MEMORANDUM

Community Development

DATE: May 11, 2015

TO: Joe Valentine, City Manager

FROM: Matthew Baka, Senior Planner

CC: Jana Ecker, Planning Director

SUBJECT: Public Hearing for a Lot Rearrangement of 640 Baldwin Ct., Parcel #1925304028, T2N, R10E, SEC 25 ASSESSOR'S PLAT NO 2 S 4.5 FT OF W 148.42 FT OF LOT 4, ALSO W 148 FT OF LOTS 5 & 6. & Parcel #1925304029 (Vacant lot), T2N, R10E, SEC 25 ASSESSOR'S PLAT NO 2 W PART OF LOT 7 MEAS 137.76 FT ON N LOT LINE & 148.18 FT ON S LOT LINE

The owner of the property known as 640 Baldwin Ct. and the neighboring vacant lot (Parcel #1925304029) is seeking a revision to the previous approval of March 16th, 2015 to rearrange the property line which added a portion of 640 Baldwin to the vacant parcel that abuts the side property line. The applicant was previously approved to add approximately 27.25' feet of 640 Baldwin Ct. to the abutting vacant parcel in order to create two parcels of approximately the same size. However, since the original approval the applicant has decided that they would like to make the two parcels exactly the same size, which would require reducing the amount of property given to the southern vacant property by approximately 5' resulting in two lots that are 10,258 sq. ft. The land survey has been included for your review.

The Subdivision Regulation Ordinance (Chapter 102, Section 102-53) requires that the following standards be met for approval of a lot division.

- (1) *All lots formed or changed shall conform to minimum Zoning Ordinance Standards.*

Attached are copies of the survey provided by the applicant depicting existing and proposed conditions. The proposed rearrangement has been reviewed by the Community Development Department. The subject parcels are zoned R2 (Single-Family Residential). The minimum lot size for R2 is 6,000 sq. ft.

The resulting lot sizes proposed for the two (2) parcels will be larger than 6,000 sq. ft. The combined size of the existing parcels is approximately 20,516.1. The size of the new parcels would be 10,258 sq. ft. for parcel 1 (west parcel) and 10,258 sq. ft. for parcel 2 (east parcel). **Accordingly, the resulting parcels are in compliance with this requirement.**

- (2) *All residential lots formed or changed by the division shall have a lot width not less than the average lot width of all lots on the same street within 300 feet of the lots formed or changed and within the same district.*

The resulting lot width of the proposed residential lots would be 77.3 feet for Parcel 1 (west parcel) and 72.7 for Parcel 2 (east parcel). The average lot width for parcel within 300' is 71.1 feet. **Accordingly, the resulting parcels are in compliance with this requirement.**

- (3) *The division will not adversely affect the interest of the public and of the abutting property owners. In making this determination, the City Commission shall consider, but not be limited to the following:*

- a. *The location of proposed buildings or structures, the location and nature of vehicular ingress or egress so that the use of appropriate development of adjacent land or buildings will not be hindered, nor the value thereof impaired.*
- b. *The effect of the proposed division upon any flood plain areas, wetlands or other natural features and the ability of the applicant to develop buildable sites on each resultant parcel without unreasonable disturbance of such natural features.*
- c. *The location, size, density and site layout of any proposed structures or buildings as they may impact an adequate supply of light and air to adjacent properties and the capacity of essential public facilities such as police and fire protection, drainage structures, municipal sanitary sewer and water, and refuse disposal.*

The parcels as proposed would be developed into two (2) single-family residential homes. **The size of the parcels and the proximity to adjacent structures would not create any Zoning Ordinance non-conformities in relation to the adjacent existing homes.**

The subject property is not located within the floodplain or soil erosion limit of a recognized stream, river, lake or other water body. The site does not appear to exhibit evidence of regulated wetlands or endangered species of flora and fauna.

The proposed lot division will not negatively affect the supply of light and air to adjacent properties. It will not negatively affect the capacity of essential public facilities. **City Departments have no objections to the proposed lot split.**

SUGGESTED RESOLUTION:

- 1) To APPROVE the proposed lot rearrangement at 640 Baldwin as proposed;

OR

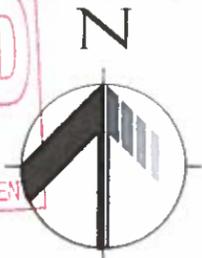

- 2) Deny the proposed lot rearrangement at 640 Baldwin as proposed, based on the following conditions that adversely affect the interest of the public and of the abutting property owners:
