the service virtually.

Youth Action Board (YAB) is an inclusive group of teen volunteers from 11 public and private high schools in the Birmingham and Bloomfield Hills community. YAB’s goal is to provide youth with a positive voice and presence to peers and the broader community on issues important to teens with a focus on substance abuse prevention, mental health and wellness. The YAB meets on a regular basis, year-round, to discuss substance abuse trends and other important issues teens face today. Based on this information, they plan and organize safe, fun, community-based events and leadership opportunities for teens.

Bi-annual Teen Substance Use Survey administered since 2005 on a bi-annual basis to 8th – 12th grade students in Birmingham and Bloomfield Hills’ 5 public high schools and 7 middle schools capturing data from over 5,000 students on alcohol, marijuana and prescription drugs as well as trends, access, influence, and other key points. BBCC uses this information to plan/modify prevention strategies according to what is happening in our community.

Other surveys are used throughout the year as needed. For example, in BBCC works with the Alliance of Coalitions for Healthy Communities (ACHC) and the other 19 prevention coalitions in Oakland County to implement parent and youth surveys.

Covey 7 Habits of Highly Effective Teens training offered to 9th and 10th grade high school students provides a step-by-step framework for boosting self-image, building friendships resisting peer pressure, achieving goals, & much more.

Alcohol, Marijuana (vaping), Prescription Drug, and Mental Health/Wellness Campaigns developed by teens for teens provides a visual reminder of making healthy choices for your best future self.

Serve as community resource for timely, accurate information about substances abuse prevention, mental health and wellness. For example, since 2015 youth in our community have been experiencing a dramatic increase in abuse of ENDS
(electronic nicotine delivery system) products. BBCC has focused its efforts on getting the word out to schools, parents and youth about the dangers of vaping and misinformation being disseminated about it. Some of the other areas that BBCC is focusing on are opioids, buzzed driving, adult binge drinking, youth underage drinking, and stress/anxiety amongst our youth.

**Community dialogues including, CHOICES: Youth Dialogue Day.** Students, parents, and educators from the public and private high schools, witness “eye-opening,” live court cases, heard directly from Judge D’Agostini of the 48th District Court and selected speaker(s) whose story demonstrates the very real-life consequences that come with impulsive decisions teens make to use drugs and alcohol. Hands-on activities follow to further enhance the learning experience.

**Keep them Safe, Keep them Healthy** provides education and awareness to both parents and their teens to open up the lines of communication between them. By taking a unique perspective in presenting the various reasons why our young people are abusing substances and what can be done to prevent it, parents gain the ability to look at their children with more compassion as well as have doable steps to take to safeguard your child and home. For student assemblies geared for 8th – 12th graders, young adults in recovery relate their personal experience and tragedies as a result of substance abuse or share their expertise.

**Parent directed campaigns such as Parents Who Host, Lose the Most** provides parents and other adults valuable information to help make teen parties safe and ensure parents/adults know the local laws.

**Substance-free community opportunities and activities for teens, families and people of all ages include our Teen Talent Showcase** held in the summer. **Friday, June 12, 2020** is our next YAB Teen Summer Concert that provides youth, families and community members with a safe, fun, substance-free outlet to enjoy and celebrate our talented teens as the opening act of the Shain Park Summer Music Series. Youth Action Board (YAB) teens take the lead in planning and implementing this event that shares key prevention, health and wellness information and recognizes our graduating YAB teens. BBCC also supports many other community programs and events.

**Middle School Transitions Program for eighth graders focuses on the “Truths and Consequences of Substance Use”** through an interactive presentation. Data used is from BBCC’s Teen Drug and Alcohol Use Survey, along with important and compelling facts. When available, high school students participate by answering the 8th graders’ questions about the high school experience and the transition itself. On average each school year, over 400 eighth graders from the middle schools participate
in this educational program.

**Strengthening Families Program for Parents and Youth 10-14.** Youth need skills to help them resist the peer pressure that leads to risky behaviors. Research shows that protective parenting improves family relationships and decreases the level of family conflict, contributing to lower levels of substance use. In just seven sessions parents and children learn how to build stronger communication and respect for each other.

**Tobacco and Alcohol Retailer Education visits** take place annually as BBCC works with the County and State to ensure our retail establishments are informed by distributing and reviewing tobacco and alcohol retailer education kits and surveying the establishments.

**VI Explain the value of the services to the City of Birmingham:**

*Please note, that the dollar values listed include in-kind donations.*

- Youth Action Board (YAB) is the only inclusive group for the 11 public and private high school students in the Birmingham Bloomfield communities where teens come together, on a regular basis throughout the year, to discuss substance abuse trends and other important issues teens face today. YAB gives teens a voice and a presence and the ability to plan and organize safe, fun community-based events and learning/leadership opportunities. BBCC has had teens say that the YAB was the only place they can go to be themselves and be around like-minded individuals – individuals who do not want to abuse substances, who want to find healthier ways to manage their life, and be a role model for others. The YAB costs approximately $1,000/year per student to run.

- *Bi-annual Teen Substance Use Survey is truly priceless. Nowhere else does Birmingham receive community-specific information about their youth’s substance use, perceptions, mental, and other key findings that have been tracked in a self-designed survey since 2005. This information is used to adjust, design and implement prevention programming. Value of survey to develop, administer and analyze is $20,000. *Next survey takes place in December 2021 with results analyzed in 2022.*

- Other surveys – Key information is gathered about parents and used to adjust, design and implement prevention programming.

- *Covey 7 Habits of Highly Effective Teens training builds young people up from the inside out by utilizing proven methods to boost self-image, build friendships, resist peer pressure, achieve goals and much more. To have young people in the community who are making positive decisions for their future selves and to be a role model for others is priceless and reduces crime, family heartache, and more. Value is $2,500 per session for up to 30 students.*

- Alcohol, Marijuana (vaping), Prescription Drug, and Mental Health/Wellness Campaigns keep messaging on key issues "top of mind" for youth especially since
these campaigns are created by teens for teens. The more youth we have making positive decisions for themselves, the less juvenile delinquency the community will experience. Value is $6,490.

- Serve as community resource for timely, accurate information about substances abuse prevention, mental health and wellness. BBCC is able to eliminate some of the phone calls by or visits to citizens by the police department. By raising awareness, educating and supporting families and schools in the community, we prevent a number of situations before they get worse.

- Community dialogues including, CHOICES: Youth Dialogue Day provides students with the ability to see real-life consequences unfold and how one decision can change the trajectory of someone’s life. This is an extremely impactful event and one where students have commented that they were on the fence about whether or not to use drugs and that this program helped them decide that drugs are not the answer. Value is $10,000*.

- Keep them Safe, Keep them Healthy Program has been extremely impactful for students because they are able to hear directly from a young person in recovery, in a relatable way, how insecurities or issues at home, lead them to make a decision that changed the trajectory of their lives. Students are able to understand how this could happen to them and understand ways to make different decisions and reach out for help. This is also one of the only programs that has a separate parent component that encourages parents and children to talk about what is commonly a difficult topic to bring up. Once again, this program reduces youth substance use or self-harm and reduces juvenile delinquency in the community. Value is $3,950* per session.

- Parent directed campaigns such as Parents Who Host, Lose the Most reduces parent hosted parties where alcohol is provided to underage youth thus lowering the number of police visits needing to be made. Value is $10,384*.

- Substance-free community opportunities and activities for teens, families and people of all ages include our Teen Summer Concert as a way to celebrate youth making great choices and providing a venue that youth and their families can go to that is substance free. This shows young people that you can have fun without getting drunk or high which can lead to reduced instances where police intervention is needed. Value is $6,000* for each event.

- Middle School Transitions Program for eighth graders focuses on the “Truths and Consequences of Substance Use” educates 8th graders at a critical juncture in their life about substances and the reality of substance use in high school, the impact of substances on brain development and more. Helping young people to make more informed decisions for themselves, leads to reduce substance use and juvenile delinquency. Value is $6,000.

- Tobacco and Alcohol Retailer Education visits educate local retailers of the appropriate ages of people to sell tobacco and alcohol to. This reduces youth access, which, in turn, reduces youth use. More compliant retailers lead to less police visits, too.

I. Birmingham Youth Assistance 2020/2021 Funding Request: $18,000.00

II. Amount of Funding Previously Received From City: F/Y 2018/2019 - $18,0000
   F/Y 2019/2020 - $18,000

III. Organization’s Purpose or Mission with Emphasis on how Organization Serves the City:

   Birmingham Youth Assistance’s mission is the prevention and reduction of juvenile
   delinquency, child abuse, and child neglect, by providing community based casework
   and counseling services as well as providing positive alternatives for children and
   families that live within the boundaries of the Birmingham Public School District. BYA is
   a partnership of: the Oakland County Circuit Court – Family Division; the City of
   Birmingham and the Villages of Beverly Hills, Bingham Farms and Franklin; the
   Birmingham Public Schools; and community volunteers.

   Birmingham Youth Assistance implements its mission through a two-part program. The
   first component provides family-focused confidential casework services to youth and
   families residing within the boundaries of the Birmingham Public School District. The
   second component is various volunteer-based programs. (Examples listed in Section V,
   below.)

IV. Date(s) of Service(s): July 1, 2020 to June 30, 2021

V. Description of Services Provided (Scope of Work):
   A. Casework/Counseling

   Short-term counseling and casework services, offered year-round, available during and
   after school hours, for youth and their families referred by police, school counselors,
   administrators, or parents. *Birmingham Youth Assistance Casework/Counseling
   services are being provided remotely due to the physical building/office closure
   related to Covid 19 and compliance with CDC requirements, March – June 2020 and
   ongoing at this time. Through technology, families are receiving contacts,
   appointments, resources, and continued services that includes additional support from
   stressors families have experienced through the pandemic.

   - These services include both preventing juvenile offenses and
     diverting at-risk youth from the court system, saving the
     community the costs of prosecution and incarceration.

   Birmingham Youth Assistance’s caseworker referrals continued at a steady rate from
   both the schools and the Birmingham Police Department. Casework services have
expanded to incorporate more group work and training to help accommodate the increased number of complex referrals.

- Additionally, the caseworker has responsibility for local children re-entering the community and school upon completion of formal court placement. BYA had one new Re-Entry case in June 2020.

