SUBJECT: 2016 Student Appointments

In 1996, the City Commission approved a Birmingham Public Schools (BPS) program placing student representatives who are residents of the city on city boards and commissions. This program was designed to establish an educational partnership that has been very successful since its inception.

Students wanting to serve as representatives to city boards and commissions complete an application and go through a selection process by a school district pre-screening committee. The committee membership reviews student applications based on specific criteria and then forward approved applications to the city for appointment consideration.

The following students are being recommended by Birmingham Public Schools for appointment to their respective board by the City Commission for calendar year 2016. The students will receive agenda packets and are able to participate in all discussions, but will serve as non-voting members of the boards to which they are appointed.

Museum Board    Nayri Carman - Seaholm
A PARTNERSHIP BETWEEN:

THE CITY OF BIRMINGHAM AND BIRMINGHAM PUBLIC SCHOOLS
Student Representatives on City Boards and Commissions

PROGRAM GUIDELINES

I. PURPOSE:

To promote citizenship and student leadership and to encourage future citizen participation in government. The interaction between student representatives and appointed members of city boards and commissions will produce a greater understanding of adult decision making in addition to lending the perspective and ideas of youth. The majority of citizens who volunteer in their later years report that they have done so because of a volunteer experience in their youth. By investing in efforts to support and promote service and volunteerism now, we will be able to count on these individuals to volunteer later in life.

II. BENEFITS TO STUDENTS AND COMMUNITY:

Students will:
- Learn how local city government operates and makes decisions.
- Learn practical ways of helping the community...makes government real.
- Establish a service and volunteer habit for the future.
- Learn how to research data before making community decisions.
- Learn from contact with adult members of city boards and commissions.

Community:
- Will have the unique perspective of youth in decision making.
- Students will learn valuable lessons about public service...grooming them for future public service.
- May have a longer term participation of the student in community affairs.

III. SELECTION PROCESS:

Students wishing to serve as representatives to city boards and commissions should take the following steps:
Student Representation on City Boards & Commissions

1. If you have questions and would like to talk with a fellow student, contact student organizers Donia Senawi at Groves High School or Todd Hertzler at Seaholm High School.

2. Complete a STUDENTS on CITY BOARDS and COMMISSIONS application available in the office of the community service organizer (Groves; Mrs. Dana Cunningham 203-3509 & Seaholm; Mrs. Sheila Brice 203-3723).

3. Submit the application along with two letters of recommendation and a brief personal essay to your school's community service organizer no later than NOVEMBER 22, 1996 at 3 p.m.

All applications will be reviewed by a school district screening committee where one applicant will be chosen to serve on each selected city board or commission.

The screening committee will include the following individuals:

- An administrator from both Groves and Seaholm High Schools (2)
- A student from both Groves and Seaholm High Schools (2)
- The high school community service organizers (2)
- A teacher (1)
- A member of the board of education (1)
- A member of the school district central administration (1)

Note: Administrators from both The City of Birmingham and the Village of Beverly Hills are involved in the development of the Students on City Boards and Commissions project. (The Village of Beverly Hills may also choose to participate at a later date.)

IV. APPOINTMENT PROCESS:

- Each student will be paired up with an adult board member who will serve as their mentor. The mentor will help the student become oriented to issues being addressed throughout their term on the board or commission.

- Each participating board or commission will monitor the attendance and participation of the student representative on their respective boards and commissions, and reserve the right (if necessary) to replace student members from the previously submitted list of qualified students.

V. TERMS:

- Each selected board/commission may have a high school junior as a student representative.
• The application, selection and appointment process shall begin in the fall (this first year being an exception), with the appointment becoming effective on the first day of January. The term of the student representatives shall end on the last day in December.

VII. DUTIES OF STUDENT REPRESENTATIVES:

Student representatives to city boards/commissions will:

• Attend an orientation session on local government and student roles and responsibilities as representatives.

• Attend all meetings scheduled for the specific board/commission to which they have been designated to serve as a student representative.

• Respond to the inquiries of other students regarding the function and role of the particular board/commission on which they serve.

• Prepare a written or oral synopsis on a monthly basis as to the progress of their activities as a citizen board/commission student representative. Meet with other student representatives.

• Perform other duties as identified at the time of appointment.

VII. RESPONSIBILITIES OF PARTICIPATING HIGH SCHOOLS

• The participating schools shall provide options that would enable students to earn credit from their experience on city boards and commissions.

• The participating schools shall designate a program coordinator who shall distribute information and applications to interested students:

  Groves High School: Dana Cunningham 203-3509
  Seaholm High School: Sheila Brice 203-3725

• The schools shall actively seek student applicants for the participating boards/commissions wishing to sponsor student representatives.

• Each participating school shall participate in an annual review of the program with participating units of government and student representatives.
VIII. RESPONSIBILITIES OF THE PARTICIPATING UNITS OF GOVERNMENT:

- The participating units of government shall provide a list of those boards/commissions selected as appropriate for student representation, the purpose of those boards/commissions, and the meeting locations, dates and times.

- The participating units of government shall provide an orientation session for all student representatives selected to serve on certain boards and commissions.

- The participating units of government shall monitor the attendance and participation of individual student representatives and report any major concerns to the appropriate school program coordinators.

- Each participating unit of government shall be responsible for the formal appointment and termination of student representatives to their designated boards and commissions.

- Each participating unit of government shall participate in an annual review of this program with the cooperating schools and student representatives.

What school activities and/or classes have you participated in which would qualify you to sit on the board or commission which you have chosen?

In school, I have participated in three musical and two freshman symphony shows. I have also taken art foundations, class piano, and multiple academic classes which have instilled in me an eye for art, style and aesthetics. I am also currently in AP bio, which has given me knowledge about how government is operated.

Please list your involvement in non-school activities:
Outside of school, I participate in diving and baseball. In the summer I am part of a travel baseball team.

What personal skills and characteristics do you possess that would make you a good representative?

I would be a good representative because I am personable and can get along with everybody. I can understand other people's points of view, and as a result, I am able to compromise.
How would you be able to schedule your time to function effectively as a student representative?

I would be able to miss dive practice or a baseball game in order to attend a meeting.

Would you be interested in being considered for any other boards if you are not selected for any of your top three choices?

In America, there is no greater responsibility than one’s responsibility to help others. Be it through donating, volunteering, or simply helping a friend in need, there are many ways to fulfill this responsibility. One of the most widespread and effective ways to help others is through the use of government. Democratic governments, like the one we have here in the United States, derive their power from the consent of the governed, and therefore must exist to serve the governed. As a member of a board of committee in the City of Birmingham, I will work to fulfill my responsibility to help and serve others.

As a member of a board or committee, I will be able to serve others effectively because I will know what other students and youth want and need. Due to my participation in different activities such as theater, diving, and baseball, I have contact with many different groups of students. I will be able to ask these different types of students what they would like out of their government. Through the input of a diverse range of opinions, I will be able to accurately represent the youth in the City of Birmingham.

One other result of participating in a range of activities is that I am able to understand the points of view of different people. By understanding different points of view, I am able to cooperate and compromise with others. Cooperation and compromise are important; the lack of them has recently led to a government shut-down. On a board or committee, I will be willing to cooperate and compromise with both the students I represent, and the board or committee members I serve with.

As a board or committee member, I will work my hardest to serve the citizens of the City of Birmingham. I will accurately represent my fellow students, and I will cooperate and
compromise with all people. I hope to fulfill my responsibility to the members of this community, because it is this community that has given so much to me, and it is this community that I hope to give back to.

Dear Selection Committee,

It is my pleasure to write a letter of recommendation for my former student, Colin Cusimano. I had him in my AP U.S. History class last year, and during this year long class, I got to know how hard Colin works. His work ethic is very strong as evidenced by his strong communication skills. He can write well (he earned a top score of 5 on the AP test last May) and can speak well as shown by his talent on the Groves Performing Arts stage.

Colin’s maturity will also serve him well on your board. He has a good sense of humor, yet he knows when to rein it in and get down to business. Colin is a very thoughtful thinker whose analytical skills are very sharp and insightful.

The last thing I would like to add is that not only is Colin a responsible young man, his good humor and maturity allow him to get along with everyone. He shows up on time and is someone you can count on.

Thanks for your time.

Sincerely,

Dear Selection Committee,  

I am writing to you on behalf of Colin Cusimano who is a student at W.E. Groves High School and is interested in being part of the Student Representatives on City Boards and Commissions Program for the City of Birmingham. Colin explained that he is particularly interested in serving on the Public Arts Board. Colin has been an active member of the Groves Performing Arts Company for the past three years and I have had the opportunity to work with him as a theatre director on three different productions.  

