V. UNFINISHED BUSINESS

VI. NEW BUSINESS

09-216-14 CONTINUATION OF PUBLIC HEARING OF NECESSITY HAMILTON ALLEY RECONSTRUCTION

Mayor Moore opened the Public Hearing of Necessity for the Hamilton Alley Reconstruction at 7:42 PM.

Mr. O'Meara explained the request to continue the Public Hearing to give the public a chance to process the information recently distributed.

MOTION: Motion by Rinschler, seconded by Sherman:
To continue the Public Hearing of Necessity for the paving of the Hamilton Alley, extending from Hamilton Ave. to Park St., from Monday, September 8, to Monday, September 22, 2014.

VOTE: Yeas, 6
Nays, None
Absent, 1 (Nickita)

09-217-14 REQUEST TO FORM A JOINT COMMITTEE TO STUDY THE LIBRARY BUILDING

Library Director Koschik explained that the Library Board is recommending a committee be formed to conduct a professional survey of what the community would like in library building and develop a ten year vision statement as part of a Phase One plan. Phase Two would include professional assistance to review alternatives and cost estimates.

The Commission discussed the potential duties of the Committee and questioned what new information would be obtained. Commissioners Hoff noted that a lot of information had been gathered in the previous survey. She suggested the Library Board determine the areas in the library that need improvement then work toward how that could be accomplished in cost. Commissioner McDaniel suggested taking the information previously gathered and reprioritize it.

Mayor Pro Tem Sherman agreed that it is a matter of needs and wants and reanalyzing the data. He noted that if a Committee is set up, it should be comprised of community members who view the library differently and not include elected officials.

Frank Pisano, Library Board member, commented that the City has an optimal library that just needs to be made better and have the space more flexible. He noted that some of the projects could be funded from the library fund balance.

Jim Suhay, Library Board member, expressed support of a joint committee.
No action was taken.

09-218-14  METERED PARKING SPACES ON OAKLAND AND CHESTER
City Engineer O’Meara explained the proposal to add additional metered parking spaces on Oakland and Chester.

MOTION: Motion by McDaniel, seconded by Rinschler:
To approve the installation of ten new on-street metered parking spaces on the south side of Oakland Blvd., between N. Old Woodward Ave. and Park St. with a 2-hour time limit, and having a rate of $1 per hour, at an estimated cost of $3,000. Further, to approve the installation of three new on-street metered parking spaces on the west side of Chester St., between W. Maple Rd. and Martin St., with a 2-hour time limit, and having a rate of 50¢ per hour, at an estimated cost of $1,000. All costs shall be charged to account number 585-305.000-971.0200.

Michael Schuck, 247 Oakland, expressed opposition to the addition of parking on Oakland.

09-219-14  QUARTON ROAD AND CHESTERFIELD AVENUE
INTERSECTION IMPROVEMENTS PROJECT
City Engineer O’Meara explained that the low bid price was not appropriate. He stated that MDOT confirmed the funds could be obtained in 2015. He suggested the project be rebid in December in anticipation that the price will decrease as the contractors will have the 2015 season to fit it into the schedule.

MOTION: Motion by Sherman, seconded by McDaniel:
To reject all bids for the Quarton Rd. and Chesterfield Ave. Intersection Improvements Project, Contract #10-14(P), and to rebid the project in December, 2014, allowing for construction to be completed prior to the end of the 2015 construction season, contingent upon similar approval from the Bloomfield Hills City Commission.

Dorothy Conrad questioned whether residents will be notified. City Manager Valentine explained that additional communication will be held with the neighborhood as there has been interest from that neighborhood to hold a meeting with staff to discuss the street and intersection.

City Engineering O’Meara confirmed for County Commissioner Taub that the County has not yet been notified as City Commission input was needed first.

09-220-14  PALLADIUM BUILDING CONSENT JUDGMENT
City Planner Ecker explained that the proposed changes to the building include converting the lower level to parking, split the second floor into two floors of office, and add three residential units to the top floor which would not increase the height of the building.
City Attorney Currier confirmed for Commissioner Hoff that all the elements in the consent judgment have been fulfilled.

In response to a question from Commissioner Hoff regarding the parking ramp off of Ferndale, Ms. Ecker explained that the traffic consultant reviewed the proposal and did not have any concerns except to add a sign to watch for pedestrians.

Jordan Jonna, the developer, discussed the building parking and elevators. He confirmed that the existing elevators will remain. The residential units will have key access to the top floor units.

**MOTION:** Motion by Rinschler, seconded by Dilgard:
That the City Commission endorse the approval of the Planning Board for the proposed changes to the Palladium Building at 202 N. Old Woodward in accordance with the plans dated June 9, 2014 prepared by JPR Architects, including the conversion of one floor of theater use to two floors of office use and the addition of three residential units on a new fifth floor; AND directing the City Attorney to initiate the process with the U.S. District Court which may result in the vacation of the Consent Judgment for the Palladium Building at 202 N. Old Woodward.