**Birmingham Youth Assistance continues to retain its full-time County-paid caseworker** (not the situation for all Youth Assistance communities) to meet these needs of local youth and families, thanks to strong support from our municipalities, schools, and BYA volunteers.

B. **Prevention Programs and Positive Alternatives, including:**

- **Camp** – Camp scholarships for children from families in financial and/or emotional need. *BYA Camp and Skill Building Scholarships continue to be offered to families with many summer programs making revisions to their services that comply with CDC recommendations related to Covid 19.*

- **Youth Enrichment Program** – Designed to assist caseload families and provide skill building opportunities to their children. This includes but is not limited to: after school tutoring, special camps or clubs, and after school activities. These funds are also used to help offset the costs of boot camp and/or treatment based modalities.

- **Family Education** – Teaching parenting skills through classes and workshops. This also provides for group classes offered to youth and parents.

- **Mentors PLUS** – This is a county based one-to-one program that matches youth who need an extra-supportive relationship with a positive adult role model. The youth are identified by the BYA Caseworker from caseload families. *During this pandemic period, BYA mentors continue contact with their matches remotely.*

- **Youth – In – Service Recognition** – A role-model recognition program to honor youth in the community for performing outstanding volunteer service.

C. **Public Relations and Events for Children and Families** - These events raise funds to reduce program costs, but the main function is to raise awareness of Birmingham Youth Assistance in the community and what BYA offers local youth and families.

- **Breakfast with Santa** – An annual seasonal community event for young children and their families. Caseload families can receive a scholarship to attend. Non-caseload
youth and their families pay to attend, which is often is their first exposure to Birmingham Youth Assistance, in a positive setting.

**Kids’ Dog Show** – This annual show is a community event that features a “Best in Show” trophy, ribbons, prizes for pre-school, elementary and middle school age children, which promotes family involvement, and youth self confidence.

**Touch-a-Truck** – An annual family-oriented event for pre-school and elementary-school age children, featuring a variety of commercial and local municipality vehicles, in an interactive, educational setting.

**Birmingham Farmer’s Market and Day on the Town** – BYA volunteers donate time to help run the Kid’s Zone which entails providing a craft for young children while sharing the BYA mission with parents and patrons of these community wide events.

D. **Fundraising:**

**BYA RedRaiser** – Our RedRaisers are our signature fundraising events developed to help raise funds and awareness for BYA programming by partnering with a Birmingham restaurant/business.

- Due to Covid 19 pandemic CDC compliant shut downs and stay at home orders, BYA 2020 community programs that were canceled included: Youth In Service Recognition, Touch A Truck, RedRaiser scheduled at a Birmingham restaurant, and the Farmer’s Market Kid Zone.

VI. Describe Direct Benefit of Services to Birmingham Residents:

Through its intervention and prevention programs, Birmingham Youth Assistance helps prevent and reduce juvenile delinquency, child abuse and child neglect in this community.

The services of Birmingham Youth Assistance continues to relieve the City of Birmingham from providing these vital services directly using City personnel and facilities, and saves the much greater costs of sending these youth through the court and corrections facilities. An average stay at Children’s Village is $30,420 vs. $300 for BYA services.

Birmingham Youth Assistance is a unique and irreplaceable asset in the community. We are proud to celebrate more than 50 years of serving the Birmingham Community.
VII. Provide a list of the other funding sources: O.C. Circuit Court, Birmingham Public Schools, Village of Beverly Hills, Village of Franklin, Bingham Farms, Village Club Grant, The Lyon Foundation, BYA RedRaiser

Please Note: Organizations receiving funding are required to provide invoices to the City for services coinciding with the timing of the delivery of those services.

INTRODUCTION:

This project is a continuation of the City’s annual sidewalk repair program. This year’s sidewalk replacement program focuses on Area 3 (south of Maple Road and west of Adam Road / Woodward Avenue).

BACKGROUND:

On July 31, 2020, the Engineering Department opened bids on the above referenced project. A summary of the bid results is attached.

Four (4) companies submitted bids for this project. The low bidder was Luigi Ferdinandi & Sons Cement Company, Inc., of Roseville, with their bid of $573,970.00. The Engineer’s estimate was $605,000. Luigi Ferdinandi & Sons Cement Company specializes in sidewalk and concrete repair programs and has completed numerous sidewalk repair and concrete pavement repair projects of similar nature for several communities throughout Southeast Michigan and has completed similar work in the City of Birmingham. The Engineering Department is confident in their abilities and that they are qualified to perform the work in within this contract.

This contract also includes a large number of scattered concrete repairs throughout the city, some of which include:

1. Sidewalk, curb, and/or pavement repairs where sewer and/or water services have been installed (to new buildings) or upgraded;

2. Repairs where excavation to repair water main breaks have damaged driveways, sidewalk, curb, and/or pavement;

3. A small amount of concrete slab replacement on both major and local streets where the existing slabs are fractured;

4. Curb replacement that are damaged or are deteriorating.
A map showing the locations of the scattered concrete repairs is attached for your information.

Other work of interest added to the job for this year includes:

1. Handicap ramps on streets within the Downtown Area, primarily between Chester, Brown, Martin and Pierce. (see attached map of specific locations);

2. W. Maple Road Bus Shelter (see attached plan).

MEMORANDUM

Building Department

DATE: August 4, 2020
TO: Joseph A. Valentine, City Manager
FROM: Bruce R. Johnson, Building Official
SUBJECT: Cancel Public Hearing for 1365 Chapin

INTRODUCTION:
The City Commission at its July 13, 2020 regular meeting scheduled a public hearing to cause the owner of the subject property to demolish the structures within a reasonable timeframe. The Commission scheduled the hearing for August 10, 2020. The hearing is no longer necessary as the owners and their insurance company have demolished the structures and restored the property to a safe condition.

BACKGROUND:
A natural gas explosion in the former home at this location occurred on May 25, 2020 causing severe structural damage to the house. The extent of the damage prevented safe access for fire investigators to conduct the fire investigation without dismantling the structure. This left the former home in a pile of rubble. In addition, the remains of the home and the detached garage on the property were contaminated with and excessive amount of cat feces and urine to a point where the odor could be detected several houses away.

The Building Department condemned the structures on June 3, 2020 after the fire investigation was complete. The property owner was notified of the condemnation and ordered to demolish the structures and restore the property by July 1, 2020. In addition, the owner was instructed to secure the property by installing a six-foot chain link temporary fence to prevent entry. The property owner did install the protective fencing, but failed to demolish the structures by the deadline and the dangerous and unsanitary conditions at the property continued to worsen. For these reasons, the public hearing was scheduled for August 10, 2020 in accordance with Chapter 50, Section 50-42 of the City Code.

The property owner and their insurance company hired a demolition contractor who demolished the structures and restored the property shortly after the public hearing was scheduled. The remains of the former house and detached garage have been removed, the lot graded to an approved grade and seeded and mulched. The only item that remains is the construction fencing that will be removed within a few days. The public hearing is no longer required since the dangerous buildings and unsanitary conditions have been removed.

LEGAL REVIEW:
Not required.
FISCAL IMPACT:
Not applicable.

PUBLIC COMMUNICATIONS:
Not applicable since the public hearing is no longer required.

SUMMARY
The Building Department recommends that the City Commission cancel the public hearing since the dangerous buildings have been removed and the property restored.

ATTACHMENTS:
• July 8, 2020 report for reference

SUGGESTED RESOLUTION:
To cancel the public hearing as prescribed in Section 50-42 of the Birmingham City Code for August 10, 2020, for the property located at 1365 Chapin.
INTRODUCTION:
This report is to advise the City Commission of the dangerous and unsafe condition of the structures at the subject property and to schedule a public hearing before the City Commission to cause the owner of this property to demolish the structures within a reasonable timeframe. Chapter 50 Environment, Division 2 Dangerous Structurers, Section 50-42 of the Birmingham City Code authorizes the public hearing. A copy of Section 50-42 is attached for reference.

BACKGROUND:
The following paragraphs will describe the events that caused the dangerous and unsafe conditions, and will outline the circumstances that now make a public hearing regarding this property necessary.

A natural gas explosion in the home occurred on May 25, 2020 causing severe structural damage to the house. The extent of the damage prevented safe access for fire investigators to conduct the fire investigation without dismantling the structure. This left the former home in a pile of rubble. In addition, the remains of the home and the detached garage on the property are contaminated with and excessive amount of cat feces and urine to a point where the odor can be detected several houses away.

The Building Department condemned the structures on June 3, 2020 after the fire investigation was complete. The property owner was notified of the condemnation and ordered to demolish the structures and restore the property by July 1, 2020. In addition, the owner was instructed to secure the property by installing a six-foot chain link temporary fence to prevent entry. The property owner did install the protective fencing, but failed to demolish the structures by the deadline and the dangerous and unsanitary conditions at the property continue to worsen. The department is receiving many complaints from residents concerning the dangerous, unsafe and unsanitary conditions at this property.

The department has been in communication with the owner and their insurance representatives and we have been informed that they are hiring a contractor to complete the demolition of the structures. However, scheduling a public hearing is necessary to abate the dangerous and unsafe conditions in the event that the owner does not cause that to happen.

LEGAL REVIEW:
Not applicable at this time.
FISCAL IMPACT:
Not applicable.

PUBLIC COMMUNICATIONS:
Not applicable at this time. The public hearing will be properly noticed.

SUMMARY
The Building Department recommends that the City Commission schedule a public hearing to order the demolition of the dangerous, unsafe and unsanitary conditions of the remaining portions of the house and detached garage.

ATTACHMENTS:
- Section 50-42 of the City Code
- Notice of Condemnation

SUGGESTED RESOLUTION:
To schedule a public hearing as prescribed in Section 50-42 of the Birmingham City Code for August 10, 2020, for the property located at 1365 Chapin; and to notify the owner and other interested parties of the same.

The notice may also provide a reasonable time within which such work shall be commenced.

(Code 1963, § 9.3)

Sec. 50-43. - Abatement.

If, at the expiration of any time limit in the notice required by section 50-42, the owner has not complied with the requirement thereof, the city manager shall carry out the requirement of the notice.      Request For Administrative Approval of Name Change

Dear Ms. Ecker:

Pernoi is changing its name from “Pernoi” to “Casa Pernoi”. Since this is a Bistro License, we are requesting administrative approval to make this minor change.

There are minor menu changes. The restaurant will continue to operate as an Italian restaurant. There will be no changes to the interior layout.

