INTRODUCTION:
Due to its age and condition, the Department of Public Services recommends replacement of vehicle #224, a 2009 John Deere Gator XUV 850D utility vehicle.

BACKGROUND:
This small on/off road utility vehicle is used extensively year-round by the Parks and Forestry division for the purposes of landscape maintenance and snow/ice removal at city parks, municipal sites and public right-of-ways. The equipment was evaluated using the following replacement scoring matrix:

The Department of Public Services recommends replacing this equipment with a 2019 John Deere Gator XUV 825M Utility Vehicle. This model has demonstrated reliability and uses interchangeable attachments. This vehicle is available for purchase through Bader & Sons Co. through the State of Michigan MiDeal cooperative purchasing contract for a total expenditure of $18,654.35. It is anticipated to be approximately six weeks for delivery.

LEGAL REVIEW:
This purchase does not require legal review.
FISCAL IMPACT:
This vehicle replacement is planned for and included in the Vehicle and Equipment Replacement schedule for the 2020-21 budget at the projected amount of $24,000. Based on the condition of this equipment and rating, we have moved up replacement and recommend it at this time. The Vehicle and Equipment Replacement schedule is a best estimate for annual replacements, but other factors come into play after such schedule is prepared. For instance, one vehicle projected on the 19-20 budget schedule was already purchased last year; therefore, the amount of $35,000 is available for this purchase.

The general replacement qualifier for this utility vehicle is five to eight years, but depends on actual wear and tear. Funds for this expenditure – totaling $18,654.35 – are available from the Auto Equipment Fund. The replaced vehicle will be stripped of transferrable equipment and listed on the Michigan Inter-Governmental Trade Network (MITN) for public auction.

PUBLIC COMMUNICATION:
This purchase does not require public communication.

SUMMARY:
Based on age and condition the Department of Public Services recommends approving the purchase of one (1) 2019 John Deere Gator XUV 825M from Bader & Sons Co., using funds from the Auto Equipment Fund #641-441.006.971.0100 for a total expenditure of $18,654.35.

ATTACHMENTS:
The Department of Public Services established Fleet Replacement Guidelines, as attached, which assists us in evaluating vehicles for appropriate replacement. In addition, the vehicle ratings help us with future planning and budgeting overall for citywide fleet purchases.

SUGGESTED RESOLUTION:
To approve the purchase of one (1) John Deere XUV 825M Utility Vehicle from Bader & Sons Co. through the State of Michigan MiDeal cooperative purchasing contract #071B7700085 in the amount of $18,654.35 from the Auto Equipment Fund, account #641-441.006.971.0100.
The City of Birmingham Department of Public Services has the responsibility for the maintenance and replacement of all vehicles on a City-wide basis. The City has over 200 vehicles. This rating and evaluation criteria was formalized during 2012 and the scoring system actually put into practice January of 2013. The RTA Fleet Management software is utilized for the purpose of providing and tracking preventive/reactive maintenance on all fleet vehicles. Records are maintained and updated by our Public Works Manager and two (2) fleet mechanics. The Replacement Guidelines are used internally to assess all City vehicles. Such replacement decisions are based on a review of all maintenance records and include general intuitive and observational perspectives. The table below is the general life expectancy of vehicles within our fleet.

The criteria listed below are factors reviewed as a basis for vehicle replacement decisions:

- Age
- Miles/Hours
- Type of Service
- Reliability
- Maintenance and Repair Costs
- Overall Condition
The following two tables illustrate the complete breakdown used to assign points to vehicles in an effort to classify them as Excellent, Good, Satisfactory and Poor. Those that receive a rating of Satisfactory or Poor receive priority consideration for replacement recommendation. In order to perform this evaluation, the fleet is broken down into two like categories. The first category is pickups, vans and sedans. This category is inclusive of all pickups, vans, sedans and both marked and unmarked patrol vehicles. The second category is Off Road Equipment, Dump Trucks and Special Duty. This category includes large dump trucks, backhoes, front end loaders, rubbish trucks, street sweepers and the Vactor truck.

Fleet replacement planning plays a very important role in the City's ability to keep staff safe, reduce liability, protect the public and provide efficient uninterrupted service. Further, updated equipment reduces vehicle downtime, lowers vehicle maintenance costs and offers the ability to take advantage of new technologies. Other variables taken into account in replacement decisions are balancing vehicle maintenance and operating costs versus the vehicle resale value. This will impact whether we keep it or plan on selling it sooner. Another very important fact is that newer vehicles offer better fuel economy than their predecessors. The Department of Public Services will continue to fully evaluate equipment to ensure that all fleet purchases are based on need, utilizing the aforementioned rating system.

SUBJECT: 2019 Community Development Block Grant Program Year Subrecipient Agreement.

INTRODUCTION:
On December 3, 2018, the City Commission approved an application for Community Development Block Grant (CDBG) funds from Oakland County for program year 2019 (July 1, 2019 to June 30, 2020). In order to receive those funds, the City is required to sign a Subrecipient Agreement with Oakland County.

BACKGROUND:
The purpose of the 2019 Program Year Subrecipient Agreement between the County of Oakland and the City of Birmingham is for the Subrecipient (City) to receive 100% federally funded CDBG monies from the Grantee (County).

The CDBG program is a U.S. Department of Housing and Urban Development (HUD) program that provides funds annually to entitlement jurisdictions. CDBG funds housing, public facility and public service activities that benefit low-income households and persons with special needs. Oakland County receives CDBG funds as an “urban county”. Participating communities must join with the County to receive CDBG funding. The City of Birmingham has been a participant of the CDBG program for over 30 years.

Oakland County has obligated $36,090 of CDBG funding to the City of Birmingham for the 2019 Program Year. This is $2,469 higher than what the City Commission originally approved on December 3, 2018, and is the result of additional funding that was made available to the County. The additional funds of $2,469 were allocated to Yard Services, Senior Services and Removal of Architectural Barriers by the County as follows: Public Service Activity-Yard Services $540.70, Senior Services $200 and Removal of Architectural Barriers $1,728.30.

Federal regulations require Oakland County as an urban county grantee to execute a Subrecipient Agreement with each participating community, which must be signed by the highest elected official in order to receive funds. The completed agreement is required to be submitted to Oakland County no later than December 2, 2019.

LEGAL REVIEW:
A legal review has been conducted on the Subrecipient Agreement with no issues identified.

FISCAL IMPACT:
The original allocation of funds was approved in the 2019-2020 budget. The budget should be amended for the additional funding.

SUMMARY:
It is suggested that the 2019 Program Year Subrecipient Agreement between the County of Oakland and the City of Birmingham be signed by the mayor and that the budget amendment increasing the funding for this program year be approved.

INTRODUCTION
This agreement is entered into by and between the County of Oakland, a Michigan constitutional corporation (herein called the "Grantee"), and the City of Birmingham (herein called the "Subrecipient") in accordance with Community Development Block Grant (CDBG) regulations at 24 CFR 570.501 and 570.503 and the terms of the Cooperative Agreement previously executed by the Grantee and Subrecipient effective for Program Years (PY) 2018 through 2020. The objective of CDBG is to develop viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities, principally for persons of low and moderate income. The Grantee is designated as an Urban County entitlement community and has applied for and received funds from the United States Government under Title I of the Housing and Community Development Act of 1974, as amended (HCD Act), Public Law 93-383. As an entitlement community the Grantee has received CDBG funds totaling $5,311,554 for the program year (PY) 2019 period beginning July 1, 2019 and ending June 30, 2020. Attachment 1 is a copy of the U.S. Department of Housing and Urban Development (HUD) Funding Approval/Agreement, which is part of this Agreement through reference. The Grantee has the right and authority under said CDBG Program to allocate a portion of its funds to the Subrecipient for purposes of administering eligible activities. It is the purpose and intent of this Subrecipient Agreement to enable the Grantee to pass the responsibility to the Subrecipient to carry out the project(s) described in the CDBG application which was approved and funded by the Grantee as the grant. CDBG funding will not be used for Research and Development. The following statements and provisions are acknowledged and agreed upon by and between the parties.

I. TIME PERIOD
This agreement shall go into effect on the day that CDBG funds are accepted by the Oakland County Board of Commissioners and released by letter to the Subrecipient for expenditure and will remain in effect for a period of four years from the date Oakland County releases the final monthly Financial Report verifying all expenditures are complete, or (B) the community terminates participation in the CDBG program at the end of a given three-year cooperative agreement period and the four-year record retention period has expired as specified in Section IV of this agreement, or (C) at the expiration of any additional period specified in the body of this agreement, whichever is longer.

II. SUBRECIPIENT AWARD AND STATEMENT OF WORK
The total amount of CDBG funds obligated to the Subrecipient is $36,090. The total amount obligated is 100% federal funding. The Subrecipient Project Summary as contained in the Grantee approved CDBG application to the U.S. Department of Housing and Urban Development (HUD) and any changes to the project summary through Grantee approved reprogramming shall constitute the CDBG statement of work which is part of this Agreement through reference. The specific activities, scope of work, national objective identifications, eligibility determinations, levels of accomplishment, project schedule and goals and performance measures are specified in the Subrecipient Project Summary as Attachment 2. The Subrecipient shall assign and maintain personnel to administer CDBG activities and expend funds. The Grantee shall monitor the performance of the Subrecipient against CDBG goals and performance standards and federal CDBG regulations.

III. GENERAL CONDITIONS
A. General Compliance
The Subrecipient agrees to comply with the following:
1. 24 CFR Part 570, U.S. Housing and Urban Development Regulations for CDBG, including Subpart K of these regulations, except that (a) the Subrecipient does not assume the Grantee's environmental responsibilities described at 24 CFR 570.604, and (b) the Subrecipient does not assume the Grantee's responsibility for initiating the review process under the provisions of 24 CFR Part 52;
2. 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards;
3. all other applicable federal, state, and local laws, regulations, and policies governing the funds provided under this Agreement.

B. System of Award Management Registration
The Subrecipient agrees to register and maintain active status in the System of Award Management (SAM) or with a successor government-wide system officially designated by the Office of Management and Budget until the closeout of this CDBG award in accordance with 2 CFR Part 25, Appendix A. The Subrecipient agrees to authorize their entity’s information to be displayed in SAM’s (or successor system’s) Public Search.

C. Relationship of Grantee and Subrecipient
For purposes of this agreement, the relationship of the Subrecipient to the Grantee shall be that of two independent governmental entities. No partnership, association, or joint enterprise shall arise between the parties hereto as a result of any provision of this agreement except as specified in the most current three-year Cooperative Agreement, as renewed, already executed between the Subrecipient and the Grantee, nor shall any provision herein be construed as making an employee of the Subrecipient an agent or employee of the Grantee. The Subrecipient Agreement is subject to the terms and conditions of the Grant Agreements as approved by the Oakland County Board of Commissioners by resolution on file with the Oakland County Clerk. If the Grantee’s original Grant Agreement from HUD is amended, copies of the amendment(s) will be provided to the Subrecipient.

D. Responsibility
The Subrecipient shall be responsible to the Grantee, its officials, volunteers, boards, commissions, and agents against any and all expense and liability arising from any act, omission, or negligence of the Subrecipient.

E. Workers’ Compensation
The Subrecipient shall provide Workers’ Compensation Insurance coverage for all of its employees involved in the performance of this Agreement.

F. Insurance & Bonding
The Subrecipient shall carry sufficient insurance coverage to protect contract assets from loss due to theft, fraud and/or undue physical damage.

G. Notification of Legal Action
The Subrecipient shall notify the Grantee, through the Manager of Community & Home Improvement, in writing, of its intent to pursue a claim against the Grantee for breach of any of the terms of this Agreement. No suit may be commenced by the Subrecipient for breach of this contract prior to the expiration of ninety days from the date of such notification. Within this ninety-day period, the Subrecipient, at the request of the Grantee, must meet with an appointed representative of the Grantee for purposes of attempting to resolve the dispute.