Colin is a terrific young man. He is dedicated, reliable, responsible and charming. In each of the roles he has played for GPAC he has been such a hard worker and a dedicated actor. Whether his role is chorus or a lead he approaches them with great seriousness and care. This past fall he was cast as Doody in the musical Grease: School Version and he showed so much tenacity for this role. He worked very hard to increase his vocal range, proved to be quite the dancer and worked to add his own special sense of humor to the role. Colin added great energy and excitement to the entire production and watching him each rehearsal and performance was a testament to his talent and dedication.  

Colin has a keen sense of humor and the ability to make people feel at ease. He is a very hardworking young man and when he commits to something he works to achieve the greatest level of success. I know that when Colin is involved the work will get done, and I can count on him to be kind toward others, enjoyable to be around and generally an all around amazing young man.  

I find Colin Cusimano to be extremely dependable, trustworthy and funny. He is truthful and honest, and I consider him to be a moral and upstanding young man. I fully support his interest in serving on the Public Arts Board as a student representative for the City of Birmingham. You are welcome to contact me if you have any further questions at 248-203-3580.

As a relatively new member of the Birmingham community, it is truly an honor to be chosen to participate in Student Representatives on City Boards and Commissions program. After looking through all of the boards, I've came to the decision that I would be most beneficial to the Planning Board.

Not only in high school, but throughout my life as a whole, I have always demonstrated leadership. Being involved with my church, president of Seaholm's Black Student Union, an active member in Seaholm's Student Justice League, Diversity Club, and JV Softball.

I am a thinker; I always find myself being very analytical. When presented a situation, I am capable of finding most if not all of the possible outcomes, which may be good or bad. I consider all of the benefits along with the repercussions of any situation, and can make a reliable decision while taking all of these things into consideration.

Being an active member of Seaholm's Social Justice League, this came as a great asset. We put together a micro-aggression video from the staff at Seaholm and presented it to them followed by a group discussion. We spent hours putting it together, figuring out which quotes we should interpret, what message should be included aside of the video, even figuring out the perfect song for the video. Every tiny part of the presentation contributed to our overall message, and ultimately over exceeded our intended goal.

For anyone who's played a sport before, you know that no sport is a walk in the park. It requires more than just skill, but discipline, and concrete way of thinking. As a player on
Seaholm’s softball team, this is exactly what I do. Softball is so much more than hitting the ball and running bases. You have to always be 3 steps ahead of the other team, and you have to know what you have to do in every possible situation before it even happens.

Community has always been important to me. The people we see and interact with on a daily, our schools, libraries, parks, etc, all essentially shape who we are. Our surroundings are vital to our development. It would be a truly be an honor to be apart of a committee where I could contribute to something so important to lives of the people around me.

Being President of Seaholm’s Black Student Union is no easy task. Our group seeks to change the hearts and mind of our peers while also helping and contributing to our own community. We’ve been involved with Seaholm’s SOS with raking leaves for the elderly, held a Bake Sale to help the less fortunate, teamed up with other clubs to gather up hoodies for less fortunate teens for the cold weather, and not to mention our upcoming Water Drive to get clean water for those in Flint, who’s water system contains lead poisoning. I am always concerned for the wellbeing of people other than myself, and those who are not as privileged as I am.

Even being employed as a crew member at KFC gave me good experience and helped build my character. I worked with people from all around with completely different background. Although there was a clash of all the different personalities and mindsets, we all put our differences asides to get the job done quickly and well done. A teenage job may seem miniscule and irrelevant, but it truly taught me the idea of working with others for the greater good, despite differences.
All these different experiences have shaped me into the wonderful well rounded person I am today. They make me a wonderful asset to the Planning Board of the Student Representatives on City Boards and Commissions program.

To whom it may concern,  

This letter serves as a recommendation for Loreal Salter-Dodson to serve on Birmingham’s Historical Commission as a student representative. Loreal is actively involved in student life here at Seaholm, participating in a variety of activities including speech and the Black Student Union. She is also a member of the Flex Program, the most challenging and rigorous curriculum available in any Birmingham school. Loreal is on the brink of a brilliant career. She is well suited for this role.

What school activities and/or classes have you participated in which would qualify you to sit on the board or commission which you have chosen?

Throughout my high school career, I have taken many rigorous courses that I can apply to the board. Exams of these classes would be AP Exam. AP U.S. History and Investments. Also, being the Vice President of a community service club, I have learned how to be a leader, collaborate with others and get others involved.

Please list your involvement in non-school activities:

Active national team swimmer for Birmingham Blue Dolphins
Forest Hills swim team
Life guard at Bicentennial Swim and Tennis
Babysitting

What personal skills and characteristics do you possess that would make you a good representative?

Skills that I have acquired through my teen life would be the following: collaborative, hard work, cool oriented, community leader, strong leader and interpersonal. These skills are evident through my 4.3 GPA, National Honors Society member, Vice President of community service club, Student representative for Student Government, swim team captain and student leader for English as a second language club.
Student Representatives Application Form

How would you be able to schedule your time to function effectively as a student representative?

Time management is a skill that is vital to be successful and something I am always cognizant of. As mentioned before, I have managed to maintain a 4.3 GPA while balancing a rigorous extracurricular load including swimming upwards of nineteen hours a week. Being a student representative on the board would be a priority of mine, and I would be sure to devote the time it needs to be successful.

Would you be interested in being considered for any other boards if you are not selected for any of your top three choices?

As a candidate to be a student representative for the City Board, I would bring a fresh, new perspective to the city of Birmingham. I would also seamlessly take on responsibilities, as well as share my strong vision for the future of Birmingham.

One’s past success is a strong indicator of their future success. I am a strong believer in making my school and community a better place for all, which is why I am as active as I am. Some of my involvements are, vice president of a community service club (Seaholm Offers Support), captain of the Seaholm Swim Team, student representative for student congress and student leader in the English as a Second Language (ESL) department. I also am an active tutor at Derby Middle School and volunteer over the holiday season at the Santa House in Shain Park. I have achieved all of this while maintaining a 4.3 GPA, a true testament to my hard work and time management skills.

Through all of these experiences, I have learned many vital skills that I can apply to the city board. I have a very strong work ethic, high goals, collaborate well with peers, and take on leadership responsibilities to further a cause. I look forward to taking these skill sets and working with the Birmingham Board and Commissions to make this city a better place to live.
To Whom It May Concern:

It is my pleasure to recommend that you strongly consider Nichole McMaster for a volunteer position with the Birmingham City Board. I have enjoyed teaching Nichole over two years of her career at Seaholm High School in various history classes as both a freshman and an Advanced Placement level sophomore. In that time I have always been impressed by her positive attitude, tremendous work ethic, and kind nature.

Nichole has always been a model student and member of the Birmingham Seaholm community. She has found success as a varsity swimmer for her three years at Seaholm while also earning academic honors as an athlete. She is an active member of Seaholm Student Congress supporting the student body and also a member of the new student welcoming group.

Despite these extensive involvements, Nichole was consistently an A student in my classes. Her hard work and abilities have earned her a 4.0 GPA. She worked hard and went above and beyond the necessary requirements in every class. As a sophomore, I taught Nichole in AP US History. AP US History is an incredibly challenging course that often demonstrates which students are truly capable and hardworking. Nichole is intelligent and organized, but she also possesses an exemplary work ethic that makes her stand out among her peers.

Beyond her excellent abilities and determination, Nichole is a truly pleasant person. She is polite and kind to everyone, peers and teachers alike, and reaches out to other students and adults with her friendship. Nichole also possesses an impressive positive attitude and seeks ways to improve her surroundings. Nichole is a delight to have in class and a pleasure to know personally. I know that Nichole would be able to bring a different perspective and apply her own experiences to a volunteer position on the Birmingham City Board.

Sincerely,

Dear Members of the Board:

It gives me pleasure to write to you on behalf of Nichole McMaster, a student at Birmingham Seaholm High School. I was Nicole’s Geometry teacher during the 2014 – 2015 school year and her current Pre-Calculus teacher and am privileged to know Nichole. Nichole is also a standout leader in the Seaholm Student Congress which I am the adviser to. Nichole is a very diligent student and a hard worker; a great addition to any classroom. She consistently works to improve her mathematical understandings through assignments that are always done thoroughly and meticulously.

When I think about Nichole, what stands out most vividly to me is her passion to get involved and influence her school and community. If you speak to Nichole, she will eloquently and enthusiastically share her passion for the city she lives in and the school she attends. While some students get involved in community service to satisfy requirements, Nichole seeks out opportunities to help others because she feels it is important and she takes great pride in bringing joy and opportunities to others.