The application for a sign permit has been submitted to the City. Attached to this letter is a photo of what the sign change will look like. The licensee is simply adding the word “Casa” to the existing sign.

Please call us if you have any questions or require any additional information.

As always, we appreciate your assistance!

INTRODUCTION:
Robert Kidd Gallery, on behalf of artist Laurie Tennent, has applied for a temporary installation of eight art pieces along Booth Park Trail, Quarton Lake Trail, and Linden Park Trail. The artwork features floral photographs with a black background on 40” by 60” metal canvasses.

BACKGROUND:
On June 17th, 2020, the Public Arts Board reviewed the artist’s application and felt that the art work was best suited for Birmingham’s network of trails and parks connecting to Quarton Lake. The Board and the applicant both agreed that a 1-year loan was a reasonable timeframe. City staff worked with the applicant in terms of preferred art work locations as previously identified by the Public Arts Board, and the applicant provided a map and renderings of how the eight pieces of art work will appear in their locations.

On July 7th, 2020, the Parks and Recreation Board reviewed the artist’s application and felt that the installation would be a nice addition to the trails and parks. The Board requested that the art work be positioned in a manner that allows the subject to be viewed from both directions on the trail to the best extent possible.

In regards to lighting, the applicant has indicated they would like to apply solar lighting to the images indicated on the map as #1 at Booth Park, #5 at Linden Park, #6 Quarton Lake and #8 at Quarton Lake. Examples of images with night time lighting on display at Cranbrook are attached with the application as well as the solar lighting details. MEMORANDUM
Planning Division

DATE: June 17th, 2020
TO: Public Arts Board Members
FROM: Brooks Cowan, City Planner
APPROVED: Jana Ecker, Planning Director
SUBJECT: Application for Art in Public Spaces

Local artist Laurie Tennent has submitted an application for public art on loan to the City to display her art piece *Verigated Hibiscus*. The recommended location for the corner of Park and Maple is currently under construction. The site is also a Terminating Vista location and has a building within the Historic District Boundary behind it. This art work may require review by the State Historic Preservation Organization (SHPO) since it may be located on streetscaping that received Federal funding. If the Public Arts Board wishes to pursue moving forward with this location for recommendation, SHPO approval process may have to be examined. Final approval may also require the road construction to be complete before the context of the surrounding can be fully evaluated.
Meanwhile, the City has been contacted by the Artist’s representative Gerard Marti about a possible display of multiple works of art in a City park. Examples of Tennent’s art work are pictured below. The Public Arts Board may wish to discuss a possible park as a recommended location, the number of art pieces, and duration of display for the potential loaned art work.

Examples of other work by Laurie Tennent that were on display at Belle Isle Park are pictured below.

Recommended Motion Language could be as follows:

To recommend a temporary installation of art on loan from Laurie Tennent in (park) for (number) art pieces of the artist’s choosing to be displayed in various (park) locations to be determined by the artist from (date) to (date).

The motion carried.

C. Unfinished Business

At the May 20th, 2020 Public Arts Board meeting, the Board discussed changes and enhancements to their Terminating Vista report after receiving comments on the Crayon Box proposal and Terminating Vistas from City Commission. A rough draft of such changes were provided and discussed. For types of public art, the Board was comfortable with recommending sculptures, furniture, utilities, and murals. Members of the Board requested that painted furniture, mosaics and tiles be included as well.

There was general consensus that the recommendations captured what the PAB felt would help enhance Terminating Vistas. The Board also felt that the recommendations should be prioritized with some type of action plan or implementation guidelines. These were to be provided in the next meeting’s draft.

The Public Arts Board then discussed their Piano in the Park program. They had previously considered recommending the art installation as an annual program and reviewed suggested recommendations to do so. The Board wanted to ensure that the piano be placed in Shain Park only when COVID-19 restrictions were lifted. Members of the board also suggested amending the recommendations so that the piano donated to the City was preferably from a Birmingham Resident, it would be painted as a community arts project on a date to be determined by the PAB, and the PAB be responsible for moving and maintenance. motion to approve recommendations with suggested edits was made by Annie VanGelder, seconded by Monica Neville.

**Yeas:** 6   **Nays:** 0

The motion carried.
D. New Business

The Public Arts Board then reviewed the Public Art Installation Loan from Laurie Tennent. An initial application was completed to place a piece of her artwork at the corner of Park and Maple. Complications of this site were discussed regarding the current construction and not having a clear idea of how the space will look until it is complete, as well as the site being a Terminating Vista and the Board having a study related to these design elements underway.

The potential for a multi-piece installation was discussed throughout the City’s parks and trails. The Board and the artist were in agreement that the trails connecting Booth Park, Quarton Lake, and Linden Park would be ideal for a multi-artwork installation of the artist’s photos due to the way that the photos compliment the natural surrounding features.

The artist indicated that the images are installed into the ground with 2 pieces of rebar and leave 0 footprint when removed. A similar installation concept had been done at Belle Isle with great success. The artist also indicated how solar lights were shined on the artwork to keep them illuminated at night and the PAB was amicable to this. The artist was also agreeable to a 1-year loan term.