H. Amendments
The Grantee or Subrecipient may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, signed by a duly authorized representative of each organization, and are approved by the Grantee. Such amendments shall not invalidate this Agreement, nor relieve or release the Grantee or Subrecipient from its obligations under this Agreement. The Grantee may, in its discretion, amend this Agreement to conform with Federal, state or local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendments result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as a part of this Agreement, such modifications will be incorporated only by written amendment through the Grantee’s Reprogramming Process.

I. Suspension or Termination
1. Remedies for Noncompliance
If the Subrecipient fails to comply with federal statutes, regulations or the terms and conditions of this Agreement, the Grantee may impose additional conditions, as described in 2 CFR §200.207 Specific Conditions. If the Grantee determines that noncompliance cannot be remedied by imposing additional conditions, the Grantee may take one or more of the following actions, as appropriate in the circumstances:
   (a) temporarily withhold cash payments pending correction of the deficiency by the Subrecipient or more severe enforcement action by the Grantee;
   (b) disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
   (c) wholly or partly suspend or terminate the Agreement;
   (d) recommend that the Federal awarding agency initiate suspension or debarment proceedings as authorized under 2 CFR Part 180 and Federal awarding agency regulations;
   (e) withhold further funds for the project or program;
   (f) take other remedies that may be legally available.
2. Termination
   This Agreement may be terminated in whole or in part as follows:
   (a) by the Grantee, if the Subrecipient fails to comply with the terms and conditions of this Agreement;
   (b) by the Grantee for cause;
   (c) by the Grantee with the consent of the Subrecipient, in which case the two parties must agree upon
       the termination conditions, including the effective date and, in the case of partial termination, the
       portion to be terminated;
   (d) by the Subrecipient upon sending to the Grantee written notification setting forth the reasons for such
       termination, the effective date, and, in the case of partial termination, the portion to be terminated.
       However, if the Grantee determines in the case of partial termination that the reduced or modified
       portion of the sub award will not accomplish the purpose for which this Agreement was made, the
       Grantee may terminate the Agreement in its entirety.

   The Grantee must provide to the Subrecipient a notice of termination. Written suspension or notice of
   termination will be sent to the Subrecipient’s business address. If this Agreement or the three-year
   Cooperative Agreement is terminated or partially terminated, both the Grantee and the Subrecipient remain
   responsible for compliance with the requirements at 2 CFR 200.343 Closeout and 2 CFR 200.344 Post-
   closeout Adjustments and Continuing Responsibilities.

IV. ADMINISTRATIVE REQUIREMENTS
   A. Financial Management
      1. Accounting Standards
         The Subrecipient agrees to comply with 2 CFR Part 200 and agrees to adhere to the accounting principles
         and procedures required therein, utilize adequate internal controls and maintain necessary source
         documentation for all costs incurred.

      2. Audit Requirements
         The Subrecipient agrees to comply with 2 CFR Part 200.501 Audit Requirements. Any deficiencies noted
         in audit reports shall be fully cleared by the Subrecipient within 60 days after receipt by the Subrecipient.
         Failure of the Subrecipient to comply with any audit requirements will constitute a violation of this Agreement
         and may result in the withholding of future payments. Any disallowed CDBG costs identified in an audit that
         requires a pay back to the federal government or the Grantee shall be the sole responsibility of the
         Subrecipient and be repaid by the Subrecipient using funds other than federal CDBG funds or any other
         Grantee resources.

      3. Cost Principles
         The Subrecipient shall administer its program in conformance with 2 CFR Part 200. These principles will
         be applied for all costs incurred.

   B. Record Retention and Access
      1. Records to be Maintained
         The Subrecipient shall maintain all records required by the Federal regulations specified in 24 CFR 570.506
         that are pertinent to the activities to be funded under this Agreement. Such records shall include but not be
         limited to:
         (a) records providing a full description of each activity undertaken;
         (b) records demonstrating each activity undertaken meets a national objective of the CDBG program;
         (c) records required to determine the eligibility of activities;
         (d) records required to document the acquisition, improvement, use or disposition of real property
             acquired or improved with CDBG assistance;
         (e) records documenting compliance with the fair housing and equal opportunity components of the
             CDBG program;
         (f) financial records as required by 24 CFR 570.502 and 2 CFR 200.333;
         (g) other records necessary to document compliance with Subpart K of 24 CFR Part 570.

      2. Retention Requirements for Records
         Financial records, supporting documents, statistical records, and all other Subrecipient records pertinent to
         this Agreement must be retained for a period of four years from the date of submission of the final
         expenditure report or, for federal awards that are renewed quarterly or annually, from the date of the
         submission of the quarterly or annual financial report, respectively, as reported to the Grantee, except that:
(a) The retention period for individual CDBG activities shall be the longer of 4 years after the expiration or termination of this Agreement, or 4 years after the submission of the annual performance and evaluation report, as prescribed in 24 CFR 91.520, in which the specific activity is reported on for the final time;
(b) Records for individual activities subject to the reversion of assets provisions at 24 CFR 570.503(b)(7) or change of use provisions at 24 CFR 570.505 must be maintained for as long as those provisions continue to apply to the activity;
(c) Records for individual activities for which there are outstanding loan balances, other receivables, or contingent liabilities must be retained until such receivables or liabilities have been satisfied.

If any litigation, claim, or audit is started before the expiration of the 4-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. Records for real property and equipment acquired with Federal funds must be retained for 4 years after final disposition.

3. **Methods for collection, transmission and storage of information**
The Subrecipient should, whenever practicable, collect, transmit, and store Federal award-related information in open and machine-readable formats rather than in closed formats or on paper in accordance with 2 CFR 200.335 - Methods for collection, transmission and storage of information.

4. **Access to Records**
The Federal awarding agency, Inspectors General, the Comptroller General of the United States, and the Grantee, or any of their authorized representatives, shall have the right of access to any documents, papers, or other records of the Subrecipient which are pertinent to the Agreement, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the Subrecipient's personnel for the purpose of interview and discussion related to such documents. The right of access to the Subrecipient's records is not limited to the required retention period but last as long as the records are retained. The Subrecipient shall permit the Grantee and auditors to have access to the Subrecipient's records and financial statements as necessary for the Grantee to complete program monitoring and to meet the requirements in 2 CFR 200.331, 200.300 - 200.309, and Subpart F of 2 CFR Part 200.

5. **Restriction on Public Access to Records**
CDBG records are public to the extent allowed by State and Federal Freedom of Information Act laws. Client information collected under this Agreement is private and the use or disclosure of such information, when not directly connected with the administration of the Grantee's or Subrecipient's responsibilities for services provided under this Agreement, is prohibited unless written consent is obtained from such client or guardian.

C. **Reporting and Payment Procedures**

1. **Program Income**
The Subrecipient will report annual program income (as defined at 24 CFR 570.500(a)) generated by activities carried out with CDBG funds made available under this Agreement. The use of program income by the Subrecipient shall comply with the requirements set forth at 24 CFR 570.504. At the end of the program year, the Subrecipient will remit to the Grantee any and all CDBG program income generated during the program year. The Grantee shall re-issue these funds to the Subrecipient as an addition to its next formula allocation or under a separate release of funds process as mutually agreed by the Subrecipient and the Grantee, unless the Grantee, for good cause, shall in writing inform the Subrecipient that it shall not have the program income returned and the reasons why it shall not be returned.

2. **Payment**
This Agreement is reimbursement only. The Grantee shall pay to the Subrecipient funds available under this Agreement based upon information submitted by the Subrecipient and consistent with any approved budget and Grantee policy concerning payments. Payments will be made for eligible expenses actually incurred by the Subrecipient, and not to exceed the total grant amount delineated in the Subrecipient's Project Summary. Drawdowns for the payments of eligible expenses shall be reimbursed to the Subrecipient against line item budgets specified in the Project Summary and in compliance with supporting financial and performance documentation required by the Grantee. Costs must be reasonable and necessary. The Grantee shall not assume any responsibility or liability to pay or ineligible or disallowed obligations, commitments or costs incurred by the Subrecipient during the duration of this Agreement or prior to the full execution of this Agreement. Any ineligible CDBG obligations or disallowed costs incurred by the Subrecipient shall be the sole responsibility of the Subrecipient.
Any disallowed or ineligible CDBG costs, contractual obligations or expenditures under this Agreement identified by the Grantee, Auditor, HUD or other responsible entity shall be paid by the Subrecipient to the contractor directly or repaid to the Grantee using Subrecipient cash resources other than CDBG or any other federal funds.

3. **Progress and Performance Reports and Monitoring**
The Subrecipient shall report on its progress or performance to the Grantee in the form, content and frequency as required by the Grantee. The Grantee shall monitor the performance of the Subrecipient by tracking project progress, reviewing payment requests for applicable costs, managing the timely pass-through of CDBG funds, overseeing compliance with CDBG requirements, and ensuring recordkeeping and audit requirements are met. Substandard performance as determined by the Grantee shall constitute noncompliance with this Agreement. If action to correct such substandard performance is not taken by the Subrecipient within a reasonable period of time after being notified by the Grantee, contract suspension or termination procedures shall be initiated.

D. **Procurement**
The Subrecipient shall comply with 2 CFR 200 and 24 CFR Part 85.36 or more restrictive local procurement policies concerning the purchase of goods and services with CDBG funds to facilitate fair and open competition. The Subrecipient shall maintain inventory records for equipment purchases ($5,000 or more) and real property acquisition ($25,000 or more). All persons, agencies, suppliers, organizations, etc. hired by the Subrecipient to carry out activities funded in whole or in part with CDBG funds are contractors, not subrecipients or subgrantees. All procurement and other requirements as they relate to contractors apply. The Subrecipient must have written agreements with all contractors. The Subrecipient may not subgrant CDBG funds to any person or non-profit or private for-profit organization or agency.

E. **Use and Reversion of Assets**
The use and disposition of real property and equipment under this Agreement shall be in compliance with the requirements of 2 CFR 200.311, 200.313, 24 CFR 570.502, 570.503, 570.504, as applicable, which include but are not limited to the following:

1. The Subrecipient shall transfer to the Grantee any CDBG funds on hand and any accounts receivable attributable to the use of funds under this Agreement at the time of expiration, cancellation, or termination;
2. Real property under the Subrecipient’s control that was acquired or improved in whole or in part with funds under this Agreement in excess of $25,000.00 will be used to meet one of the CDBG National Objectives pursuant to 24 CFR 570.208 until five years after this Agreement is closed. If the Subrecipient fails to use CDBG-assisted real property in a manner that meets a CDBG National Objective for this five-year period of time, the Subrecipient shall pay the Grantee an amount equal to the current fair market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for acquisition of, or improvement to, the property. Such payment shall constitute program income to the Grantee. The Subrecipient may retain real property acquired or improved under this Agreement after the expiration of the five-year period;
3. In all cases in which equipment acquired, in whole or in part, with funds under this Agreement is sold, the proceeds shall be program income (prorated to reflect the extent to which CDBG funds were used to acquire the equipment). Equipment not needed by the Subrecipient for activities under this Agreement shall be (a) transferred to the Grantee or (b) shall be retained after compensating the Grantee (an amount equal to the current fair market value of the equipment less the percentage of non-CDBG funds used to acquire the equipment).

F. **Closeout**

1. **Closeout**
The Grantee shall close-out this Agreement when it determines that all applicable administrative actions and all required work under this Agreement have been completed by the Subrecipient. The Subrecipient must submit, no later than 90 calendar days after the end date of the period of performance, all financial, performance, and other reports as required by the terms and conditions of this Agreement. The Grantee may approve extensions when requested by the Subrecipient. Unless the Grantee authorizes an extension, the Subrecipient must liquidate all obligations incurred under this Agreement not later than 90 calendar days after the end date of the period of performance as specified in the terms and conditions of this Agreement. The Grantee must make prompt payments to the Subrecipient for allowable reimbursable costs under this Agreement being closed out. The Subrecipient must promptly refund any balances of unobligated cash that the Grantee paid in advance or paid and that are not authorized to be retained by the Subrecipient for use in other projects.
See OMB Circular A-129 and see §200.345 Collection of amounts due, for requirements regarding unreturned amounts that become delinquent debts. Consistent with the terms and conditions of the Federal award, the Grantee must make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received. The Subrecipient must account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with §200.310 Insurance coverage through §200.316 Property trust relationship and §200.329 Reporting on real property. The Grantee should complete all closeout actions for Federal awards no later than one year after receipt and acceptance of all required final reports.