I feel she would be a great asset to the city of Birmingham in decision making for she has always been a leader in the classroom and outside of the classroom. Nichole is very thoughtful in her work and in how she relates to students and adults. I believe she would be a great representative of not only Seaholm High School, but also all of Birmingham as well. I have no reservations in saying Nichole McMaster will be a fantastic addition to the board for the city of Birmingham.

On the attached listing of city boards and commissions, please rank your order of preference for appointment from 1 to 3 (1 being the highest and 3 being the lowest):

1. Public Arts Board
2. Planning Board
3. Historic District Commission and Design Review Board

What school activities and/or classes have you participated in which would qualify you to sit on the board or commission which you have chosen?

I have taken art classes such as art and advanced photography which would help contribute a creative viewpoint to the Public Arts Board. I have attended diversity club meetings which may help give a unique and different viewpoint and some new ideas to the board.

Please list your involvement in non-school activities:

Out of school I am involved in the Seaholm Swim Team. I am a member of the Interact Club at Seaholm.

What personal skills and characteristics do you possess that would make you a good representative?

I believe that my leadership skills are very strong. I am not shy to voice my opinion when asked, but I also believe I am a good listener. I think it is very important to listen and understand what others are saying before giving a response. I think I have a creative eye which would be able to contribute to the Public Arts Board.
The time I spend on homework can easily be altered. Sporting events occur on Tuesdays and Thursdays, so meeting with the public arts board on Wednesdays causes no conflicts.

Would you be interested in being considered for any other boards if you are not selected for any of your top three choices?  

Yes ___ No ___

Return application by Monday, January 11, 2016 to:

Cheryl Shettel at Seaholm High School  
Jennifer Kondak at Groves High School
To the selection committee,

When I received the student representative information and application in the mail, I knew this was an opportunity that I could not pass up. Leadership skills are something that I believe are very important, and while I think mine are very up to par, I know there is room for improvement. Receiving the opportunity to be a student representative in the City Board and Commissions Program would help me enhance my leadership skills tremendously while at the same time be giving me a taste of what it is like to be handling things outside of just school.

It is important to me that the life of a high school student is not swallowed up by solemnly high school responsibilities and expectations. So much more often than not, all the time in the life of a high school student is taken away by studies and responsibilities. The hours of homework increase as the hours of sleep decrease. I make it a priority of mine to make sure that when I look back on my high school days, I can proudly say that I did things other than homework; important things, and things that matter to society. Being able to give a viewpoint and opinion on the Public Arts Board in the city of Birmingham would more than fulfill my wishes to be apart of something important.

During my three years at Seaholm High School, I have taken lots of art-based classes along with attending club meetings that have given me abilities and insights that would strongly enhance the Public Arts Board. The description of the Public Arts Board describes the board as something that “promotes a rich, diver, and stimulating cultural environment.” I believe that my participation thus far in the diversity club has given me many insights and outlooks that would help make give
City of Birmingham a more cultural and diverse atmosphere through public arts. I have taken both photography and advanced photography at Seaholm and loved every day of it. With taking the classes, my creative eye became incredibly stronger. The classes taught me how to look at art in multiple different ways and how to make something unique out of something average just by the angle at which you look at something. With the skills gained in the classes, I would be able to contribute a very unique viewpoint on different kinds of public arts when being debated upon for the city of Birmingham.

With my drive and determination, along with creative eye and unique viewpoints, I believe that I would make a prodigious as a student representative on the Public Arts Board in the City of Birmingham.

To Whom It May Concern:

I am writing this letter on behalf of my student, Ava Suchara, who is currently a student in my AP Language and Composition class at Seaholm High School in Birmingham, Michigan.

I have known Ava for only five months, but can attest to her commitment to her academics, her willingness to serve as a leader both in and outside of the classroom, and her confidence with which she has showcased her strong belief in who she is. As evidenced by this, she is one of the few students whom I have in the class who consistently participates in discussion. Without any hesitation, Ava shows that she can deliver insightful comments. Also a junior, she has demonstrated strong work ethics and has never jeopardized her role as a student. With a dutiful note of seriousness in everything that she completes, Ava strives to maximize her highest potential.

As her English teacher, she simply astonishes me with her calm demeanor as she executes her daily routine of what others would consider to be very stressful. With nothing but a smile and a sharp focus, Ava is the epitome of a student and what a teacher hopes to see as an end result in character.

Without a doubt, I would highly recommend Ava to be nominated as a student representative for the City Board and Commission Program.

If you have any questions or need further information regarding this candidate, please contact me.

Student Representatives on
City Boards and Commissions
Birmingham Public Schools
Birmingham, Michigan 48009

To Whom It May Concern:

I am thrilled and honored to recommend Miss Ava Suchara for the Birmingham Public Schools City Boards and Commissions Student Representative position. I have had the honor of teaching Ava in my Economics class which is a required class for graduation. I am a Social Studies teacher at Seaholm High School in Birmingham, Michigan. I have taught for 26 years with 16 years of consecutive teaching at Henry Ford Community College. I am a former member of the Seaholm FLEX Honors Program. I have been given the privilege of spending my career with extremely talented, wonderfully committed, and absolutely special, young people. Ava has become a standout in my Economics class.

Ava is an incredible athlete in both swim/dive and in track and field. Both teams have provided her with the ability to balance athletics and her academics. Ava has great thinking, speaking, and analysis skills. She has excellent organizational, listening, speaking, and responsibility assets. She would make great contributions to any board or commission she is asked to serve on. I observe her reasoning information in small groups. She is able to listen, gain information and insight and express her opinion. All of these abilities would contribute greatly to an advisory position.

Ava is an endearing young lady who has academic skills and personal skills that make her an exceptional student and person. I always enjoy speaking to her. She is very organized, curious, and has a great sense of humor. She has the ability to communicate, is energetic, asks great questions, has excellent answers and prior knowledge, and would appreciate her entire experience.

Please accept this letter as an outstanding recommendation. Please grant her this fabulous opportunity!

Sincerely,

What school activities and/or classes have you participated in which would qualify you to sit on the board or commission which you have chosen?

I teach the Armenian Genocide to the freshman World History class in a 95-minute speech. And I have taken a speech class, so I know how to organize my thoughts in a comprehensive manner and I am comfortable with public speaking.

Please list your involvement in non-school activities:
- Hamazkayin  Armenian Dance Ensemble (Arax group, senior dancer)
- Armenian Youth Federation (AYF)
- Armenian Christian Youth Organization of America (ACVOA)
- Orthodox Youth Athletic Association Basketball (OYAA)
- Alique Choral Trio (1 sing alto)
- Travel Soccer

What personal skills and characteristics do you possess that would make you a good representative?

I am comfortable with public speaking. As shown in my activities above, I am very active in my Armenian community, do have experience in figuring out in what way I get most capable of doing the most good.
Student Representatives Application Form

How would you be able to schedule your time to function effectively as a student representative? I often finish all of my homework during school through effective time management, and I have always been able to balance my time between school, sports, work, and all of my involvement in the Armenian community. Through experience I have learned that if I put my mind to something, if I commit to it like I will the board, then I will always be able to make time for it.

Would you be interested in being considered for any other boards if you are not selected for any of your top three choices?

I am here to find my roots. My mother was born and raised in Lebanon until she was twelve, then moved with her family to California when her father’s job was transferred. She moved to Michigan when she married my father, then to Köln, Germany because that’s where my father’s work took them, where I was born. Then back to Waterford for two years, where my brother was born. Then to Heidelberg, Germany for four. Then finally, we moved here, where we have lived for ten years. My mother has lived constantly on the move, and because of that, she has no roots. There is no place for her to call her hometown. She talks of it rarely, but when she does, she urges my brother and me to find our roots, and to be a part of our community, so that we have a place to call our own. The place where we could make positive contributions to the community- both that of the town itself, and the Armenian community in the area. The latter, I have accomplished- I am a contributing member of almost every Armenian youth group in the area, and I have a leadership role in many of them as well. I have taken an active part in my school, and I belong to several clubs, but I have no part of the community as a whole- which is why I’m applying to become a City Board Representative. My dedication to becoming a member of my community will serve the board well because I will be dedicated to making a positive difference. I know how I can best serve- my place in the community because I have so much experience with my Armenian community. I very much hope that I am chosen for this board, so that I can find my place and become a contributing member of my community. So I can grow my roots.

To Whom It May Concern:

I am writing this letter on behalf of Nayri Carman, a student here at Seaholm High School. My name is Edward Caughell, a high school math teacher. During the 2014-2015 school year I had the pleasure of teaching Nayri Carman in Honors Algebra 2.

Nayri Carman is a wonderful example of our students here at Birmingham Seaholm. She excelled in my classes. Nayri readily accepted the challenge of trying to figure out the most difficult problems, as she was always self-motivated to learn as much as possible. Her ability to reason through a complicated problem and utilize a variety of math tools from her repertoire is rather impressive. Nayri is, without a doubt, among the most dedicated and gifted students I have ever had the pleasure of teaching. In addition to doing well in my class, Nayri demonstrated the ability and patience to assist other students who were struggling. She has a natural ability to explain the material to others to help them to understand.