A motion to recommend a multi-installation of art work by Laurie Tennent from Booth Park to Quarton Lake and Linden at locations to be determined by the artist for a period of 1 year was made by Anne Ritchie, seconded by Annie VanGelder.

Yeas: 6  Nays: 0

The motion carried.

E. Communication

Barbara Heller indicated that she will be leading a tour of Birmingham sculptures for the Detroit Artist Market on July 18th, 2020 from 2-4pm.

G. Adjournment

The meeting adjourned at 8:00 p.m.
DATE:    July 7th, 2020
TO:   Parks and Recreation Board
FROM:  Brooks Cowan, City Planner
SUBJECT:  Laurie Tennent Art on Loan Installation

BACKGROUND:
Local artist Laurie Tennent has applied to loan her artwork to be displayed along Linden Trail connecting Booth Park and Quarton Lake Park. The artist has imposed polychromatic images on 60” x 40” x 2” aluminum canvasses that come with zero footprint steel rebar posts that are inserted into the ground.

On June 17th, 2020, the Public Arts Board reviewed images of the artist’s work. An original application was for one art piece to be installed at the corner of Park Street and E. Maple, though it was determined that this was a difficult site to consider at the moment given construction on E. Maple and the location as a Terminating Vista. The Public Arts Board then discussed having the art work placed in natural areas such as parks, gardens and trails. The subject art pieces have been on display throughout the gardens of Belle Isle in a previous exhibit. The artist also discussed how she has used ambient solar lighting to illuminate the artwork at night for a glowing effect. There was general consensus that the trails connecting Booth Park, Linden Park and Quarton Lake Park would be ideal for a number of such art pieces.

The Public Arts Board motioned to recommend a temporary multi-installation of art on loan from Laurie Tennent from Booth Park to Linden Park and Quarton Lake for artwork composed of polychromatic images imposed on aluminum canvasses to be illuminated by ambient solar lighting in locations to be determined by the artist for one year.

Since then, the artist has walked the area and selected eight locations to temporarily install eight of the proposed art pieces. The artist has also provided a map of the proposed locations and has photoshopped examples of how each piece will fit in its surroundings. This map and photo examples are attached below. Three images are proposed along Booth Trail, four images are proposed along Quarton Lake Trial, and two are proposed for Linden Trail.

SUGGESTED RECOMMENDATION:
To recommend a temporary installation of art on loan from Laurie Tennent along Booth Trail, Linden Park Trail, and Quarton Lake Trail as indicated on the applicant’s map for eight polychromatic images imposed on aluminum canvasses to be illuminated by ambient solar lights as indicated in the applicant’s images for a period of one year.

AGENDA ITEM #1: Bike Parking Advisory Memo
Brooks Cowan stated on June 4, 2020, the multi-modal board reviewed recommendations for bike rack recommendations throughout Birmingham and installations would coincide with existing commercial and recreational neighborhood destinations in the current version of the Birmingham planned drafts that are underway.

Brooks stated twenty-four (24) new U-shaped bike installations were approved at thirteen (13) locations and ten (10) bike racks were approved for parks, which includes three (3) for Barnum Park, two (2) for St. James, three (3) for Poppleton Park and two (2) for Booth Park.

Dominick asked how the locations were determined, displacement, and quantities based on demand or based on historical surveys.
Brooks stated the city is going through a master plan process and received our draft plan in the fall. Brooks stated he went through and only picked existing commercial areas as well as parks and then juggled what was available with the existing budget for the bike racks.

Dominick stated the plan is a little bit more forward looking than reactive to any other inputs and is a good plan.

Pam Graham stated the bike racks are nice looking and have recently notice rental bikes in Oak Park and was curious has there been any consideration in Birmingham offering a bike rental program.

Brooks stated the multi-modal board has discussed a bike rental program that has been seen throughout Detroit and other cities and has gone back and forth with the City Commission on the idea. Brooks stated the bike rental program would be a separate program.

Brooks stated he would communicate with DPS on the ideal locations for final installation.

It was moved by John Rusche, seconded by Dominick Pulis to endorse the installation of 24 new bike racks at 13 existing neighborhood destinations as outlined in Phase 5 of Bicycle Parking Plan.

**AGENDA ITEM #2: Annual Piano in the Park Art Installation**

Brooks stated that in 2019, the Public Arts Board had recommended that the Piano for Shain Park be sent through the Parks and Recreation Board and had more approvals to be required such as lockable wheels and painting off-site. Eventually the program was approved.

Brooks stated instead of going through an application process through the Public Arts Board, Park and Recreation Board and City Commission every year, the Public Arts Board would like to recommend it's an annual program and just receive a box piano and plan an annual painting event.

Brooks stated the same conditions of approval as the first year for them to go through every year, it would be on wheels, the piano would be covered during events and the painting would be held off-site.

Brooks stated in regards to COVID-19 and social distancing going on, the Public Arts Board discussed concerns for the virus and want to follow all state, county and city guidelines. The Art Board is comfortable for the piano being available for the public, so long as the playgrounds are open as well and believe the availability for these items can coincide.
Brooks stated the Public Arts Board also amenable to provide some type of sanitation station with the piano if the Parks and Recreation Board or City Commission would like to see that. The Public Arts Board is also open to foregoing 2020 and having the annual program begin in 2021.