2. Post-closeout Adjustments and Continuing Responsibilities
   The closeout of this Agreement does not affect any of the following:
   (a) The right of the Grantee to disallow costs and recover funds on the basis of a later audit or other review. The Grantee must make any cost disallowance determination and notify the Subrecipient within the record retention period;
   (b) The obligation of the Subrecipient to return any funds due as a result of later refunds, corrections, or other transactions;
   (c) Audit requirements in Subpart F—Audit Requirements of this part;
   (d) Property management and disposition requirements in Subpart D—Post Federal Award Requirements of this part, §200.310 Insurance Coverage through §200.316 Property trust relationship;
   (e) Records retention as required in Subpart D—Post Federal Award Requirements of this part, §200.333 Retention requirements for records through §200.337 Restrictions on public access to records.

V. OTHER PROGRAM REQUIREMENTS
   The Subrecipient shall carry out its CDBG activities in a manner consistent with the requirements contained in the three-year Cooperation Agreement between the Grantee and the Subrecipient, as renewed, with the applicable statutes and regulations governing the Consolidated and Annual Action Plans as authorized by the Oakland County Board of Commissioners, and under Subpart K of the CDBG regulations at 24 CFR Part 570, with the exception of the CDBG environmental review responsibilities, which shall be borne by the Grantee using information and/or reports provided by the Subrecipient in accordance with the CDBG environmental review process. CDBG compliance requirements address: affirmatively furthering fair housing, excessive force, drug free workplace, civil rights laws; non-discrimination in providing services, employment and contracting opportunities; affirmative action; prohibited political, religious and lobbying activities; and conflict of interest, copyright and labor standards.

VI. CONFLICTS OF INTEREST
   A. Procurement of Supplies, Equipment, Construction, and Services
      In the procurement of supplies, equipment, construction, and services by the Subrecipient, the Subrecipient must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by this Agreement if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the Subrecipient may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, the Subrecipient may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the Subrecipient.
   B. Acquisition and Disposition of Real Property
      1. Applicability
         In all cases not governed by paragraph A of this section, including the acquisition and disposition of real property and the provision of assistance by the Subrecipient to individuals, businesses, and other private entities under eligible activities that authorize such assistance (e.g., rehabilitation, preservation, and other improvements of private properties or facilities pursuant to 24 CFR 570.202; or grants, loans, and other assistance to businesses, individuals, and other private entities pursuant to 24 CFR 570.203, 570.204, 570.455, or 570.703(i)).
2. **Persons Covered**
The conflict of interest provisions of paragraph 3 of this section apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the Subrecipient that are receiving funds under this Agreement.

3. **Conflicts Prohibited**
The general rule is that no persons described in paragraph 2 of this section who exercise or have exercised any functions or responsibilities with respect to CDBG activities assisted under this Agreement, or who are in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from a CDBG-assisted activity, or have a financial interest in any contract, subcontract, or agreement with respect to a CDBG-assisted activity, or with respect to the proceeds of the CDBG-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for one year thereafter.

VII. **SEVERABILITY**
If any provision of this Agreement is held invalid, the remainder of the Agreement shall not be affected thereby and all other parts of this Agreement shall nevertheless be in full force and effect.

VIII. **WAIVER**
The Grantee's failure to act with respect to a breach by the Subrecipient does not waive its right to act with respect to subsequent or similar breaches. The failure of the Grantee to exercise or enforce any right or provision shall not constitute a waiver of such right or provision.

IN WITNESS WHEREOF, the authorized representatives of the Grantee and the Subrecipient have signed this agreement below, and agree to abide by all terms as set forth herein.

MEMORANDUM

Engineering Department

DATE: November 21, 2019
TO: Joseph A. Valentine, City Manager
FROM: Austin W. Fletcher, Assistant City Engineer
SUBJECT: Parking Lot 5 Outfall Repair
Contract #12-19(S)

INTRODUCTION:
Bids for the Parking Lot 5 Outfall Repair were opened on November 20, 2019. The City received three (3) bids. The low bidder was Angelo Iafrate Construction Company.

BACKGROUND:
Parking Lot 5 is located adjacent to the Old Woodward Parking Structure (Willits and N. Old Woodward). The northeast corner of the parking lot (behind the new Brookside development) has been experiencing a drainage issue for some time. There are two (2) existing catch basins located at this end of the parking lot which receives most of the drainage from the parking lot. It was originally believed that during certain times or rain events these catch basins would become clogged with leaves or debris and cause the water to raise over the curb and erode the embankment. When this occurred, our Department of Public Services (DPS) would clean the catch basins and fill the void with stone. Over the last several months, this condition has continued to become more of a concern in regards to safety, erosion and the integrity of adjacent utility pole (see attached photos).

DTE was advised of the situation and where requested to visit the site to determine if the utility pole adjacent to the eroded area was compromised or in danger of falling. They visited the site last month and concluded that there were no issues at this time in regards to the utility pole and its integrity.

We had our consultant, Hubbell, Roth & Clark (HRC) review the existing conditions and provide a solution. HRC performed a survey of the area and during the evaluation determined that the existing catch basins could not adequately drain the flow from the parking lot before it raised over the curb causing the unsafe conditions and erosion. HRC proposed replacing the existing catch basins with three (3) new catch basins with different covers correctly sized to handle the flow from the parking lot as well as replace a section of pipe that had been compromised and stabilize the embankment.

The low bidder was Angelo Iafrate Construction Company, of Warren, MI, with their bid of $76,300. Angelo Iafrate has an excellent record of quality work, including keeping the work site clean, and working well on restoration. They have recently completed two (2) projects within the City; Old Woodward Reconstruction and the 2018 Local Street Paving Program. We are confident that they have the qualifications to be successful at this project.
LEGAL REVIEW:
The City’s standard contract language was used for this bidding document. No legal review is required at this time.

FISCAL IMPACT:
The engineer’s estimate from Hubbell, Roth, & Clark was $75,000. This repair was not contemplated at the time when the 2019-2020 fiscal year budget was prepared so a budget amendment is necessary.

PUBLIC COMMUNICATIONS:
SP+ (our parking management company) will be notified once a construction schedule has been provided by the Contractor, so they may notify the pardons of Parking Lot 5 as well as the Old Woodward Parking Structure.

SUMMARY:
It is recommended that the Parking Lot 5 Outfall Repair, Contract #12-19(S), be awarded to Angelo Iafrate Construction Company, in the amount of $76,300.

SUBJECT: New Development
298 S. Old Woodward – Daxton Hotel
DTE Energy Street Light Agreement

INTRODUCTION:
The owner of the property at 298 S. Old Woodward Avenue is in the process of constructing a hotel on this site.

BACKGROUND:
Since 298 S. Old Woodward Avenue is located within the Central Business District, the development of the site requires the installation of street lights in the right-of-way. The street lights will be owned and operated by DTE Energy Co., matching the City’s standards for street lights in the Central Business District.

This parcel was originally a part of the 2018 Old Woodward Paving project. As such, the streetscape for this area was designed as part of this project (see attached). Due to the timing of the two (2) projects (Old Woodward being completed in August 2018 and the Daxton still under construction), it was agreed upon by both parties (the City and the Daxton) that the streetscape would be completed to the City’s 2018 Old Woodward Paving project plans prior to the completion of the Daxton at the owner’s expense. Therefore, they were not be included in the Special Assessment District (SAD) that was created for the 2018 Old Woodward Paving project.

The 2018 Old Woodward Paving project plans included the design of four (4) new street lights along the frontage of 298 S. Old Woodward.

LEGAL REVIEW:
In accordance with other commercial projects, the attached agreement prepared by DTE Energy Co. has been reviewed and approved by the City Attorney’s office.

FISCAL IMPACT:
As noted in the agreement, the cost being charged to the City for the installation of these street lights is $23,253.75. While the City will be responsible for payment to DTE Energy Co., payment will not be required until the work is 100% complete. Once the work has been billed to the City, our office will then generate an invoice for the same amount to the property owner, payable within thirty (30) days. The developer will not be able to obtain a final Certificate of Occupancy until the payment has been made in full, to reimburse this cost to the City.
PUBLIC COMMUNICATION:
   No further public communications required as the site is currently under construction and the street light design is consistent with the original 2018 Old Woodward Paving project.

SUMMARY:
   It is recommended that the Commission authorize the Mayor to sign the attached Agreement for Municipal Street Lighting presented by DTE Energy relative to 298 S. Old Woodward Avenue. All costs relative to this agreement will be charged to the owner and/or developer of the property.

ATTACHMENTS:
   • Agreement prepared by DTE Energy Co. to supply and install four (4) new street lights in front of 298 S. Old Woodward Avenue including a sketch of proposed work, as prepared by DTE Energy Co. (six pages);
   • Landscape Plan Sheet L1.0 for 298 S. Old Woodward Avenue development (one sheet).
   • 2018 Old Woodward Paving Project Plan Sheet C-29 (one sheet)

SUGGESTED RESOLUTION:
   To approve the street light agreement between the City of Birmingham and DTE Energy Co. regarding the installation of street lights at 298 S. Old Woodward Avenue. Further, to direct the Mayor to sign the agreement on behalf of the City. All costs relative to this agreement will be charged to the adjacent owner.

SUBJECT: 2020 Community Development Block Grant Application
          Public Hearing

INTRODUCTION:
The purpose of the November 25, 2019 public hearing is to: receive citizen input regarding the
2020 Program Year Community Development Block Grant (CDBG) program; make a determination
of eligible project(s) to be pursued; and determine the amount of funds to be allocated to each
project.

BACKGROUND:
The CDBG program is a U.S. Department of Housing and Urban Development (HUD) program
that provides funds annually to entitlement jurisdictions. CDBG funds housing, public facility and
public service activities that benefit low-income households and persons with special needs.
Oakland County receives CDBG funds as an “urban county”. Participating communities must join
with the County to receive CDBG funding. The City of Birmingham has been a participant of the
CDBG program for over 30 years.

The City of Birmingham has been given a planning allocation of $36,090, which is the same as
last year’s revised allocation. Under CDBG guidelines communities may: a) spend a maximum of
30%, or $10,827, of their 2020 funding allocation on public service activities; b) allocate no less
than $3,500 per activity; and c) allocate funding to no more than 4 activities.

In the past, the City has allocated the maximum amount of funding (30%) to public service
activities. This funding is typically allocated towards senior services and yard services (see
attachments for activity descriptions). In the past, these activities have been administered by an
outside agency which is selected through a bid process every program year. Historically, NEXT
has administered these services.

Since the City has so few low-income residents, the City is really restricted on what it can do with
the remaining funding. The remaining funding is usually allocated to minor home repair and/or
the removal of architectural barriers. The minor home repair activity provides funding for repairs
to homes of low-income residents that typically are less than $5,000 per repair (see attached
activity description). This activity is also administered by an outside agency which is selected
through a bid process when funding is allocated to this activity. The removal of architectural
barriers activity provides funding to retrofit City property which was not ADA compliant like
bathrooms and entrances to public facilities.
Federal regulations governing the public hearing process require: the public hearing to first be opened to the public for comment; after public comment, the public hearing should then be closed; after the public hearing has been closed, the City Commission may then discuss the application and take action by roll call vote. At the close of the public hearing, the eligible projects are required to be identified, along with the approved funding allocations.

The deadline for submitting the grant application is Friday, December 13, 2019.

LEGAL REVIEW:
No legal review required.