During the two years that I have known Nayri, she and I have engaged in several conversations, both school and non-school related. I find her to be a well rounded individual with high aspirations. Additionally, Nayri is always upbeat and positive in her approach to everything in life. Simply stated, she is a delight to be around.

Nayri has been a member soccer team during her time here at Seaholm. Due to some health constraints, her role has been limited to that of team manager, which she whole-heartedly embraces. Outside of school, Nayri participates in an Armenian youth dance group which travels to a variety of locations to perform. Nayri is a member of an Armenian choral trio which sings at different events. Each of these activities requires commitment, practice, and a willingness to put in extra effort to excel, which Nayri is willing to do. Nayri is also a part of a few different youth groups that among other things, conduct charity events. Nayri has a sincere concern for those around her and an awareness of the importance of being a good citizen in our community. While having such a busy schedule, Nayri continues to maintain academic excellence. As a result of her being involved in athletics, dance, singing, and her charitable endeavors, Nayri is well prepared to handle any challenges she may encounter in school or in life due to her dedication to always be the best she can be.

She is a student who works very hard, desires to learn, and will succeed. Nayri sets lofty goals for herself and constantly strives to exceed them. I consider her to be an exceptional student and person. I am happy to write this letter and offer up my strongest recommendation for her. Please consider Nayri’s application very seriously.

Respectfully,
Edward Caughell

To whom it may concern:

I wish to recommend Nayri Carman as a student representative for your board.

Nayri Carman is still a student in my AP chemistry class and honors chemistry class at Seaholm High School during the 2015 – 2016 and 2014 – 2015 school years. She is a very motivated individual. She comes to class prepared, seeks help when needed and consistently achieves near the top of the class. Nayri also has excellent interpersonal skills, which enhance her ability to work well with class members. She is a considerate, and mature young woman and is a positive influence in the classroom. Her class members respect her and enjoy being a part of her group.

Nayri has a quiet air of confidence about her. She takes difficult material in stride and works to master it without complaint. Her self-assurance means that she needs little supervision and will generally solve problems on her own. She asks for help when necessary but always tries to reach solutions first. Nayri takes complete responsibility for her work which has always been turned in complete and on time. Nayri’s passion for learning and inner drive make her a very unique individual. Her sense of integrity and personal honesty will contribute to her success in her future vocation.

Nayri is very enthusiastic about everything that she does. She dances in an Armenian youth dance group and is very excited and passionate about sharing her experiences. Nayri is a very talented and responsible young woman and it was my pleasure having her in class this year. I highly recommend her as a student representative.

Sincerely,

I. CALL TO ORDER AND PLEDGE OF ALLEGIANCE
Rackeline J. Hoff, Mayor, called the meeting to order at 8:38 AM.

II. ROLL CALL
ROLL CALL: Present, Mayor Hoff
Commissioner Bordman
Commissioner Boutros
Commissioner DeWeese
Commissioner Harris
Mayor Pro Tem Nickita
Commissioner Sherman

Absent, None

Administration: City Manager Valentine, City Attorney Currier, Clerk Pierce, Finance Director Gerber, Senior Accountant Burrick, DPS Director Wood, BSD Director Heiney, Police Chief Studt, Commander Albrecht, City Engineer O’Meara, HR Manager Taylor, Building Official Johnson, Fire Chief Connaughton, Assistant to the Manager Haines, IT Director Gemmell, City Planners Ecker & Baka, Museum Director Pielack, Library Director Koschik, Assistant Library Director Craft

III. DISCUSSION ITEMS
I. FINANCE
FIVE-YEAR FINANCIAL FORECAST
Tim St. Andrew, Plante Moran, presented the five-year financial forecast. He explained the state equalized value (SEV) and the taxable value. He noted that the SEV can go up with the market, where the taxable value can only go up by the lesser of 5% or inflation. He stated that it has been a good housing market and it is anticipated that it will continue to improve. City Manager Valentine explained that as taxable value grows, it is anticipated that the City will return to a high point in 2018-19.

Mr. St. Andrew stated that with the property tax growth and strong building permit activity, the City is expecting to see increases in the general fund, fund balance after 2017. The major streets fund and local streets fund relies heavily on general fund contributions to fund the services provided. He noted that throughout the five years, the City is heavily investing in the infrastructure.

In response to a question from Commissioner Harris regarding the delta between the Headlee cap and the operating millage, Joe Heffernan, Plante Moran, explained that Birmingham has never had to decrease its millage because it was forced to by the Headlee reduction. It is unusual for Headlee not to be impacting a community. Mr. Valentine stated that the reason for that is this strategic planning process to manage that gap. It is one of the key considerations when considering what maintains the AAA bond rating and any future needs.
CAPITAL IMPROVEMENTS
Finance Director Gerber explained that the capital projects include buildings, parks, and other types of capital needs. The status of each project is listed and whether funds have been set aside for these projects. He noted that it is a tool used to determine future capital needs the City may have.

II. ENGINEERING
   MAJOR & LOCAL STREETS
City Engineer O'Meara explained that Birmingham has approximately 22 miles of major streets and 63 miles of local streets. He noted that in 2014-15 only $1.8 million was collected in gas tax revenues for road maintenance and $7.8 million was spent. The difference was collected from the local property taxes. He explained how resurfacing projects are selected and what is done in a reconstruction project. In addition he explained the difference between resurfacing vs micro-surfacing, crack sealing vs asphalt rejuvenating, and unimproved vs improved roads.

DPS Director Wood explained the capeseal process and estimated price ranges. She confirmed for Commissioner Sherman that the average lifespan of a capeseal road is 7-10 years depending on the maintenance and conditions. Commissioner Sherman commented that the Commission will have to decide if it wants to improve the roads or to continue with a temporary fix.

Dorothy Conrad encouraged the City to provide a better explanation of improved roads for the general public knowledge.

Mayor Pro Tem Nickita suggested the City create a video to explain the process to improve roads and give examples of improved and unimproved roads.

Mr. O'Meara explained the street projects planned for 2016, 2017, and 2018. In response to a question from Commissioner Boutros, Mr. O'Meara explained that the road work is prioritized based on a point system after the roads and infrastructure are evaluated.

SIDEWALK MAINTENANCE
City Engineer O'Meara explained that the sidewalk repairs which residents are responsible for include sidewalk damage crossing their driveway or if the sidewalk was lifted up due to a tree on their property. In the downtown area, the business owners are charged for brick repairs or wider than typical sidewalks. He explained that each year a different area of sidewalk is inspected and replaced as needed.

Commissioner Harris questioned if regularly scheduled repair to a sidewalk is billed to the property owner. Mr. O'Meara stated that approximately 85% of the bill is paid by the City.

BACKYARD SEWER AND WATER MASTER PLAN
City Engineer O'Meara presented a history of the backyard sewer and water plan. He explained that in 2010 a master plan was created to address the issue of backyard sewer. He noted that easements are required in order to line the backyard sewers in the Quarton Lake area. He stated that there are a number of properties who have not signed an easement. Mr. O'Meara stated that 100% compliance is needed before the sewer can be lined.
ADA PARKING REQUIREMENTS
City Engineer O'Meara explained that the ADA code has changed. As the new streets are built, the new parking meters must be installed at 42" above grade and will be shorter than in the past. In addition, if a street is reconstructed or resurfaced downtown, handicap spaces must be included at a ratio of 1 vehicle for up to 25 spaces on the block marked with the blue lines, blue meter, and standard disabled parking sign. It is recommended to do this on angled parking where possible. For parallel parking, if there is a 14 foot sidewalk or bigger, the space must be built five feet wider into that sidewalk for side-loading vehicles. He stated that approximately 64 spaces throughout the downtown would have to be marked handicap. He stated that this will go before the Advisory Parking Committee, then to the City Commission.

DOWNTOWN PARKING STRUCTURE PLANNING
City Engineer O'Meara explained the history of the parking system. He stated that a parking study committee was formed to address future parking demand. He explained the parking demand versus available parking. The ad hoc parking development committee was formed to study this. He explained the parking structure options considered by the committee.

Mayor Hoff noted that the committee determined to not go further with the Pierce Structure and to focus on the North Old Woodward Structure.

Mayor Pro Tem Nickita commented on parking capacity and noted that Bates Street makes the most sense.

