**IV. PLAN REVIEW INFORMATION**

**If plans have not already been reviewed for this project, plans must be submitted with this application along with the review fee before a permit can be issued, except as listed below.**

**Plans are not required** for the following:

1. When the electrical system rating does not exceed 400 amps and the building is not over 3,500 square feet in area.
2. Work completed by a governmental subdivision or state agency costing less the \$15,000.00.

If work being performed is described above, check box **"Plans Not Required"**

What is the rating of the service or feeder in ampere? \_\_\_\_\_

What is the building size in square footage? \_\_\_\_\_

**Plans are required:** for all other building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to 1980 PA 299 and shall bear that architect's or engineer's seal and signature. **Plans Not required**

**Generators require the applicant to submit a certified or mortgage survey showing the proposed location of the unit and the clearance from the edge of the unit to the property line.**

**V. APPLICANT SIGNATURE**

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125,1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of section 23a are subjected to civil fines.

**COMPLETE APPLICATION ON NEXT PAGE**

**VI. HOMEOWNER AFFIDAVIT**

I hereby certify I will install the electrical work described on this permit application in my own home that I currently occupy or am about to occupy. All work will be installed in accordance with the State Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume the responsibility to arrange for necessary Inspections.