FISCAL IMPACT:
No impact this fiscal year. The amount approved will be included in the 2020-2021 annual budget.

SUMMARY:
Staff recommends that the maximum amount of public services funding of $10,827 be allocated as follows: Senior Services $3,500 and Yard Services $7,327 as has been historically done. In addition, staff recommends the remaining funding of $25,263 be allocated to minor home repair as staff does not have any ADA projects under consideration at this time.

It is suggested that the City Commission approve the allocation of CDBG funds as proposed above, that the Finance Director prepare the 2020 Community Development Block Grant application and conflict of interest certification according to those funding allocations, and that the mayor be authorized to sign the application and conflict of interest certification.

ATTACHMENTS:
1. Proposed Summary of Application Funding
2. Conflict of Interest Certification
3. CDBG Activity Descriptions for Senior Services, Yard Services, and Minor Home Repair
4. CDBG Program Rules
5. Letter from Haven
6. Letter from NEXT

SUGGESTED RESOLUTION: To authorize the Finance Director to complete the 2020 Program Year Community Development Block Grant application and conflict of interest certification and to authorize the mayor to sign the application and conflict of interest certification and other documents resulting from this application on behalf of the City and submit them to Oakland County. The project(s) to be included in the application and the respective allocations of Community Development Block Grant Funds are as follows:

(a) Applicability. (1) In the procurement of supplies, equipment, construction, and services by recipients and
by subrecipients, the conflict of interest provisions in 24 CFR 85.36 and 24 CFR 84.42, respectively, shall apply. (2)
In all cases not governed by 24 CFR 85.36 and 84.42, the provisions of this section shall apply. Such cases
include the acquisition and disposition of real property and the provision of assistance by the recipient or by its
subrecipients to individuals, businesses, and other private entities under eligible activities that authorize such
assistance (e.g., rehabilitation, preservation, and other improvements of private properties or facilities pursuant to Sec.
570.202; or grants, loans, and other assistance to businesses, individuals, and other private entities pursuant to Sec.
570.203, 570.204, 570.455, or 570.703(i)).

(b) Conflicts prohibited. The general rule is that no persons described in paragraph (c) of this section
who exercise or have exercised any functions or responsibilities with respect to CDBG activities assisted
under this part, or who are in a position to participate in a decision making process or gain inside information
with regard to such activities, may obtain a financial interest or benefit from a CDBG-assisted activity, or
have a financial interest in any contract, subcontract, or agreement with respect to a CDBG-assisted activity,
or with respect to the proceeds of the CDBG-assisted activity, either for themselves or those with whom
they have business or immediate family ties, during their tenure or for one year thereafter.

(c) Persons covered. The conflict of interest provisions of paragraph (b) of this section apply to any person who
is an employee, agent, consultant, officer, or elected official or appointed official of the recipient, or of any designated
public agencies, or of subrecipients that are receiving funds under this part.

(d) Exceptions. Upon the written request of the recipient, HUD may grant an exception to the provisions of paragraph
(b) of this section on a case-by-case basis when it has satisfactorily met the threshold requirements of (d)(1) of this
section, taking into account the cumulative effects of paragraph (d)(2) of this section.

(1) Threshold requirements. HUD will consider an exception only after the recipient has provided the following
documentation: (i) A disclosure of the nature of the conflict, accompanied by an assurance that there has been public
disclosure of the conflict and a description of how the public disclosure was made; and (ii) An opinion of the recipient's
attorney that the interest for which the exception is sought would not violate State or local law.

(2) Factors to be considered for exceptions. In determining whether to grant a requested exception after the
recipient has satisfactorily met the requirements of paragraph (d)(1) of this section, HUD shall conclude that such an
exception will serve to further the purposes of the Act and the effective and efficient administration of the recipient's
program or project, taking into account the cumulative effect of the following factors, as applicable: (i) Whether the
exception would provide a significant cost benefit or an essential degree of expertise to the program or project
that would otherwise not be available; (ii) Whether an opportunity was provided for open competitive bidding or
negotiation; (iii) Whether the person affected is a member of a group or class of low-income persons intended to
be the beneficiaries of the assisted activity, and the exception will permit such person to receive generally the same
interests or benefits as are being made available or provided to the group or class; (iv) Whether the affected person
has withdrawn from his or her functions or responsibilities, or the decision making process with respect to the specific
assisted activity in question; (v) Whether the interest or benefit was present before the affected person was in a position
as described in paragraph (b) of this section; (vi) Whether undue hardship will result either to the recipient or the person
affected when weighed against the public interest served by avoiding the prohibited conflict; and (vii) Any other relevant
considerations. By applying for CDBG funds, the Participating Community certifies that they have read the above:

If the activity is intended primarily to serve persons with disabilities, use 05B instead. Code 05A, Senior Services, or 05B, Services for the Disabled, may be used for activities that will provide services for both senior citizens and persons with disabilities if the activity is not intended primarily to serve one group rather than the other.

## Project Delivery Costs
Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.

### Eligible Uses

Only use code when an activity does not fall under a more specific 05A-05Y code. An example of a legitimate use of this code is when a public service activity that does not have a more specific matrix code, provides services to multiple groups of clients such as seniors, persons with disabilities and homeless persons. For instance, for a “meals on wheels” program for seniors and persons with disabilities, use 05Z. If this program had been available to only seniors, the correct matrix code is 05A.

Dear Mr. Gerber:

Violence in families is everywhere, crossing racial, ethnic, cultural, social, and economic boundaries. The impact of this violence invades our schools, places of worship, offices, businesses, factories, and throughout our neighborhoods.

Since 1982, HAVEN has been dedicated to building violence-free communities where everyone can live without fear. HAVEN maintains a 24-hour emergency shelter exclusively for domestic violence victims and their children and sexual assault survivors who are afraid to stay in their own homes. HAVEN offers counseling and education that help families stop the violence, begin the process of healing, and create the hope that their future will be free from abuse. The agency steps out into the community — over the phone, in courtrooms, police stations, hospitals, schools, the workplace, and at community meetings — to provide crisis intervention and education to help victims and families prevent violence in future generations. HAVEN staff manage a Personal Protection Order Office exclusively for victims of domestic violence and sexual assault located in the Circuit Court system, helping victims with the creation and filing of Personal Protection Orders, at no charge, as the first step in their safety plan.

HAVEN, through its comprehensive work, serves to break the silence that has kept the crimes of domestic violence and sexual assault behind closed doors. This silence has only served to allow these crimes to flourish. From July 1, 2018 through June 30, 2019, 23 individuals were seen within our programs and 16 crisis calls were received from families in the City of Birmingham who took the first step to break their own silence by contacting HAVEN.

Our agency is again reaching out to you for support of our work with an even greater need as we assume the burden of increased clientele and additional staff to maintain these vital services. We ask that you continue to support these families through a Community Development Block Grant of $3500 for fiscal year 2020-2021. Please remember that the federal government presumes that domestic violence victims are considered to be low-income and therefore qualify for inclusion in block grant public service requests.

HAVEN looks forward to the opportunity to meet with you this year to provide further information on this request and answer any questions you may have. In the meantime, if you wish to speak with me, I can be reached at (248) 334-1284, Ext. 319, or you may contact our CDBG Coordinator, Wendy Powers at Ext. 306. Thank you.

Sincerely,

Dear Commissioners,  

November 18, 2019

I regret that I am unable to attend the November 25th Commission meeting. In lieu of my attendance, please except this letter of explanation regarding the upcoming conversation on the allocation of the Community Development Block Grant funding.

Next is the service organization providing senior services to Birmingham residents. We are a private non-profit with a diverse revenue stream collated from a variety of sources; fundraising efforts, local foundation grants, municipal assistance and memberships. We work hard to be certain we have the resources necessary to adequately serve our growing demographic.

The cornerstone of any service organization is to assist the most vulnerable in the community. The CDBG program does just that - serving low income Birmingham residents with minor home repairs, snow removal and yard maintenance. It is easy to assume that The City of Birmingham does not have many low-income seniors in need of assistance. But once you consider rising health care costs, increased utility bills, home maintenance needs and other important necessities, all on a fixed income, it is not difficult to see why many seniors struggle.

Please look at the attached tables for reference. The first table from SEMCOG, indicates income levels of Birmingham residents. The second table lists the income levels that are described as low-income, very low-income, and extremely low-income as adopted by Oakland County who disperses Community Development Block Grant Funding. Last year, Next assisted dozens of CDBG income-qualified Birmingham residents, over 1,300 times with yard, snow and home maintenance.

We wish we were able to offer support to all Birmingham residents in need of help but unfortunately because we have limited funding, we do not have the resources to reach the third category, low-income. The funding we receive through the CDBG program is critical to support income-qualified residents right here in Birmingham. Without this assistance, many seniors are at risk of navigating hazards at home. By maximizing the funding to assist seniors, we will be able to keep more residents safe in their homes where it is familiar and comfortable.

Thank you for your consideration,

Cris Braun

MEMORANDUM
Finance Department

DATE: November 15, 2019

TO: Joseph A. Valentine, City Manager

FROM: Mark Gerber, Director of Finance/Treasurer
Kathryn Burrick, Senior Accountant

SUBJECT: Public Hearing for Reprogramming Program Year 2018 Community Development Block Grant Funds

INTRODUCTION:
The Finance Department anticipates there will be unused Community Development Block Grant (CDBG) funds from the ADA retrofit of the tennis facility. A public hearing needs to be conducted in order to re-program these unused funds.

BACKGROUND:
At the August 19, 2019, City Commission meeting, a contract for the retrofit of the tennis facility main entrance doors for ADA was approved in the amount of $21,200 to MGSE Security, LLC. The City at the time of the contract award had $23,535 available in CDBG funds for the project, leaving an unused balance of $2,335.

At the October 28, 2019, City Commission meeting, a public hearing for the purpose of reprogramming these unused funds was approved and scheduled for November 25, 2019. Public notice of this meeting was posted in the Eccentric Newspaper on November 10, 2019.

It is recommended by staff that the $2,335 be reprogrammed from remove architectural barriers to minor home repair as shown below:

The minor home repair program is used to assist low-income residents with repairs to their residence such as: plumbing, electrical, heating, window, and roof repairs. In the past this program has been administered through NEXT and has been used to assist Birmingham seniors.

Federal regulations governing the public hearing require: the public hearing to first be opened to the public for comment; after public comment, the public hearing should then be closed; after the public hearing has been closed, the City Commission may then discuss the reprogramming and take action by roll call vote. If a City Commissioner is a board member of NEXT, they should abstain from discussion or voting on this item.

LEGAL REVIEW:
None needed.

FISCAL IMPACT:
None

SUMMARY:
It is recommended that the City Commission approve the reprogramming of the funds as suggested and have the Finance Director submit the required documentation to the County.

ATTACHMENTS:
- Oakland County Reprogramming Procedures

SUGGESTED RESOLUTION:
To authorize the Finance Director to submit a request along with the public hearing advertisement and City Commission resolution to Oakland County to reprogram the Community Development Block Grant (CDBG) program year 2018 funds in the amount of $2,335 from Remove Architectural Barriers (Account 731619) to Minor Home Repair (Account 731227).
REPROGRAMMING PROCEDURES

CONSIDERATIONS

- Communities are encouraged to minimize reprogramming to reduce administrative burden
- Determining realistic project needs at application will minimize the need to reprogram funds

A REPROGRAMMING IS A TRANSACTION THAT EITHER:

- Transfers funds from an existing project to another existing project
- Transfers funds from an existing project to a new project
- Changes a project description

PROCEDURES

- Reprogrammed funds are subject to current federal CDBG regulations
- Public Services are limited per each year's total allocation
- Communities must advertise a public hearing notice in a newspaper of general circulation
- Federal guidelines suggest a ten calendar day period between advertisement and public hearing

- Reprogramming Request Cover Letter (on community letter head)
- Copy of the public hearing advertisement
- Copy of your certified meeting minutes and/or governing body resolution
- Project description
- Updated environmental review record as needed

FROM: Mark Gerber, Director of Finance/Treasurer

SUBJECT: 48th District Court FY 2020 Budget

INTRODUCTION:
Every year the 48th District Court prepares an annual budget which must be approved by the four funding units: City of Birmingham, City of Bloomfield Hills, Bloomfield Township, and West Bloomfield Township.

BACKGROUND:
In accordance with the 1985 agreement, revenues and Court expenditures are allocated to the four control units, which include the cities of Birmingham and Bloomfield Hills and the townships of Bloomfield and West Bloomfield, in the same proportion as the number of cases arising from each unit. At the end of each calendar year following the Court’s audit, an adjustment is made for the difference between those amounts advanced based on the estimate and the actual caseload of each control unit under the agreement as well as the court revenue.

Four municipal governments fund the budget of the 48th District Court: City of Birmingham, City of Bloomfield Hills, Bloomfield Township, and West Bloomfield Township. The expenditure budget of the court is allocated to each municipality based on that municipality’s percentage of the total case load of the court. The City’s percentage of the total court caseload was 28.23% in calendar year 2018 and is projected to increase in 2019 to 31.37%. Each quarter, the City advances 25% of the City’s allocation of the total expenditure budget to the Court. Revenue generated by the court is also distributed to each municipality based on the percentage of caseload except for cost of prosecution reimbursements which are specific to each municipality.

Attached is the proposed 2020 budget for the 48th Judicial District Court. In total, the Court is requesting an operating budget of $4,665,438 which represents an increase of $111,400, or 2.4%, from the 2019 budget. Increases are proposed for salaries, operations, professional fees, and equipment and capital while benefits and court expenses are proposed to decrease.

Salaries: For 2020 salaries are proposed to increase $137,172, or 8%, from the 2019 budget.

Benefit Expenses: This budgeted category is proposed to decrease by $17,000, or 1.6% from the 2019 budget. The change is the result of a decrease in medical insurance expense which was partially offset by an increase in defined contribution plan payments and dental/life/disability insurance expense.

Operating Expenses: For 2020, operating expenses are proposed to increase by $179,100, or 15% from the 2019 budget. This is primarily the result of an increase in payroll taxes of $150,000.
which were not included in 2018’s budget. Additionally, utilities/telephone and insurance expenses are proposed to increase $17,000 and $15,500, respectively.

Professional Fees: Overall this budgeted category is proposed to increase by $38,500, or 29.1%, from 2019’s budget as a result of increase in consultants and other professional services expense of $31,500 and an increase in audit expense of $7,000.

Court Expenses: This category is proposed to decrease $49,750, or 20.1%, primarily as a result of a decrease in Michigan Indigent Defense Commission expense of $52,500.

Equipment & Capital: Expenditures for this category are proposed to increase by $6,000, or 3.2%, primarily as a result of an increase in equipment maintenance expense of $5,000.

LEGAL REVIEW:
No legal review is required.

FISCAL IMPACT:
The City’s percentage of the total projected caseload for 2019 (31.37%) is 11% higher than 2018’s actual caseload percentage (28.23%). Assuming the City funds the Court’s 2020 budget at the same percentage as the projected 2019 caseload of 31.37%, the City would advance the Court $1,463,547. The Court did not provide any projected Court revenues for 2019 or 2020. However, based on Court revenue from January 2019 to September 2019 and projecting a similar increase in Court revenue for 2020 as between 2018-2019, I am projecting the City will receive approximately $1,347,000 in Court revenue in 2020 based on a projected allocation of 31.37%.

SUMMARY:
It is recommended to approve the 48th District Court budget as submitted.

2019 Review
THE COURT IN REVIEW

OVERVIEW

The 48th District Court serves the Charter Townships of Bloomfield and West Bloomfield, and the Cities of Birmingham, Bloomfield Hills, Keego Harbor, Orchard Lake Village and Sylvan Lake. The jurisdictions that fund the Court, per their own “funding unit” agreement are: Bloomfield Township, West Bloomfield Township, Birmingham and Bloomfield Hills. The “political subdivisions” of Keego Harbor, Orchard Lake and Sylvan Lake use the Court’s resources and receive reimbursements after completion of the Court’s annual audit. The role of the District Courts within the Judiciary, as defined by the Michigan Legislature in 1968, is to provide an independent third branch of government over:

- Arraignments – advising defendants of their rights, the pending charge(s) and the setting of bond in misdemeanor & felony cases.
- Misdemeanors – criminal cases punishable by imprisonment, not exceeding one year, written under state law or local ordinance. This includes: Operating While Intoxicated (1st and 2nd), Domestic Violence, Assault/Battery, Drug Possession, Stalking, Illegal Entry, Driving While License Suspended, etc. and all violations of probation for these cases.
- Preliminary Examinations – in felony cases. A preliminary exam is a hearing where testimony is heard for the judge to determine whether there is probable cause that a crime has been committed and that the defendant committed the crime. If the judge so finds, the case is bound over to the Oakland County Circuit Court.
- Felony Pleas
- Civil Lawsuits – claims where the amount in controversy does not exceed $25,000.
- Landlord/Tenant Disputes – Hearings, which include eviction proceedings, land-contract and mortgage forfeitures.
- Small Claims – Claims where the amount in controversy does not exceed $6000 and litigants represent themselves.
- Civil Infractions – includes all informal and formal hearings.
- Search Warrants – Judges and Magistrates on call 24 hours a day.

The budget of the 48th District Court has two separate and distinct components. The first deals with caseload and monetary funds received by the Court. Fines and costs are assessed as appropriate within the law. Funds received by the Court are subsequently distributed to the State, the County and local funding units. The communities of the 48th District Court receive distributions per the parameters decided by the funding units.

The second component of this budget analyzes the expenses incurred for the operation of the Court. The Court submits a lump-sum budget comprised of six account groupings. Any surplus is returned to the funding units upon completion of the annual external audit. Funds used to maintain the operation of the Court are reviewed and approved through an annual budget process with the funding units. Once approved, the funding units advance the Court monetary funds for operation on a quarterly basis, per the parameters decided by the funding units.
COURT OPERATIONS

The Judges and the entire staff of the 48th District Court understand the difficult budget issues facing all municipalities, courts, families and individuals. In preparing this budget, we continue to strive to ensure that public funds are used in the most efficient manner possible by reducing costs and maintaining a high standard of service, while honoring our constitutional duty to serve the public. The figures and data presented highlight the Court’s commitment to the efficient use of the public’s resources.

➤ Judicial caseload
  o Several years ago, the District Court’s criminal jurisdiction over certain case types such as retail fraud, MDOP, and larceny from building, changed from $100 to $1000. Judges and staff must devote a significantly higher amount of time to these types of cases.

➤ The requirements relative to case disposition have changed.
  o The judges and the 48th District Court must submit quarterly reports to the State Court Administrator’s Office (SCAO) regarding the disposition of cases and all matters submitted before them. They are effectively meeting or exceeding the guidelines specified by the Michigan Supreme Court.

➤ Magistrates handle a portion of arraignments, small claims cases, informal hearings and weddings on a limited basis. They are paid from the Court’s General fund and do not receive any benefits from the Court.

➤ Collections –
  o The judges and staff of the Court are diligent in collecting fines and costs at the time of sentencing.
  o The Court has a closely monitored Collection System for delinquent civil infractions. The goal of the program is to enforce outstanding court orders and close old cases. Since the implementation of the program, the Court has collected in excess of $2 million in revenue. The program is monitored with extreme efficiency at a minimal cost.
  o In 2014, the Court added another component to its Collection Program effort. Cases meeting certain criteria are forwarded to the Michigan Department of Treasury for tax garnishment. If a defendant is due an income tax refund but has the garnishment order in place, money is forwarded to the Court from the State of Michigan.
EXPENSES, REDUCTIONS & COURT IMPROVEMENTS

PERSONNEL

Knowing that employee salaries and benefits account for a substantial portion of its expenses, the Court has made significant changes over the past decade. We feel confident these changes and amendments have set a foundation, which will serve to save costs well into the future.

Building Lease

The Court’s building lease was renewed in November 2016. Court Administration invested time analyzing the building, as well as assessing operational needs in preparation for negotiations with the landlord Bloomfield Township. The majority of the Court building is over 30 years old, while an addition is now almost 20 years old. Functional elements such as the heating and cooling (HVAC), plumbing, electrical and the roof have reached or exceeded their useful life. Structural components such as windows, entryways, and the parking lot need repairs and/or replacement. Cosmetic upgrades and replacement are needed for carpet, walls and offices due to normal wear and tear. The new lease takes all of these concerns into consideration. Given the large number of improvements needed, it is not financially feasible for the Court to conduct them all in one fiscal year. Therefore, Bloomfield Township has created a “Building Improvement Fund” for the Court’s needs. The Court will deposit a fixed amount of $44,750 into the fund annually. Projects will be completed in a chronological order, based on prioritized need and will be subsidized by this account. This fixed cost appears in the “Operating Expense” section of the 2020 Budget.

OPERATION & SECURITY

The Court has reached a point where maintenance costs for certain aspects of Court operation are exceeding the replacement costs. Recognizing that not all of these needs necessarily fall under the scope of the building lease, the Court anticipates investing in these items through the general fund. All due diligence is exercised in assessing the Court’s needs, while operating within the budget and maintaining high standards for fulfilling the Court’s obligation to the public. Heightened security measures, both inside and outside the building are mandatory to protect the public, judges and staff that visit and work within the courthouse. During 2017-2018, the Court upgraded security cameras and security access at the Court building by installing a secured parking lot for all Court staff. In 2019, a separate security plan, approved by the funding units in 2018, expanded the Court’s entryway to allow for enhanced security checkpoints and additional room for the public to enter and exit the building safely. The clerical and cashier work areas also feature safety glass from counter to ceiling to further enhance security.
SPECIAL PROGRAMS & SERVICES

➢ Cost Of Prosecution – The law allows for the Court to collect on the cost of prosecution for Operating While Intoxicated (OWI) cases when requested by the prosecutor. Once collected, these funds are reimbursed, in full, directly to the appropriate municipality.

➢ Restitution – In proceedings involving individual or business victims, the Court collects the restitution from the defendant and forwards it to the crime victim. Since 2010, the Court forwarded over $500,000 to individuals/businesses who have been victims of theft, embezzlement, fraud, property destruction, medical injuries, auto damage, etc.

➢ OAK.gov Credit Card Processing – The Court utilizes Oakland County’s online services to accept credit card payments both within the courthouse and on the Court’s website.

➢ Website – The Court’s website, http://48thdistrictcourt.us, is an extremely user-friendly and informative site. Users are able to easily access general information about the Court, as well as print necessary court forms. The Court’s website provides convenient and easy access for credit card payments through Oak.gov Credit Card Processing. The website reduces the number of telephone calls received by the clerks and reduces the foot traffic inside the courthouse, allowing the clerks to utilize their time more efficiently.

➢ WWAM & Community Service – Weekend and Weekday Alternative for Misdemeanants – The WWAM program is an alternative to incarceration where sentenced defendants use their skills to help community groups by performing work on a supervised crew. In addition to WWAM, appropriate defendants are sentenced to perform other acts of community service benefiting local non-profit groups such as food banks, soup kitchens, shelters, hospitals, schools, etc.

➢ Probation Oversight Program – The Court has an intensive Probation Oversight program for alcohol and drug related offenses that includes intensive treatment, counseling, education, 12-step programs, and aggressive testing requirements. Individuals are referred to drug and alcohol treatment facilities. Other crimes such as domestic violence, assault and battery, theft, etc. are also supervised by the probation department to ensure the safety of the public, rehabilitation, and compliance with the Court’s order.

➢ Serving the Community – In addition to serving as judges at the 48th District Court, each individual judge strives to use the Court as a tool to educate our young people about making positive choices regarding drug and alcohol use and criminal activity. The judges also host an annual “Constitution Day” to educate our middle school students about the Bill of Rights.

  ○ Judge Marc Barron presides over the “Teen Court” program, which allows high school students from local schools to take an active role in the Court process by handling actual juvenile cases. The students act as lawyers and jurors and decide
the penalty on juvenile cases presented by the Prosecutor’s Office, while Judge Barron advises and sentences the individual.

- Judge Diane D’Agostini’s "Order in the Court" program has hosted thousands of students through field trips to the Court where she educates the young visitors about the Court process and making responsible decisions. She also speaks at local high schools about the law and penalties in addition to taking the Court to local high schools.

- Judge Kimberly Small implemented her "Critical Life Choices" and "Cool to be Clean" programs, a combination of court proceedings and a multi-media interactive presentation designed to help our youth make wise decisions. To date, she has shared her programs with over 20,000 students.

INTRODUCTION:

The City has been utilizing the professional management services for the Greenwood Cemetery as provided by the Historic Elmwood Cemetery since 2013. Under this agreement, Elmwood Cemetery has been a centralized management solution for managing the cemetery grounds, the single point of contact for families with immediate burial needs as well as those seeking to purchase plots for the future, responsible for sales and record keeping, coordination with funeral homes, and providing assistance with transfers of burial rights. A comprehensive list of the services provided is located in the background section of this memo. Elmwood Cemetery has provided services to the City for the day-to-day operations of the cemetery.

Elmwood Cemetery notified the City of Birmingham of its intent to terminate the contract effective November 30, 2019 via a letter dated August 31, 2019. The impetus for the letter was due to the nature of the financial arrangement of the agreement. While Elmwood had responsibility for all of the day-to-day operations of Greenwood Cemetery, on behalf of the City, Elmwood only receives 25% of sales as they occur. There was a total of 33 sales of burial plots in 2018 totaling $147,000 in revenue, of which, Elmwood was paid $36,750, while paying on average $16,000 annually for lawn care. Elmwood has informed the City that the revenue model was not sustainable as it is outlined in the current agreement set to expire on November 30, 2019.

Effective December 1, 2019, the contractual relationship between Elmwood and the City will no longer exist. The proposed resolution following this memo was created as a short term solution to ensure a seamless transition of Greenwood Cemetery operations while the City has sufficient time to decide next steps.

BACKGROUND:

Immediately upon receiving the notice of termination from Elmwood, City staff reached out to neighboring communities to understand how they approach the operation of their cemeteries. Of the nine municipalities that were contacted, we were unable to find a local example that utilized a third party comprehensive professional management solution such
as ours. Every community we reached out to currently utilizes a combination of internal City staff and a professional third party contracted sexton, with varying degrees of success.

Staff developed a Request for Proposals for Greenwood Cemetery Professional Management Services and presented it to the Greenwood Cemetery Advisory Board (GCAB) at their October 4, 2019 meeting. On October 8, 2019, the RFP was published via the Michigan Intergovernmental Trade Network (MITN), it was also sent out to several nearby cemetery organizations, and distributed to the Michigan Cemetery Association to be shared with their membership.

Being sensitive to the highly specialized nature of the Cemetery Business and knowing that only one bid was received in 2013, staff wasn't certain if other firms would bid and engaged in productive discussions with staff from Elmwood Cemetery to 1) proactively plan for the potential transition process that might involve a new service provider and also 2) began to gauge their willingness to extend their current contract on a month-to-month basis until we could find a suitable candidate for service replacement.

Elmwood Cemetery was not interested in pursuing a month-to-month contract. Their revenue model relies upon a full calendar year given that the sales activities tend to take place during the Spring and Summer, but there is very little activity between the months of December through March. It would not be advantageous for them to continue to provide their existing services during the downtime and risk being replaced with another service provider once sales resume in earnest. However, Elmwood indicated that they were open to fulfilling their current contract, with modifications.

The bid closing date occurred on October 29, 2019 with the City receiving no proposals from any professional cemetery management firms interested in conducting business with the City of Birmingham.

Considering the specialized nature of the work included in the RFP, the City began working with Elmwood, in advance, to reach mutually agreed upon modifications to the existing contract in the event that there were no other interested bidders. As you may recall, in 2013, the City only received one proposal when it had initially distributed the RFP for cemetery management services.

City staff and many of the advisory board members agree that the level of service that Elmwood Cemetery has provided to the customers of Greenwood Cemetery have been of the highest standard and quality.

On November 8, 2019, the GCAB met to discuss the proposed amendments and agreed on the elements of the proposed amendment that would continue the contract with Elmwood. The board voted unanimously to move the proposed amendments forward for consideration by the Commission as an agreed upon short-term solution until there was
an opportunity to explore other available options. This action would ensure that there was no disruption to services provided at the cemetery.

On November 15, 2019, the City received a call from Mr. Sloane, representing Elmwood indicating that further amendments would be required in order for them to continue providing services. The call came as a surprise to the City as there was the belief that we had been negotiating in good faith with Elmwood. In doing so, staff had not explored other alternatives after the close of the RFP on October 29, 2019. The initial proposed amendments presented to GCAB were to:

- Replace the requirement for attendance at every GCAB meeting to a requirement for an Elmwood representative to participate in meetings that involve new initiatives for them to provide an expert opinion on the subject matter,
- Allow for an increase in burial fees for a full casket from $1,200 to $1,400,
- Agree that Elmwood would continue to provide information, as requested, to the City Clerk on a quarterly basis from which the Clerk’s office will be required to develop the report for the Advisory Board to review, and
- Have the City take on the costs for the existing contract with Birmingham Lawn for lawn care ($16,500 annually) and for snow removal.

The professional staff at Elmwood Cemetery has done well in working with grieving families and, on more than one occasion, has been consistently responsive to calls from grieving family members and funeral directors at odd hours in the evenings and on weekends. The City wishes to maintain this level of responsiveness and professionalism, which is the quality our community has grown to expect when seeking a final resting place at Greenwood.

After, receiving the call on November 15, staff agreed to a conference call with Mr. Sloane, representing Elmwood to discuss his concerns and determine if there was a path forward. Mr. Sloane was in favor of the proposed amendments moving forward. However, he requested one additional condition that involved a $6,000 monthly retainer fee in addition to existing 25% of sales revenue, and burial service fees. Mr. Sloane indicated that he was only willing to move forward if the monthly retainer was included with the other amendments. Staff informed Mr. Sloane that it would not be in the best interest of the City to proceed with the recommendation given his requirements being presented at this late phase of the discussions. Given this unfortunate timing, the City did not have the opportunity to take the revised recommendation back to GCAB for review.

Staff began making calls to other providers of cemetery services and discovered that two available options existed for the City to consider that would result in minimal disruption to operations at Greenwood Cemetery on a short-term basis to ensure continuity in the level of service. The high-level details are summarized on the following page:

** Professional services consultant would coordinate the private contractors to perform the services listed in the fourth column of the table and denoted with two asterisks.

DPS has agreed that it can absorb the additional tasks for maintenance within their existing capacity for highlighted items that shifted to their column in the table above as those tasks may be scheduled at the discretion of the Director and staff availability. An amendment to include an additional $10,000 will support these additional tasks.
At present, the City is operating with an Acting City Clerk, while actively working to find a permanent replacement. It would be difficult to transfer full responsibility for sales and record-keeping for the cemetery to this department while they are in transition. Staff would prefer to have the opportunity to have a full-time Clerk in place to work with the GCAB to evaluate all options for a longer-term solution.

Until that time, staff recommends that a 6-month agreement with an outside consultant that would serve as the single point of contact and coordinator for all Greenwood Cemetery operations would be the best path to pursue.

Staff also recommends that pursuing the agreement with Creative Collaborations, LLC, whose Principal is Ms. Sheri Arcome is the preferred option even at the higher proposed cost. Ms. Arcome’s knowledge and experience with the Greenwood Cemetery, years of experience in the industry, her familiarity with cemetery operations on a broader scale, and solid reputation in the industry would ensure that there is no disruption in operations beginning December 1, 2019. We also learned in discussions with both consulting firms that when there are periods when either Principal may be away that the responsibility would fall to the City to manage the operations under an agreement with Bancroft Consulting. He did indicate that he would make himself available by phone, to support a staff member seeking to help a family with immediate needs. The City only has one chance to handle end of life matters for a family and this lends itself to some exposure that may result in a negative experience.

Ms. Arcome works in partnership with a colleague, who is familiar with Greenwood Operations, the funeral homes that regularly conduct business with Greenwood, and is current on the City’s records. In Ms. Arcome’s absence, this individual would provide support services.

Creative Collaborations, LLC would be contracting directly with the City, effective December 1, 2019.

Effective, December 1, 2019 there would be no further involvement with Elmwood and the existing contract would terminate.
LEGAL REVIEW:

The City Attorney’s office has reviewed and approved the terms of the proposed agreement.

FISCAL IMPACT:

The cost of both the Professional Service Provider and the lawn care and general maintenance at the Greenwood Cemetery for six months will be $49,300 paid by the City’s general fund and $11,200 for burial service fees collected from the families. These changes would require a budget amendment as stated in the suggested resolution below.

Expenditures:
Professional Services Contract $22,800
Lawn Care $16,500
General Maintenance – DPS $10,000
Burial Services Fees - $11,200 (*revenue collected from the families)

Revenue from burial plots would come directly to the City. This means that the perpetual care fund will generate more interest income more quickly that may be used for the care of the cemetery into the future.

There are approximately 279 graves that remain available for sale. It is understood that as that number nears 250, the Commission would be asked to consider releasing those for sale.

Finally, the recommendation includes an increase in burial fees of $200 from $1,200 - $1,400 for full casketed burials only. The cost for cremations would remain the same at $700. These amounts typically increase annually by $50-$100 as a standard industry practice, but have not approved for an increase at Greenwood since 2012. A rate table illustrating burial fees throughout Oakland County that range from $400-$2,555 is attached for reference.

SUMMARY:

The existing agreement to support the operations of Greenwood Cemetery are set to expire on November 30, 2019. The City must have a viable option for families with immediate and longer-term burial needs beginning December 1, 2019. It is the intention of this recommendation to offer a short-term solution to minimize any disruption in services while the City works with GCAB to explore other alternatives. The City recommends moving forward with Creative Collaborations, LLC for a period of six-months for an amount not to exceed $22,800. In addition, the City will now be responsible for lawn care, snow removal, and general maintenance, which would require an additional
$26,500. Lastly, the Commission is being asked to consider an increase in burial fees as recommended by GCAB.

The fees have not been increased since 2012 and the additional $200 would raise rates to be more consistent with industry standards.

B. INTRODUCTIONS

Tiffany Gunter, Assistant City Manager, introduced herself and explained that due to Cherilynn Mynsberge’s resignation, she was asked to step in to facilitate the meetings of this board. Cheryl Arft is the acting City Clerk and Ms. Gunter will be supporting Ms. Arft’s previous role as Deputy City Clerk. She also announced that the City received notice that Elmwood Cemetery would be terminating their contract.

James Gallagher, Assistant to the City Manager, is working to develop a new contract for the services currently performed by the existing Elmwood contract. He went on to say that, he is presenting a scope of work for a RFP and asked for the GCAB’s input to ensure that the request is complete.

IV. NEW BUSINESS

A. REVIEW OF SCOPE OF WORK FOR RFP FOR GREENWOOD CEMETERY MANAGEMENT SERVICES

Assistant City Manager Gunter and Assistant to City Manager Gallagher presented this item.