III. BIRMINGHAM SHOPPING DISTRICT (BPS) PLAN FOR DOWNTOWN CONSTRUCTION
BPS Director Heiney explained the mission of the BPS and the four operational areas that the BPS operates to support the commercial district which includes marketing/advertising, special events, maintenance capital improvements/beautification, and business recruitment. He explained that the BPS has steadily increased its fund balance while keeping the assessment rate flat and maintaining and improving services. The fund balance provides an opportunity for the BPS to provide additional support to business and property owners during the next several years of downtown construction scheduled to begin in 2017. The idea is to utilize the additional resources to provide services to bring shoppers downtown. One of the services is valet parking at strategic locations six days a week and to add additional signage indicating the business are open during the construction.

IV. PLANNING CITY-WIDE MASTER PLAN UPDATE
City Planner Baka presented an overview of the Birmingham Future Land Use Plan, Downtown Birmingham 2016 Plan, Eton Road Corridor Plan, Triangle District Plan, Alleys and Passages Plan, and the Multi-Modal Transportation Plan. He reviewed the key achievements and objectives in each plan.

Dorothy Conrad expressed concern with overbuilding in the residential areas. She suggested a review of residential development be incorporated into the planning process.

Mayor Pro Tem Nickita suggested the plans be unified. He commented that the City needs to get in front of certain things such as lot combinations. He stated that the City defines what the plan should include.
Commissioner Bordman noted that there is no mechanism to identify historic homes.

**REGIONAL PROJECTS**

City Planner Ecker discussed regional collaboration and the principles of transit oriented development. She explained the status of the bus rapid transit system. She noted that a Regional Transit Authority was established to oversee all of the regional mass transit projects in metro Detroit.

Ms. Ecker explained that the Woodward Avenue Action Association received a grant to do a complete streets study on the entire Woodward Corridor. She explained that complete streets feature bike lanes, sharrows, bike paths, transit stops, better crossing opportunities, crossing islands, bumpouts, traffic calming measures, accessibility features. She explained that the Woodward Avenue Complete Streets Plan will be presented to the Commission soon.

In response to a question from Commissioner Harris, Ms. Ecker explained that each community has a representative speaking on its behalf before the Regional Transit Authority. Mr. Valentine noted that as the groups gather collaborative consensus for the corridor, the actual implementation will have a local impact.

Ms. Ecker confirmed for Commissioner Boutros that if the plan gets to the preliminary engineering stage where the plans are drawn, the City would have a much larger role in the plan as it would be reviewed by City boards. She noted that the speed limit is regulated by MDOT.

**BISTRO LICENSE PROGRAM REVIEW**

City Planner Ecker presented a review of the bistro program and reviewed the bistro regulations. She stated that the objective was to control the types of restaurants that were coming in and to make sure they were what the community was looking for. She explained the bistro review process and noted that as a result of the bistro program, there have been ten new bistros and seven existing restaurants that converted into the bistro program.

Peter Bray suggested a program be created that would encourage family restaurants.

The Commission recessed at 11:35 AM.
The Commission reconvened at 11:41 AM.

**V. DEPARTMENT OF PUBLIC SERVICES**

**ENHANCED ISLANDS – WOODWARD AVE.; ROUGE RIVER TRAIL MASTER PLAN; POPPLETON PARK SITE PLAN; ADAMS PARK SITE PLAN; KENNING PARK MASTER PLAN; BARNUM PARK**

DPS Director Wood explained that the City has contracted with Michael Dul to begin working on plans to enhance the islands on Woodward between Oakland and Brown for form and function.

Ms. Wood explained that the Rouge River Trail Master Plan includes the addition of pedestrian bridges located in Booth Park connecting from North Old Woodward; Linden to Lynn Smith Park; replacement of the bridge on West Maple walkway to Linden, Booth Park and Willits connecting the open lot; and Willits west of Maple connecting to Baldwin Avenue. Ms. Wood explained that a consultant was hired to move forward on a design competition process.
Mayor Pro Tem Nickita commented that a lot of clarity is needed on the budgeting as the design will dictate the cost. Ms. Wood confirmed that it is a very preliminary estimate. The enhancements could include a plaza feature, boardwalk, bridge, and foundation. She explained that it is the components that lead up to the bridge that are part of the project which takes into consideration the terrain, slope, plaza, and the development of the area.

Commissioner Bordman and Mayor Hoff questioned if the design competition would be presented to the Parks Board first or the Commission. Mr. Valentine stated that the design competition should meet the objectives of the Commission which had the idea that introduced it. The Parks Board should implement and work out the details on the program and return to the Commission with a formal recommendation.

Ann Bray commented that the climate is changing which affects the river. She noted that this is the only wildlife corridor fly-away for the birds left in southeastern Michigan.

George Stern encouraged the integration of the Museum with the park and trail system.

Ms. Wood explained that there is a park concept plan for Poppleton Park, Adams Park, Kenning Park and Barnum Park.

Cindy Rose commented on the fundraising efforts for Barnum Park improvements.

The Commission recessed at 12:26 PM.
The Commission reconvened at 12:47 PM.

VI. BUILDING DEPARTMENT

ONLINE INSPECTION SCHEDULING & PERMITTING

Building Official Johnson explained the improvement to the permitting process which will allow permit holders to schedule inspections online. He explained the ease of the process and how it will increase efficiency. He noted that the inspection results could be emailed to the permit holder as well. He stated that staff will still accept calls in the office to schedule inspections.

Mr. Johnson confirmed for Mayor Hoff that it is anticipated the department will go live by the end of April, 2016.

VII. POLICE DEPARTMENT

ORGANIZATIONAL CHANGES

Police Chief Studt explained the organizational changes in the Police Department include moving from three 8-hour shifts to four 12-hour shifts. This will reduce the overtime, and allow for easier scheduling of ongoing training. The Deputy Chief position will be eliminated and replaced with three commanders to oversee operations, investigations, and services. Chief Studt further explained the various staff trainings and interagency agreements currently in place.

In response to a question from Commissioner Bordman regarding body cameras worn by officers, Chief Studt explained that each vehicle has a camera system. He noted that he would like to see the legislature enact standards on body cameras prior to implementation.
VIII. LIBRARY
STATUS OF PROPOSED ADULT SERVICES RENOVATIONS
LONG RANGE LIBRARY BUILDING VISION

Library Director Koschik explained the objectives of the library improvement project include efficiency of the building, infrastructure improvements, improving circulation and wayfinding, providing better handicap accessibility access for families, increase study and collaboration spaces, and expanding the youth areas. He noted that the aesthetic improvements include respecting the integrity of the Birkerts addition, bringing in more light, and improving the acoustics. He explained that all three phases would cost approximately $5.7 million. He pointed out that Phase 1 would not compromise any improvements or vision for Phases 2 and 3. The next step is to come up with funding strategies.

Commissioner DeWeese questioned the plan to bring this before the Commission to proceed with Phase 1 and the funding mechanism. City Manager Valentine explained that this will come before the Commission to award the contract for Phase 1, which the Library will be funding. The funding for the actual project will be discussed at the budget session.

Commissioner Harris noted that a committee could be formed, as suggested by the Library Board, at that time without compromising funding consistent with the Phase 1 timeline. He questioned if the Library Board envisioned that the committee would address all three phases or just the latter two. Mr. Koschik confirmed that the main interest is in the first phase, then to have a discussion on Phases 2 and 3.

Dorothy Conrad and Patty Edwards expressed support of the library project.

David Bloom and Jim Suhay agreed that a committee should be formed for this project.

Commissioner Sherman left at 1:46 PM.

IX. FIRE DEPARTMENT
CHESTERFIELD FIRE STATION CONSTRUCTION

Fire Chief Connaughton explained the history of the Chesterfield Fire Station. He commented on the operational needs which the new station will address including a larger apparatus bay, men/women bathrooms and locker rooms, and communication/work room and the opportunity for growth to house more than two firefighters. He stated that it is anticipated the project will be complete in August, 2017.

X. HISTORICAL MUSEUM
STRATEGIC PLAN

Museum Director Pielack explained that the museum will be reviewing the strategic plan. She explained the successful outcomes of the plan include increased attendance at the museum and on-line presence, grant funding for a number of projects such as the outdoor wifi in the park. She noted that this year the structure for the historic Hill School Bell will be constructed. She stated that going forward the focus will be on digitization of the collection and continuing the park accessibility, the wifi improvements and rebranding.

In response to a question from Mayor Hoff, Ms. Pielack confirmed that the preferred name of the museum, based on the survey, is “The Birmingham Museum”. She explained that the name change will be incorporated into the rebranding process.
XI. Citizens Academy
Assistant to the City Manager Haines introduced a Citizens Academy program to increase understanding about how local governments operate. She stated that it would be held once a year and limited to twenty participants. The Commission expressed support of this program.

Ashley Aidenbaum expressed support of the Citizens Academy.