John Rusche stated it was a big success and remembered a year ago when the Parks and Recreation Board was discussing it.

Ellie asked if the Public Arts Board is wanting to have more than one piano at a time.

Brooks stated that the Public Arts Board had initially discussed having more than one piano and evaluating if they could maybe spread a few more around town but for the annual program, but because of available manpower and everything going on in the city, the Public Arts Board likes Shain Park pavilion as the requested location for the annual program.

John Rusche asked if the city disinfects the playground equipment. The idea of having some kind of sanitation station, at least for your hands near there, would really be a good idea.

Carrie stated the City of Birmingham playgrounds are currently open and have sanitation stations at every playground. Carrie stated the playgrounds are sanitized weekly, but it is up to parents to make sure they're having their kids practice the social distancing.

Brooks stated if the City Commission approved the program but the state passed new COVID guidelines that those rules would kick in and he would immediately talk with the city manager and DPS on how everything is being addressed within the playgrounds, playgrounds are being shut down, then the piano would be taken away.

Lauren stated the piano won't be placed out until 2021 since the state still does not have a handle on COVID-19, issues, potential that are around the corner that we want to be mindful of and best practices are in place at our outdoor facilities. The downtown sanitizers are put up by DPS as well, so we're going to hold off as that was Mr. Valentine's wishes as well.

Lauren stated with all the stipulations in place would warrant the Parks and Recreation Board support for this program but it won't be placed out until 2021, and even next year, all of those precautions will be there.
It was moved by Dominick Pulis, seconded by Heather Carmona to endorse the annual Piano in the Park program under the pavilion at Shain Park no sooner than calendar year 2021 or the lifting of the State of Michigan restrictions, whichever would come later with the following conditions:

1.) The Public Arts Board find an acceptable box piano to be donated to the City for use;  
2.) The piano be placed on industrial grade lockable wheels;  
3.) The piano be painted off-site before being moved to Shain Park;  
4.) The piano be covered during any musical event in Shain Park;  
5.) The piano be placed in Shain Park between June 1st and December 31st of each year, with the condition that the City Commission may request the piano to be removed at any time for any reason.

AGENDA ITEM #3: Laurie Tennent Art on Loan Installation:  
Brooks stated the Public Arts Board received an art application for a piece of artwork on loan, and in discussing with the artist, originally it was for one piece on Maple and Peabody but in talking with her there was discussion on exhibiting throughout the city's parks and trails. The artist had done a display at Bell Isle Park before in the natural environment.

Brooks stated the Public Arts Board reviewed the application and has forward the application request to the Parks and Recreation Board and City Commission for approval.

Brooks stated the artist selected locations and also discussed how she has used ambient solar lighting to illuminate the artwork at night for a glowing effect. There was general consensus that the trails connecting Booth Park, Linden Park and Quarton Lake Park would be ideal for a number of such art pieces for one year.

Ross Kaplan asked about the security and or damages to the art, who would be responsible for that, potentially? And then also, there's one picture of the frame. Some of these are in a position where you would see front and back, depending which direction you're traveling and it seems the back obviously is not as attractive and a little bit flimsy.

Brooks stated that it's the responsibility of the artist for all damages and repairs to the artwork and and liability issues that might arise. The artist is also responsible for all funds related to the maintenance of the art.

Brooks stated that photos face one way and you have this back of the aluminum frame facing from the other direction and the post goes into the dirt and then when they’re done, they pull it out, so there's no -- there's no concrete casts in the ground for it.
Dominick recommended that the artist have them double-sided, so perhaps full display on both sides and maximizing the full viewing opportunity. Brook stated he would accompany the artist so the artwork is install to ensure that it’s facing the right way.

Brook stated there could be conditions for city commission, something about the lighting, to say if the lighting becomes a problem, it has to be removed upon Parks and Recreation Board or by City Commission.

It was moved by Ellie Noble, seconded by Pam Graham to recommend a temporary installation of art on loan from Laurie Tennent along Booth Trail, Linden Park Trail, and Quarton Lake Trail as indicated on the applicant’s map for eight polychromatic images imposed on aluminum canvasses to be illuminated by ambient solar lights as indicated in the applicant’s images for a period of one year.

AGENDA ITEM #4: Natural Areas Maintenance:
Carrie stated that the City of Birmingham did not perform the burn this year but the department wanted to continue with our natural areas maintenance so at the time I hired Cardno to get the city started minimally until I could receive a more thorough proposal from them for the city maintenance program for this year. It would be a continuation of the city’s maintenance program that is set up in several parks, including Barnum, Quarton Lake, Martha Baldwin Park and the museum.

Carrie stated that Cardno is an approved vendor in Oakland County and the county has a program in place for these type of services. Oakland County offers municipalities to opt in on the program to the same pricing is given without having to go out to bid. In 2015 and 2018, Cardno was award projects and are happy with their performance.

It was moved by John Rusche, seconded by Ellie Noble to approve the project for Natural Areas Maintenance with Cardno for a total cost not to exceed $18,400.00. Funds are available from the General Fund-Parks Other Contractual Services account #101-751.000-811.0000 for these services. Further, to recommend this project to be considered for approval by the City Commission.

Lauren presented to the Parks and Recreation Board the July 1, 2020 golf report that was prepared by Jacky Brito.