- Discussion of Elmwood’s termination letter, which did not share any specific reason(s) for terminating.
- Mr. Stern commented that he would like the City to reexamine the collection of funds by the contractor. He expressed that he was always told that it is not permissible in the State of Michigan for someone other than the City to collect the funds. Mr. Stern further stated that he would like the issue to be researched; he was sure that in general, contractors are not allowed to collect funds as Greenwood has done.
- Mr. Stern spoke about his background that included a MBA from Harvard Graduate School of Business Administration and added that he wrote an article on Auditing Practices for the Harvard Business Review. Based on his accomplishments he went on to say he would like to see the administration comply with good auditing practices.
- Mr. Stern continued by generally commenting to the City that this is a standard make or buy decision and recommended that the City think seriously about this matter. His thoughts are to have the City collect data to support an appropriate business decision at the relevant time.
- Ms. Schreiner expressed that she was sorry to learn about Elmwood’s decision to terminate. She went on to share comments from some of her clients that Elmwood has done a great job to date.
- Ms. Schreiner noted that Ms. Arcome spends a lot of time with families; she went on to say that, she feels the City Commission is not aware of how much time it takes to handle these transactions and wished for a compromise. She commented that the RFP does not include the level of detail that it has in the past and questions what the City is looking for in a new contract. Additionally she summarized that there were bumps in the road with the current contract but overall the feedback from the community and her family personally, has been positive. She hopes that Elmwood knows how much their services have been appreciated and hopes that something could be worked out in the long term.
- Ms. Gunter iterated that the RFP does not preclude Elmwood from bidding on the scope of services being discussed today.
• Mr. Desmond echoed Ms. Schreiner’s comments about losing Elmwood as a contractor. He discussed experiences that his business had arranging committals and services at other City owned cemeteries. The arrangement relationship was very similar to what Elmwood and Birmingham had contractually and that the practices in Birmingham are not unusual. Mr. Desmond went further to say that, in the future, the City should continue with the priority of having a professional contractor with cemetery experience to manage the cemetery. Prior to the City contracting services to Elmwood, numerous conflicts resulted in securing an outside contractor. He expressed his fears in turning the operation over to someone who was less than professional managing the cemetery specifically because there are active plots for sale. Having a professional manage the cemetery is vital in order to serve the community in a way that meets or exceeds expectations.

• Ms. Suter agreed with Mr. Desmond. She noted that Ms. Arcome is very professional. Her concerns with the current contractor revolved around the lack of information provided to the GCAB including delays in financial reporting. She suggested that the City be very specific about timeliness of reporting and attendance at the GCAB meetings in the RFP.

• Ms. Buchanan expressed surprise and disappointment with the announcement of Elmwood’s termination. She wished that Elmwood would have stated a reason or given feedback. She noted that when bidding on the contract, Elmwood was very persistent and expressive and demonstrated that they really wanted the contract. Ms. Buchanan felt as a board that they appreciated Elmwood and hoped that they felt appreciated.

• Ms. Schreiner expressed while the GCAB was not aware of any reasons for Elmwood’s termination, someone at the city may have had discussions and are aware of the reasons. She stated that it is her presumption that there had been discussions back and forth over time. Judging from the meeting minutes, there were many negative board meetings where Elmwood was trashed for their performance. She went on to say that, Ms. Arcome is not just a salesperson; she is highly credentialed and specialized in the field, as is Elmwood. Ms. Schreiner also reminded the board and City that this business is a 24/7 operation and a cost is attached to this level of service. Setting the pricing on the RFP as per occurrence might have been short sighted.

• Ms. Buchanan disagreed with the comments Elmwood had been trashed in prior board meetings.

• Mr. Desmond replied that there were times before Ms. Buchanan joined the board that the meetings were quite contentious and that is why Ms. Arcome stop attending.

• Ms. Suter suggested that looking ahead to future GCAB meetings, move the information from the provider section of the meetings to the beginning of the agenda.

• Ms. Schreiner suggested including in the new contract attendance at GCAB meetings quarterly.

• Ms. Gunter said that Mr. Gallagher researched the market and found three or four providers that would be potentially interested in this scope of work.

• Ms. Buchanan asked if the RFP had been sent out for bid.

• Ms. Gunter replied that it had not and that the administration was seeking GCAB input so that it could be released next Friday.

• Ms. Suter agreed that the City should look at all aspects of the contract to make sure that the cemetery would sustain itself. She also included that fees must be charged for the plots to support the perpetual care fund.

• Mr. Desmond agreed.
Assistant City Manager Gunter summarized the scope of work, beginning at the end:

- Maintenance of grounds would be returned to DPS.
- The City Clerk’s office and not the service provider would hold records.
- Fee structure explanation, preplanning, grave sales, and burial services would be the responsibility of the service provider.

Assistant to the City Manager Gallagher detailed the RFP:

- Responsibility for financials.
- Obtain death certificate, deeds, etc. and forward to the City in a timely manner.
- Customer Service and Marketing
  - Handle all calls, meetings, and communications.
  - Work with funeral directors.
- Report monthly on Key Performance Indicators.
- Cemetery Operations
- Sexton Services

Mr. Desmond commented as a point of reference that the provider would not obtain death certificates; they would obtain burial transit permits.

Ms. Schreiner expressed that she thought Elmwood maintained records and that everything had been transmitted to the City, and there are permanent records. She went on to ask how the administrations defined family.

Mr. Gallagher thought it was difficult to define but felt they could try to further define it.

Ms. Gunter expressed that family was an elusive term. She went on to say that, she did not want to call it the payee, due to the cold nature of the term and its inappropriateness.

Mr. Desmond suggested the use of more specific terms such as next of kin, but sometimes the legal next of kin are not making the arrangements. Ms. Schreiner noted that it is the funeral representative designee under statute; if not in place by default, intestacy law prevails.

Ms. Schreiner reminded everyone that often there are multiple members of the family attending these meetings whether it is pre-need planning or at-need planning. With that said, she had an issue with the RFP pricing being based on occurrences. For example, if more than one family member makes a purchase, would that be considered one occurrence since it was done in the same meeting? She also felt that it lends itself to foster abuse.

Mr. Desmond asked if Ms. Schreiner was thinking of a straight fee based on occurrences and why not consider a percentage of sales for burial services.

Ms. Schreiner asked had the market research performed found flat monthly fees charged for comparable services.

Mr. Gallagher explained that he was unable to find a complete body of work relative to the public sector as to how prices are structured. When polling private companies, he found them to be more resistant to providing pricing information.
Mr. Desmond asked Mr. Gallagher if he had spoken with representatives from Troy, Franklin, or West Bloomfield. He said that he spoke with Franklin but price was not in the initial discussion and Franklin had not followed up with Mr. Gallagher on price.

Ms. Buchanan asked if the City was thinking of having the same monetary structure as Elmwood, which was based on a percentage of grave/plot sales. GCAB was critical of Elmwood’s decision to implement installment plans without board approval. She asked whether the current monetary structure stay and would the existing payment plans be honored. She also asked would maintaining and cleaning stones and markers as well as interment fees be included in this RFP. If so, who would benefit from the fees?

Ms. Schreiner was excused at 9:30 am.

Mr. Gallagher reiterated that pricing would be per occurrence.

Mr. Stern did not think the City should be deciding the providers’ fee structure. He suggested that the City put out the RFP and if the fee structure is not desirable, negotiations should begin.

Ms. Gunter explained that the challenge in not providing a price structure would disable the administration in terms of appropriately comparing proposals. A cross structure is more desirable by the administration to compare line item by line item.

Mr. Gallagher explained the fee structure:
- The City would receive 100% of sales.
- Service provider would bill the City for services rendered.
- Assistant to the City Manager Gallagher explained that the proposed cost structure would provide tighter controls, be more efficient, and ultimately prove to be more equitable.

Mr. Stern suggested that pricing differentiate between cremation and full body burial. Also, include cost of providing foundations and other ancillary services in the RFP. He is not concerned about the ability to compare; he just wants the RFP to be complete. Mr. Stern also asked about the City’s plan in terms of insurance minimums. He continued to ask about the provider maintaining the cemetery and the implications to potential bidders. He also and what the organizational structure would look like.

Ms. Gunter explained that the potential provider would have an obligation to bring the Sexton on to the cemetery grounds so they must maintain the existing standards in respect to burials.

DPS would seed plots and new graves.

Mr. Gallagher explained that this is just one piece of the RFP and is not the full scope of work.

Ms. Gunter asked for additional feedback on the distinction between per occurrences and percentage of sales, as a preference issue.

Mr. Desmond distinguished that he raised the distinction primarily as a point of discussion.
Mr. Stern expressed that percentage of sales would be ridiculous for this venture.

Ms. Buchanan suggested that the administration look at municipal cemeteries v. private cemeteries that are using a management company as a guide.

Mr. Desmond suggested the administration use Pine Lake, W. Bloomfield, Franklin, Van Hoosen - Rochester, and Troy as comparisons because they are managed by contractors and are municipal owned.

Ms. Gunter explained, regarding previous comments on internal controls and auditing procedures, there is a bit of exposure in doing per occurrence. It is a measurable item that can be reviewed and could potentially save the City money in terms of only paying for services that are finalized. She reiterated that she must put out a format for the bidders to respond to; therefore, the RFP must have a fee structure.

- The RFP would be released on Friday, October 11, 2019.
- GCAB will review proposals and develop a recommendation for the November 18, 2019 City Commission meeting at the November 8, 2019 meeting.
- Interviews with service providers would be arranged if requested by the GCAB.
- Consider negotiating a short-term engagement with Elmwood.

### V. UNFINISHED BUSINESS

Items under Unfinished Business will be presented as a status update to the Board and may not require action at this time.

   - Mr. Stern did not know if the number of burials of the last fiscal year were included in the Annual Report to the City Commission.
   - He would like to see the total number of burials as well as total sales be reflected in the Annual Report.

B. Other items were tabled for the November 8, 2019 meeting.

### VI. FINANCIAL REPORT

### VII. BOARD COMMENTS

Ms. Buchanan felt that honesty and transparency between the GCAB, City Commission, and City Administration is important. She would like to see the GCAB included in all matters related to the cemetery.

Mr. Stern expressed that he was sorry that Ms. Mynsberge left as quickly as she did. He would have liked to thank her for the kindness she displayed in assisting him with the inventory of plots at Greenwood Cemetery. Ms. Mynsberge was a professional and able to get the agenda out to board members earlier in the week. Again, he wished that he could have thanked her for her kindness and courtesies.

Ms. Gunter passed on to the GCAB that Ms. Mynsberge is still providing advice and support to the administration even in her absence.
Ms. Buchanan extended thanks on behalf of the GCAB to Ms. Mynsberge for her services.

Beginning in 2013, the City has been utilizing the professional management services for the Greenwood Cemetery as provided by the Historic Elmwood Cemetery. Under the original contract, Elmwood Cemetery has provided a turnkey management solution. Elmwood Cemetery was responsible for all of the day-to-day operations of the cemetery. Elmwood Cemetery notified the City of Birmingham of its intent to terminate the contract effective November 30, 2019 via a letter dated August 31, 2019. The impetus for the letter was due to the nature of the financial arrangement of the agreement being set-up in such a way that while Elmwood is 100% responsible for all of the duties listed in the table below, Elmwood only receives 25% of sales as they occur. The revenue model for Elmwood is not sustainable as it is outlined in the current agreement. Under the current arrangement the permanent record keeping is still maintained by the City Clerk’s Office. Every quarter the contractor sends the deeds and work orders to the Clerk’s Office. The Clerk’s Office updates the cemetery record books, the Laserfiche document imaging program, and files the hard copy deeds and work orders.

The Department of Public Services (DPS) is still responsible for forestry services and road improvements, however the contractor took over the responsibilities for prepping the grave for burial, pouring foundations, snow removal, lawn care, general clean-up of the grounds, and meeting with the families regarding grave location. The roads were cape-sealed last year and are currently in good condition.

DPS contracts out the lawn care for the entire City, including the cemetery. The contractor is responsible for the lawn care and reimburses the City for the cemetery portion of the lawn care. The contractor receives a bill from the City once a month for the cemetery portion of the lawn care contract. Annually the cost for Elmwood is roughly $16,500 ($550 per cut at 33 cuts per year).

The contractor is responsible for scheduling burials and foundations, responding to ancestry inquires, and updating the electronic cemetery records for burials, foundations, and sales. In addition, the contractor is responsible for meeting with individuals interested in purchasing a grave, the sale of the grave, and financial record keeping of those sales. The contractor is also
responsible for prepping the grave for burial, pouring foundations, snow removal, lawn care and general clean-up of the grounds.