CITY LOGO
Assistant to the Manager Haines explained that it was suggested the City review its branding and image in regards to updating its logo as the current logo is almost twenty years old. She explained the process would start by issuing a Request for Proposal.

Mayor Pro Tem Nickita expressed support of the rebranding of the City logo.

Mayor Hoff suggested this move forward once the Commission has completed its goal setting.

IV. Public Comment
George Stern, 1090 Westwood, suggested Greenwood Cemetery be added to the next Long Range Planning agenda. He requested that the Commission charge the Cemetery Board to return to the Commission with the status of what they are doing about reclamation.

City Manager Valentine clarified for Mr. Stern that the Commission did not direct that the reclamation process be started. He explained the Commission direction regarding the sale of the new graves.

V. Adjourn
The meeting adjourned at 2:16 PM

Laura M. Pierce
City Clerk
I. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

Rackeline J. Hoff, Mayor, called the meeting to order at 7:32 PM.

Administration: City Manager Valentine, City Attorney Currier, Clerk Pierce, Assistant to the Manager Haines, City Engineer O'Meara, DPS Director Wood, Fire Chief Connaughton, Police Chief Studt, Deputy Police Chief Clemence, Special Event Coordinator Rondello, Building Official Johnson, Library Director Koschik, Assistant Library Director Craft

III. PROCLAMATIONS, CONGRATULATORY RESOLUTIONS, AWARDS, APPOINTMENTS, RESIGNATIONS AND CONFIRMATIONS, ADMINISTRATION OF OATHS, INTRODUCTION OF GUESTS AND ANNOUNCEMENTS.

01-14-16 2015 OUTSTANDING BUILDING OFFICIAL AWARD RECOGNITION OF BRUCE JOHNSON

The City Commission recognized Bruce Johnson, Building Official, who was presented with the 2015 Outstanding Building Official Award from the Home Builders Association of Southeastern Michigan.

01-15-16 STATE REPRESENTATIVE MIKE MCCREady & STATE SENATOR MARTY KNOLLENBERG

State Senator Marty Knollenberg presented an update on the road legislation. He commented on SB 571 and explained that there is pending legislation to amend and clarify it.

State Representative Mike McCready explained that SB 571 had updates to election finance laws dealing with leadership accounts, the repayment of and disclosures referred to as PAC accounts. An amendment was added to it which changed the way local governments could notify their constituents of any bond or millage increases or other related items. He noted that he will be working closely with the Michigan Municipal League, the Township Association, the Library Association, and the schools to get the best possible language to amend it.

Commissioner Sherman pointed out that the number of times that a local body has had a complaint as a result of improper usage of funds since 2012 is five of approximately fifty
complaints. It is not a rampant problem. He noted that an article from Moody’s, which considers this a negative credit event. We are AAA bond rated community. If as a result of legislation in Lansing, Moody’s comes in and says that is no longer the case, we are going to have to look to Lansing to fix it. The City cannot have legislation that will impair our ability to go out to the bond market when we need to borrow money.

State Representative Mike McCready explained HB 5103 and 5104 regarding aggressive solicitation. He noted that pan-handling is a growing public safety concern. He noted that the HB will establish restrictions on the state level to act as a fall back for communities that have not yet addressed this matter. HB 5103 would prohibit an individual from requesting donations near a bank entrance/exit or within 15 feet of an ATM and prohibits a person from requesting a donation in a matter that is intimidating, abusive, or causes another to feel bodily harm is eminent. He explained the proposed penalty for violations.

Commissioner Sherman suggested treating pan-handling as a business or occupation where it could be licensed and regulated. Rep. McCready will look into it.

In response to a comment by DeAngello Espree, Mr. Currier explained that if there is an aggressive pan-handler, it is important for the public to call the police department immediately.

01-16-16 APPOINTMENT TO THE BOARD OF BUILDING TRADES APPEAL

V. UNFINISHED BUSINESS

VI. NEW BUSINESS

01-22-16 ESTABLISHMENT OF A REVIEW PROCESS FOR CHANGING CITY STREET NAMES

Assistant to the Manager Haines explained that the City received a petition, signed by all five residents on Millrace Road, requesting that the name of the road be changed to Lakeside Court. She explained that the City Commission has the ability to change the street name through a public hearing as provided for in the Charter. The second option is to direct staff to develop a policy to consider street name change requests and provide a process whereby the request would be reviewed by the Historical Museum, Historic District Study Committee, City Departments, and other agencies which may be necessary to determine its impact on the City financially and historically.

Mayor Hoff questioned when the last time a street name was changed. Mr. Currier and Mr. Valentine agreed that the City initiated the change from Hunter to Old Woodward.

Commissioners Harris expressed his preference to develop a policy as the decision should not be made without the historical information. Commissioner DeWeese and Mayor Pro Tem Nickita agreed.
**MOTION:** Motion by Nickita, seconded by DeWeese:
To direct staff to develop a policy to consider street name change requests to provide a review by the Historical Museum, the Historic District Study Committee, City Departments, and other agencies as may be necessary to determine its impact on the city, along with associated costs, and further, tabling all requests until a street name change policy has been adopted by the City Commission.

Russ Dixon expressed support of a citizen review board to review the request. He pointed out that prior to Hunter, Brownell Street was changed to Peabody.

**01-23-16 ARCHITECTURAL SERVICES AGREEMENT FOR THE BALDWIN PUBLIC LIBRARY**

Library Director Koschik explained the request to approve the agreement with Luckenbach Ziegelman Gardner for architectural services for the proposed renovation of the Adult Services section of the Baldwin Public Library. He explained that the RFP is for the remaining stages of the architectural work which includes design development, construction drawings, bidding in construction assistance. Because the building is owned by the City and not the Library, the City is also involved in the process. He noted that only one bid was received. He stated that if it is approved, the Library will move ahead with the next two stages of the project - design development and construction drawings. The Library will pay the $117,000 out of its budget. He stated that there is an expectation that this project will move ahead in the near future that a funding mechanism of some kind will be found so the project can move forward.

Commissioner Sherman explained that the City cannot guarantee that the project will be funded as the Commission will have to work through the funding mechanism. There are no guarantees, however the Commission will do everything they can to make it happen.

**MOTION:** Motion by DeWeese, seconded by Sherman:
To approve the agreement with Luckenbach Ziegelman Gardner for architectural services for the proposed renovation of the Adult Services section of the Baldwin Public Library, contingent upon the approvals required by Section 2-289 of the Birmingham City Code, with funds to be paid by the Library, and further to direct the Mayor and City Clerk to sign the agreement on behalf of the City.

The following individuals expressed support of the project:
- Dorothy Conrad
- Patty Edwards
- Frank Pisano
- David Bloom
- Larry Bertollini
- Russ Dixon

**VOTE:**
- Yeas, 7
- Nays, None
- Absent, None
The Commission received communications in support of the Adult Services Phase One Project from the following individuals:
- Margaret Betts, 1692 Washington
- Gerald and Carolyn Dreer, 2794 Derby

**01-24-16 INTERIM-STUDY REPORT ON THE WEST MAPLE ROAD LANE TRIAL RECONFIGURATION PROJECT**

Mike Labadie, Fleis & VandenBrink, presented the interim study report on the progress of the West Maple Road Lane Trial Reconfiguration Project. He explained the number of crashes, average speeds and the daily traffic volume dropped. The cut through traffic was reduced and there was no change to the level of service and travel time in the corridor.

In response to a question from Mayor Hoff regarding the decrease in traffic volume on West Maple, Mr. Labadie explained that the volumes from the before condition were taken from an average from 1999-2002. He noted that the next report will show this data with the original six month plan.

Mr. Labadie explained for Commissioner Bordman that the traffic volume figures is more recent. He confirmed for Commissioner Harris that the comparison information is current except for the traffic volume information on West Maple.

Commissioner Boutros commented that there is a bit of congestion on West Maple. Mr. Labadie explained that calculations were taken at three peak times during the day.

David Bloom suggested each slide in the presentation be annotated with the data that was collected.

**01-25-16 HAMILTON AVENUE PAVING PROJECT CONTRACT AWARD**

City Engineer O’Meara explained the project to reconstruct Hamilton includes new sewer, watermain, sidewalks, and street lights. He explained that the ramifications to the business community has been thought through. He noted that there are some incentives to the contractor if the project is completed ahead of schedule and if it is completed behind schedule the contractor would be penalized.

Mayor Hoff questioned the difference between the budgeted amount for the project and the actual cost. Mr. O’Meara explained that the construction costs are increasing.

Mr. O’Meara confirmed for Commissioner Bordman that the street lights would be able to accommodate the same size banners as is currently hung.

Mr. O’Meara confirmed for Commissioner Sherman that the pedestrian scale lights will be LED.