Lauren stated the memberships, revenues and rounds have increased. Despite not having electric carts initially in the beginning, beverages, and food, not so shabby. Hats off to Jackie, Brian, and the crew at both courses. Lauren stated it's the workers and the staff and of course the golfers that make it what it is.

Dominick with respect to the golf courses and the numbers that we saw, certainly impressive rebounding in the month of June. That's a high demand and it's significant by the course conditions and the leadership of our golf staff, so I wanted to commend them for a job well done.

Parks and Recreation Board Meeting 7/7/2020
NEW BUSINESS:
Ellie asked on how to rent parks or getting a permit at parks in order to have, like, exercise classes for the use of businesses in Birmingham to use COVID.

Connie stated since the businesses are not able to open up so a program was put in place which allows for businesses to schedule blocks of time for classes whether it be yoga or Pilates and the organizations are not being charged for the use of the facility and the organizations are providing the City of Birmingham as an additional insured.

OPEN TO THE PUBLIC FOR ITEMS NOT ON THE AGENDA:
Jackie Rupert inquired about the skate park and how might scooters be allowed at the skate park.

Carrie stated that at the skate park is regularly reviewed by our insurance MML and it's been discouraged from MML. Carrie also stated scooter handlebars ruin material that are on the ramps. Carrie stated that skate park is not intended for scooters, unfortunately.

Jackie Rupert stated that her and Dr. Anna Groebe have visited three local skate parks, Troy, Sterling Heights and Auburn Hills that allow scooters and if there is an opportunity to look into this further and see if the insurance could be reevaluated.

Dominick asked if the skate park rules be reviewed at the same time the park rules and regulations are presented.

Dr. Anna Groebe stated there's some argument about damage, you know, things to consider, like, non-motorized scooters only, maybe restricting the age, you know, under 18 are allowed to scooter, because those children are smaller and lighter, therefore doing less damage.

John asked if the department could find out what different material being used at the three local skate parks that were mentioned and to see if they've had the same concerns and how they solved them.

Lauren thanked Jackie Rupert and Dr. Anna Groebe for attending and sticking on this long. Lauren stated the skate park was built in the mid-2000's and it was primarily for safety precautions and the type of ramps, and not only damage, which is secondary, it was mainly the way it was designed and the crossover of the attendees and the users and things of that nature but warrants a comparison and a data check.

Lauren stated staff will research and we'll put it on a future agenda specific to the skate park.

Heather Carmona stated the next regular meeting will be held on Tuesday August 11, 2020 virtually at 6:30 pm.

Meeting was adjourned at 8:13 pm

STATUS OF AT&T’S VIDEO SERVICE DEPLOYMENT IN MICHIGAN

Michigan Bell Telephone Company, doing business as AT&T Michigan ("AT&T"), submits its thirteenth Annual Video Report to the Michigan Public Service Commission ("MPSC" or "Commission") and franchising entities in the State of Michigan regarding its deployment progress, as required by Michigan’s Uniform Video Services Local Franchise Act (2006 Public Act 480, as amended) or "Video Act".1

On January 1, 2007, Michigan’s Video Act became effective. AT&T launched its Internet Protocol TV ("IPTV") service called AT&T U-verse® TV on May 21, 2007 in parts of over 50 communities in the Detroit and Ann Arbor areas. AT&T has now obtained franchise agreements and provides its U-verse TV service in 341 communities.

Section 9(2) of the Video Act provides that it is a defense to an alleged violation of Section 9(1) of the Video Act if a provider has met either of two conditions: (1) within 3 years at least 25% of households with access to the provider’s video service are low-income households; or (2) within 6 years and from that point forward at least 30% of households with access to the provider’s video service are low-income households. AT&T has met both conditions.2

With respect to Section 9(3) of the Video Act: (1) AT&T provided access to its video service to over 50% of the households in its telecommunications service area within 6 years of the date it began providing video service, and (2) AT&T Michigan no longer has more than 1,000,000 telecommunications access lines in the state.3

AT&T recently completed its thirteenth year of providing video service in the state. AT&T does not deny access to service to any group of potential residential subscribers because of race or income.

AT&T announced in March of 2020 that requests for new U-verse TV orders will no longer be accepted. Existing U-verse TV customers’ service will not be impacted.

---

1 See Section 9(4) of the Video Act: “Each provider shall file an annual report with the franchising entity and the commission regarding the progress that has been made toward compliance...”

2 See Section 9 (2) of the Videc Act: “It is a defense to an alleged violation of subsection (1) if the provider has met either of the following conditions: (a) Within 3 years of the date it began providing video service under this act, at least 25% of households with access to the provider’s video service are low-income households. (b) Within 5 years of the date it began providing video service under this act and from that point forward, at least 30% of the households with access to the provider’s video service are low-income households.”

3 "If a video service provider is using telecommunication facilities to provide video services and has more than 1,000,000 telecommunication access lines in this state, the provider shall provide access to its video service to a number of households equal to at least 25% of the households in the provider's telecommunication service area in the state within 3 years of the date it began providing video service under this act and to a number not less than 50% of these households within 6 years. A video service provider is not required to meet the 50% requirement in this subsection until 2 years after at least 30% of the households with access to the provider's video service subscribe to the service for 6 consecutive months."
