		TOTAL AMOUNT DUE	\$
APPROVAL SIGNATURE			
TITLE		DATE	

Application Requirements for obtaining a Fence Permit

- Completed fence permit application.
- Provide a site plan indicating fence location on the property (single-family use site plan provided on permit application).
- Indicate height(s) of proposed fencing on attached diagram sheet.
- Fence on properties other than single family residential requires planning department approval.

Fencing for a swimming pool must meet the requirements of the *Michigan Residential Code*.

Note: Fences, including their supporting posts, must be located within the lot lines of the property where they are installed. This is an approval from the city only. You must also check your subdivision building and use restrictions for fences.