Mr. O’Meara confirmed for Mayor Pro Tem Nickita that a crosswalk will be at the Ferndale intersection.

Mayor Pro Tem Nickita questioned if the City is intending to build out the intersection at Old Woodward with the intention of revising it when Old Woodward is redone.
Mr. O’Meara confirmed that the intersection will be completely rebuilt in 2017.

Mayor Pro Tem Nickita commented on northbound Park Street, between Maple and Hamilton. He noted that that intersection is unusual and highly pedestrian and questioned whether it has been reviewed to potentially add a stop sign and crosswalk. He pointed out that if it is going to be rebuilt, why would it not be addressed. He suggested this area be reviewed.

Mayor Pro Tem Nickita noted that the project includes four foot bumpouts. He suggested that the bumpout size be revised to incorporate the new policy being reviewed by the Multi-Modal Transportation Board.

**MOTION:** Motion by DeWeese, seconded by Boutros:

To award the Hamilton Ave. Paving Project, Contract #3-16(P), to F.D.M. Contracting, Inc. of Shelby Township, MI, in the amount of $1,465,332.00, to be funded from the following accounts:

*Awaiting approval from Commission.*
Cutwater Asset Management provides advisory and reporting services for the City's general investments. It was acquired by Bank of New York Mellon, N.A. in January 2015. As a result of the acquisition, they no longer accept checks as payment for services. Once the Commission approves this warrant list, the City will electronically transmit payment. These invoices will start appearing once a month on the ACH Warrant List.

DATE: January 27, 2016

TO: Joseph A. Valentine, City Manager

FROM: Laura M. Pierce, City Clerk

SUBJECT: Appointment of Election Inspectors

As the official Election Commission for the City of Birmingham, election law requires the City Commission appointment of at least three election inspectors for each precinct for all elections. Attached is a list of inspectors that have been assigned to serve for the March 8, 2016 Presidential Primary Election.

SUGGESTED RESOLUTION:
To approve the appointment of election inspectors for the March 8, 2016 Presidential Primary Election pursuant to MCL 168.674(1) and to authorize the City Clerk to make revisions as needed.

Attached is a special event application submitted by the City of Birmingham requesting permission to hold the Celebrate Birmingham Hometown Parade on Sunday, May 15, 2016, in the downtown area.

The parade staging area will be located on South Old Woodward, south of Brown. The parade will travel north on Old Woodward, west on Maple, and south on Bates. The parade will end in Shain Park. The City is working with the Junior League of Birmingham to sponsor the children’s games and activities which will be held in Shain Park.

The application has been circulated to the affected departments and approvals and comments have been noted.

The following events have either been approved by the Commission or are planned to be held in May and have not yet submitted an application. These events do not pose a conflict with the proposed event.

Laura

I spoke with Ruth Clevers on January 15, 2016. She let me know that she does not live in the City of Birmingham any longer and wanted to resign from the Board.

I let Ruth know that the City Clerk would need something in writing from her regarding her resignation and she let me know she would send something to you.

Let me know if you require further information from me.

The owners of the properties known as 1366 Haynes Ct. and 725 S. Adams are seeking approval for the division of property in order to transfer a portion of 1366 Haynes Ct. to the property abutting the rear property line located at 725 S. Adams, commonly known as Adams Square. The parcel at 1366 Haynes Ct. is a triangular shaped lot. The paved area behind the building at 725 S. Adams encroaches 3.5' into the rear yard of 1366 Haynes. There is also a utility pad containing an AT&T box in this area. As stated in the attached letter, the two properties have had associated ownership since 1964. The applicant states that the encroachment has also existed since approximately 1964. The utility pad has been in place since 2005. The owners of the two properties are requesting permission to transfer this portion of 1366 Haynes Ct. to 725 S. Adams. This rearrangement will reduce the square footage of 1366 Haynes Ct. by 1067.4 square feet, creating a 12,166 square foot parcel. The rearrangement will add 1067.4 square feet to 725 S. Adams, creating a 220,587.8 square foot parcel. This division will not result in the creation of any additional buildable lots.

The Subdivision Regulation Ordinance (Chapter 102, Section 102-53) requires that the following standards be met for approval of a lot division.

(1) All lots formed or changed shall conform to minimum Zoning Ordinance Standards.

Enclosed are copies of surveys provided by the applicant depicting existing and proposed conditions. The proposed rearrangement has been reviewed by the Community Development Department. The altered parcel that results from the
The lot rearrangement at 1366 Haynes Ct. would conform to minimum Zoning Ordinance standards as set out in Article 02, Section 2.08 of the Zoning Ordinance, for the R-2 Zoning District. The proposed rearrangement would reduce the size of 1366 Haynes Ct. from 13,233.4 sq. ft. to 12,166 sq. ft. and would increase 725 S. Adams, from 219,520.4 sq. ft. to 220,587.8 sq. ft. The R2 parcel, 1366 Haynes Ct., would be in excess of the required 6,000 sq. ft. minimum lot size required for the R-2 Single Family Residential District. The B2 parcel, 725 S. Adams, does not have a minimum lot size.

(2) All residential lots formed or changed by the division shall have a lot width not less than the average lot width of all lots on the same street within 300 feet of the lots formed or changed and within the same district.

The parcels created by the lot split will not alter the width of either lot in question; rather it will rearrange a strip of land at the back of the lot.

(3) The division will not adversely affect the interest of the public and of the abutting property owners. In making this determination, the City Commission shall consider, but not be limited to the following:

a. The location of proposed buildings or structures, the location and nature of vehicular ingress or egress so that the use of appropriate development of adjacent land or buildings will not be hindered, nor the value thereof impaired.

b. The effect of the proposed division upon any flood plain areas, wetlands or other natural features and the ability of the applicant to develop buildable sites on each resultant parcel without unreasonable disturbance of such natural features.

c. The location, size, density and site layout of any proposed structures or buildings as they may impact an adequate supply of light and air to adjacent properties and the capacity of essential public facilities such as police and fire protection, drainage structures, municipal sanitary sewer and water, and refuse disposal.

No new buildings are proposed in conjunction with the lot rearrangement. Current ingress and egress to both parcels will not be altered. The proposed lot division will not hinder the development of adjacent properties.

The subject property is not located within the floodplain or soil erosion limit of a recognized stream, river, lake or other water body. The site does not appear to exhibit evidence of regulated wetlands or endangered species of flora and fauna. The
proposed lot rearrangement and property transfer will not affect any natural features on the site.

The proposed lot rearrangement will not negatively affect the supply of light and air to adjacent properties. It will not negatively affect the capacity of essential public facilities. City departments have no objections to the proposed lot split.

SUGGESTED ACTION:

1) To APPROVE the proposed lot rearrangement of 1366 Haynes Ct. and 725 S. Adams,

or

2) Deny the proposed lot rearrangement of 1366 Haynes Ct. and 725 S. Adams as proposed, based on the following conditions that adversely affect the interest of the public and of the abutting property owners:

RE: Proposed Lot Split from 1366 Haynes Court

Dear Mr. Baka:

This letter is written on behalf of The Philip D. Stevens Living Trust (the “Trust”) and the Philip Stevens Building Company, LLC (the “Building Company”), joint applicants of the accompanying Lot Split Application. The Trust is the owner of 1366 Haynes Court, a residential lot, and the Building Company is the owner of South Adams Shopping Center, which center adjoins the west border of the residential lot at the southeast corner of the shopping center property. In this request to the City of Birmingham, the Trust is proposing to remove a narrow portion of its west property line, hence the “split,” and add the narrow property to the shopping center property, due to a longstanding encroachment of the shopping center property on 1366 Haynes Court.

At present, the shopping center property encroaches on the western edge of the 1366 Haynes Court by approximately 3 and a half feet. The area of encroachment consists of a paved area which runs along the back, or easterly side, of the shopping center and a high wooden fence. The paved area is used for parking and also holds a large storage shed.

Upon information and belief, the encroachment area has existed since 1964 when the Harry Stevens Building Company, the predecessor of the Building Company, purchased the shopping center property for development. The Harry Stevens Building Company also purchased 1366 Haynes Court in 1964. In 1979 the Harry Stevens Building Company conveyed 1366 Haynes Court to Philip Stevens. In sum, the adjoining properties have had affiliated ownership since 1964 therefore the encroachment was not causing any adverse issues.

The Trust also proposes to include a rectangular AT&T (formerly Michigan Bell) easement area in the split at the south end of 133 Haynes Court. The AT&T easement holds a utility box/pad. The fence which extends along the above-described encroachment extends an additional 12 or so
feet east to surround the AT&T pad. The utility pad has been accessed through the shopping center property since the utility pad was constructed in 2005.

Recently, the joint applicants have considered selling one or both properties. Therefore, to avoid potential title issues with the existing encroachment, the Trust wishes to split the encroachment area from its property and the Building Company wishes to accept the split parcel. As a result, the split property will be added to the shopping center property and will not be a separate parcel.

On behalf of both applicants, the undersigned is appreciative of the consideration of the Planning Department and the Planning Commission, and requests that the Commission approve the accompanying Application. This Application package includes the requisite filing fee of $400.00, as well two(2) sets of survey plans. Please call the undersigned if you have any questions.

Sincerely,

Law Office of Kevin S. Macaddino, PLLC

TO: City Commission
FROM: Joseph A. Valentine, City Manager
SUBJECT: Request for Closed Session
Attorney-Client Privilege

It is requested that the city commission meet in closed session pursuant to Section 8(h) of the Open Meetings Act to discuss an attorney/client privilege communication.

SUGGESTED RESOLUTION:
To meet in closed session to discuss an attorney/client privilege communication in accordance with Section 8(h) of the Open Meetings Act.
NOTICE OF INTENTION TO APPOINT TO BOARD OF REVIEW

At the regular meeting of Monday, February 22, 2016, the Birmingham City Commission intends to appoint two regular members and one alternate member to serve the remainder of three-year terms to expire December 31, 2016 and December 31, 2018. Applicants must be property owners and electors of the City of Birmingham.

The Board of Review, consisting of two panels of three local citizens who must be property owners and electors, is appointed by the City Commission for three-year terms. Although a general knowledge of the City is very helpful, more important are good judgment and the ability to listen carefully to all sides of an issue before making a decision. Approximately three weeks in March are scheduled for taxpayers to protest their assessments and one day each in July and December for correcting clerical errors and mutual mistakes of fact. Two training sessions in February are also required.

Interested citizens may submit an application available at the clerk’s office or online at www.bhamgov.org/boardopportunities. Applications must be submitted to the city clerk’s office on or before noon on Wednesday, February 17, 2016. These documents will appear in the public agenda for the regular meeting at which time the City Commission will interview applicants and may make nominations and vote on appointments.

Board members are paid $110 per diem.

NOTICE OF INTENTION TO APPOINT TO THE CABLECASTING BOARD

At the regular meeting of Monday, March 14, 2016 the Birmingham City Commission intends to appoint to the Cablecasting Board three regular members and one alternate member to serve the remainder of the three-year terms. Applicants must be residents of the City of Birmingham.

Interested citizens may submit an application available at the city clerk’s office or online at www.bhamgov.org/boardopportunities. Applications must be submitted to the city clerk’s office on or before noon on Wednesday, March 9, 2016. These applications will appear in the public agenda for the regular meeting at which time the City Commission will discuss recommendations, and may make nominations and vote on the appointments.

Duties of the Cablecasting Board
1) Advise the municipalities on matters relating to cable communications;
2) Monitor the franchisee's compliance with the franchise agreement and the cable communications ordinance;
3) Conduct performance reviews as outlined in Chapter 30, Article VII of the city code;
4) Act as liaison between the franchisee and the public; hear complaints from the public and seek their resolution from the franchisee;
5) Advise the various municipalities on rate adjustments and services according to the procedure outlined in Chapter 30; Article VI
6) Advise the municipalities on renewal, extension or termination of a franchise;
7) Appropriate those moneys deposited in an account in the name of the cablecasting board by the member communities;
8) Oversee the operation of the education, governmental and public access channels;
9) Apprise the municipalities of new developments in cable communications technology;
10) Hear and decide all matters or requests by the operator (Comcast Cablevision);
11) Hear and make recommendations to the municipalities of any request of the operator for modification of the franchise requirement as to channel capacity and addressable converters or maintenance of the security fund;
12) Hear and decide all matters in the franchise agreement which would require the operator to expend moneys up to fifty thousand dollars;
13) Enter into contracts as authorized by resolutions of the member municipalities;
14) Administer contracts entered into by the board and terminate such contracts.

NOTICE OF INTENTI ON TO APPOINT TO PLANNING BOARD

At the regular meeting of Monday, March 14, 2016, the Birmingham City Commission intends to appoint two members to serve three-year terms to expire March 28, 2019. Members must consist of an architect duly registered in this state, a building owner in the Central Business or Shain Park Districts, and the remaining members shall represent, insofar as possible, different occupations and professions such as, but not limited to, the legal profession, the financial or real estate professions, and the planning or design professions. Members must be residents of the City of Birmingham.

Interested citizens may submit an application available at the city clerk's office or online at www.bhamgov.org/boardopportunities. Applications must be submitted to the city clerk's office on or before noon on Wednesday, March 9, 2016. These applications will appear in the public agenda for the regular meeting at which time the City Commission will discuss recommendations, and may make nominations and vote on the appointments.

PLANNING BOARD DUTIES
The planning board consists of nine members who serve three-year terms without compensation. The board meets at 7:30 P.M. on the second and fourth Wednesdays of each month to hear design reviews, zoning ordinance text amendments and any other matters which bears relation to the physical development or growth of the city.

Specifically, the duties of the planning board are as follows:
1. Long range planning
2. Zoning ordinance amendments
3. Recommend action to the city commission regarding special land use permits.
4. Site plan/design review for non-historic properties
5. Joint site plan/design review for non-residential historic properties
6. Rezoning requests.
7. Soil filling permit requests
8. Requests for opening, closing or altering a street or alley

The cities of Birmingham and Royal Oak share jurisdiction of 14 Mile Rd. on its joint border (Greenfield Rd. to just west of Coolidge Hwy.; almost one mile). This segment was reconstructed by Royal Oak in 2000. Last year, Royal Oak attempted to secure federal funding to resurface a two mile segment from Greenfield Rd. to Crooks Rd. through the Oakland Co. Federal Aid Committee. They were successful in receiving a grant to cover 80% of this cost in 2019, but not for the segment between Greenfield Rd. and Woodward Ave. The short segment (0.2 miles) at the west end was left off because it did not rank quite as high as the rest, and no more funding was available. Royal Oak is hopeful to move this project up to 2018, by advance funding the job, and then getting reimbursed by the federal government for their share in 2019.

There is a second, smaller source of money which Birmingham, along with several other larger Oakland Co. communities can compete with the Road Commission each year, known as the National Highway Pavement Preservation Program (NHPP). This is the fund that paid the majority of the costs for the concrete patching conducted on E. Maple Rd. the past two years.

Today, representatives from the County and the cities that can participate met to discuss how to divide both the 2018 and 2019 funds. I saw this as an opportunity to obtain 80% funding on the short segment of 14 Mile Rd. that had been left behind by the above federal award to Royal Oak. Both Royal Oak and Birmingham agreed that this would be a good opportunity to resolve this issue, and the others that help make this decision agreed. The total cost of resurfacing this segment is estimated at $400,000. With 80% federal funding, the two cities will receive a grant for $320,000. Since we share this road with Royal Oak, Birmingham's share will be $40,000, plus 50% of the total administration and engineering costs.
Last year, our MI Dept. of Transportation (MDOT) representative that deals with railroad matters offered to give the City $40,000 toward the cost of demolishing the existing Birmingham train station. The work will involve removing the shelter, a second shelter that housed a portable handicap lift, the concrete loading platform, and the concrete ramp for passengers to walk from the end of Villa Ave. up to the platform. After the removals are complete, the area will be graded off. Grass seed will be planted, and the gap in the chain link fence will be closed off with new fence.

The funds MDOT offered are being taken from savings achieved by the City of Troy when they made changes to the transit center that allowed it to be built for less than originally estimated. The funds were intended to cover all of Birmingham’s costs. We were encouraged to bid the job in such a way that it would be completed prior to the end of the 2015 calendar year.

The project should take a contractor about 2 weeks to perform. When the job was bid relatively late last year, the contractor would have to complete the work in November or December, and then be responsible to return in the spring to help touch up any damage to the grass caused over the winter. Due to the busy nature of the construction industry, and the late time of year, only one incomplete bid was received. It was formally rejected, and the project was bid again in December with a new timetable allowing contractors until the first week of June to complete the work.

Three bids were received. The results are attached. After reviewing the references of the low bidder, we feel that this firm has the credentials to complete this project appropriately. Unfortunately, their total bid is significantly higher than what MDOT had agreed to pay. Earlier this month, I requested that MDOT consider increasing the total cost contribution to cover this unexpected increase. They have verbally agreed to do so, and are now in the process of modifying the agreement that had been previously approved by the City Commission. Once a new agreement has been received, that will be forwarded to the Commission for approval. We will then be in a position to award the project to the low bidder, and ask authorize them to proceed. The low bidder is willing to wait for this process. They have indicated that they expect to complete the work in April, and that it will take about two weeks to perform.