The care, maintenance and operation of Greenwood Cemetery remain under the supervision and control of the City Manager in accordance with Section 34-26 of the City Code.

Immediately upon receiving the notice of termination from Elmwood, City staff reached out to neighboring communities to see how they approach the operation of their cemeteries. Of the nine municipalities we reached out to, we were unable to find a local example that utilized a third party comprehensive professional management solution such as ours. Every community we reached out to utilizes a combination of internal City staff
and a professional third party contracted sexton, with self-admitted varying degrees of success.

A draft version of the Greenwood Cemetery Professional Management Services Request for Proposals (RFP) was presented to the Greenwood Cemetery Advisory Board at their October 4th meeting. On October 8, 2019, the RFP was published via the Michigan Intergovernmental Trade Network (MITN), it was also sent out to several nearby cemetery organizations, and distributed to the Michigan Cemetery Association to be shared with their membership.

The outcome of the research that was conducted by staff further cemented the understanding that the field of burial services is highly specialized. As such, we continued to have productive discussions with staff from Elmwood Cemetery to proactively plan for the potential transition process that might involve a new service provider. During the course of these meetings, we also gauged their willingness to extend their current contract on a month-to-month basis until we could find a suitable candidate for service replacement. Elmwood Cemetery was not interested in pursuing a month-to-month contract. Their revenue model relies upon a full calendar year given that the sales activities tend to take place during the Spring and Summer, but there is very little activity between the months of December through March. It would not be advantageous for them to continue to carry their existing services during the downtime and risk being replaced with another service provider once sales resume in earnest. However, Elmwood indicated that they were open to fulfilling their current contract, with modifications.

The bid closing date occurred on October 29, 2019 with the City receiving no proposals from any professional cemetery management firms interested in conducting business with the City of Birmingham.

Considering the specialized nature of the work included in the RFP, the City began working with the representatives of Elmwood, in advance, to reach mutually agreed upon modifications to the existing contract in the event that there were no other interested bidders. As you may recall, in 2013, the City only received one proposal when it had initially distributed the RFP for cemetery management services.

City staff and many of the board members agree that the level of service that Elmwood Cemetery has provided to the customers of Greenwood Cemetery have been of the highest standard and quality.

The committee has previously discussed the possibility of bringing this service “in-house.” There are a challenges associated with doing so that may result in a different level of service quality to clients interested in choosing Greenwood Cemetery as a final resting place for themselves or for loved ones. The City would have to reinvest in expenditures to cover the cost of new machinery, hiring, and training of staff, as the internal staff
members who had performed parts of this work previously are no longer employed with the City.

The professional staff at Elmwood Cemetery is well suited in consoling a grieving family and, on more than one occasion, has been consistently responsive to calls from grieving family members and funeral directors at odd hours in the evenings and on weekends. This level of responsiveness is the quality our community has grown to expect from Elmwood Cemetery. Additionally, Elmwood has the advantage of having multiple cemeteries to manage throughout southeast Michigan. As a result, we benefit from economies of scale that as an individual municipality, we may not otherwise enjoy. For example, Elmwood offers full service burials for a flat fee. This includes costs and coordination associated with working with the vaulting companies, tents, greens and chair set-ups for services, and other smaller particulars that will become the responsibility of the funeral directors if we do not continue to use them as a service provider. The minimal costs for these services are roughly $1,100 and would then be passed on to the families and no longer absorbed by Elmwood on behalf of the City.

It is the intention of the City Staff to recommend to the City Commission the approval of an adjustment to the current service agreement with Greenwood Cemetery for cemetery management services. A copy of the existing agreement is included as an attachment to this memo for easy reference. The proposed modifications include:

- Replacing the requirement for attendance at every GCAB meeting to a requirement for an Elmwood representative to participate in meetings that involve new initiatives for them to provide an expert opinion on the subject matter.
- To allow for an increase in burial fees for a full casket from $1,200 to $1,400. These amounts typically increase annually by $50-$100 as a standard industry practice, but have not approved for an increase at Greenwood since 2012. This amount primarily supports the increases in wages of the employees to remain consistent with cost of living increases. Although the costs for cremation services have risen over the years, Elmwood is not seeking an increase in costs for these fees.
- Greenwood will continue to provide information, as requested, to the City Clerk on a quarterly basis from which the Clerk’s office will be required to develop the report for the Advisory Board to review.

Lastly, and not a direct amendment to the contract, Elmwood has requested that the City take on the costs for the existing contract with Birmingham Lawn for lawn care and for snow removal. Elmwood will continue with general on-site maintenance and oversight of the landscape contractor. Upon review of the contract, this would not require an amendment. Section four (4) of the contract does not obligate the contractor to take on the costs of these services. The annual cost for these services is $16,500. Elmwood representatives noted that there was a two-year period that ended in 2015 when there were no sales permitted for new plots. During that period, they continued to pay these costs on the City’s behalf despite receiving no revenue for sales. They are not willing to
proceed with the same arrangement as sales are not in high demand at Greenwood even during the more active seasons.

City staff agrees that the requested modifications to the contract are fair and supported by a reasonable rationale as communicated by the representatives at Elmwood. Staff intends to proceed to the City Commission during the month of November with an amendment to the existing contract and letter from Elmwood reaffirming their commitment to continue to provide high quality services. This action will ensure no disruption of services, which had been set to occur on November 30, 2019 if no alternative solution could be negotiated. If the City Commission approves the proposed amendment to the contract then the agreement will continue through 2023 as indicated in the existing agreement with options to renew for an additional 10 years. The options to terminate, per the existing agreement, will not change as a result of this amendment, which means that either party could elect to terminate the agreement with ninety (90) days notice, if it is deemed necessary.

During this time, it is also recommended that the Advisory Board begin planning for options for providing burial services independent of Elmwood in the event that this issue has to be addressed again before the contract reaches its expiration date.

**Suggested Recommendations:**

To recommend that the City Commission amend the Elmwood service agreement with the proposed terms as negotiated.

- And –

To recommend that the City Commission authorized the expenditure for Lawn Care services with Birmingham Lawn for $16,500 annually for the Greenwood Cemetery.

IV. NEW BUSINESS
A. GREENWOOD CEMETERY MANAGEMENT SERVICES: CONTRACT
AMENDMENT – ACTION
Assistant City Manager Gunter presented this item.
1. At the October 4 meeting, a letter was presented with Elmwood’s desire to terminate the existing contract with the City of Birmingham for services at Greenwood Cemetery effective November 30, 2019.
2. Staff began working on a request for proposal to find a service provider to fill that space.
3. The RFP was put out to bid and the City did not receive any proposals to consider.
4. Elmwood proposed some contract amendments to continue the existing agreement; the City staff preliminarily agreed to the amendments pending presentation to the GCAB:
   a) Replace requirement to attend every GCAB meetings with only a requirement to attend for new initiatives being proposed.
   b) Increase in burial fees from $1200 to $1400 full casket burial. There would be no increase in cremation fees. The increase would cover cost of living increases for employees.
   c) Eliminating reporting requirements. Clerk’s office would take on the reporting responsibility.
   d) Eliminate grass cutting and snow removal.

Mr. Stern expressed the following:
1. He found the reporting on this item to be an embarrassment.
2. In the past, the City have presented excellent reports including detailed analysis.
3. Estimates and good advice have been excellent.
4. This report was rushed and not to the City’s full potential, perhaps due to the election. The report lacks detail to substantiate an increase in labor cost.
5. Mr. Stern went on to say that, the contractor is receiving all of the profits and the Clerk’s office and DPS are taking on all of the responsibility of the contract.
6. He would like to see DPS bring in revenues from services at Greenwood.
7. He suggested that GCAB go back to the City and request a report of the quality that the City is capable of providing.

Ms. Gunter acknowledged Mr. Stern’s concerns and pointed out that a decision on how to proceed must be made by Nov. 30, 2019.

Mr. Stern asked if staff had approached Clover Hill for help. He referenced them because they have offered to help many times in the past.

Ms. Gunter answered that they did not explore opportunities with Clover Hill, because the City would not be able to rely on them to provide services due to the lack of contractual obligation between the City and Clover Hill Cemetery.

Ms. Schreiner asked if we have assurances that Elmwood would continue the contract if the amendments are agreed upon. Ms. Gunter affirmed.

Ms. Schreiner expressed concerns about bullet point number one in reference to attendance at the GCAB meetings. She pointed out that the meetings should be properly noticed with 48 or 72 hours and that there be a true new item on the agenda. Due to the nature of Elmwood’s business, there should be an excused absence option.

Ms. Gehringer noted that on the initial contract, it specified that a representative must attend meetings once a year at a minimal. She did not feel that the specification was an unreasonable
request. She also asked who would provide financial information, specifically sales data.

Ms. Gunter said that Elmwood would continue to provide the reporting.

Mr. Desmond felt that the increased burial fees were reasonable, customary, and fair. He added that in viewing this as a “make or buy” situation, from what we already heard. To “make” this requires cost, time and energy; and the commitment has been vastly underestimated. It is much more than what the City believes it to be in terms of properly managing a cemetery.

Ms. Schreiner agrees with Mr. Desmond that the time and energy required to manage a cemetery is underestimated.

Ms. Peterson asked how the City reacted to paying lawn care instead of Elmwood.

Ms. Gunter expressed that the City is prepared to fund lawn care directly.

Ms. Buchanan asked when this item would go before the Commission. Ms. Gunter replied that it would be at the November 25, 2019 meeting.

Ms. Buchanan commented that due to the commissioners being known for pondering, asked if the outcome of the November 25 meeting results in more pondering, how would the cemetery be managed going forward?

Ms. Gunter replied that there would be a potential disruption in service.

Ms. Peterson asked why not present on November 11, 2019. Ms. Gunter replied that the agenda would be full due to the swearing-in ceremony and induction of the new commission members.

It was also noted that Elmwood is not willing to work month to month until a solution is found. They will not work through the winter without an opportunity to recoup revenue in the spring/summer.

Ms. Gehringer commented that she believes that the increased burial fee is reasonable and fair.

Mr. Stern believes that the commission would require more detail before moving Elmwood’s contract forward.

Ms. Buchanan commented that there should be more financial detail including estimated cost. In addition, sales at Greenwood should be considered as a cause for Elmwood wanting to terminate their contract. Cemetery costs are increasing.

Linda Peterson expressed that creating 500 graves at Greenwood allowed Elmwood to increase revenues for a period.

Ms. Gehringer admitted that when Elmwood was first contracted, she had mixed emotion; but after working with them she was able to appreciate the services provided. She further said that the GCAB should be prepared for the City assuming management of the cemetery due to the uncertainty of the future.
Mr. Stern felt that if the commission goes along with this option, the GCAB should have a plan B with detailed financials to fulfill the board’s obligation to the City.

Ms. Buchanan said that GCAB should not make a value judgement, but vote, and recommend submission of the revised proposal to the commission for approval.

Ms. Laird spoke for the responsibility of DPS in terms of maintaining cemetery grounds. She said that DPS is not prepared to take over cemetery operations. She said that she has very capable staff, backhoe operators, and would need additional full time employees.

Ms. Gehringer addressed the $16,500 of this proposal that comes out of the GCAB budget. She noted that it is not enough in the budget to sustain the proposed payments.

Ms. Schreiner suggested that the board work on alternate revenue sources to support the cost of lawn maintenance.

Finance Director Gerber said that prior to the perpetual care fund, the cemetery was part of the property maintenance of the City. Once the perpetual care fund was established, it was hoped that Elmwood would provide the service after a period. In the meantime, the fund would grow, and support the maintenance of the cemetery going into the future. While there is enough revenue to cover the expense now, depending on interest rates in the future, it may not generate enough to pay for lawn care at $16,500 annually.

MOTION: Motion by Ms. Buchanan, seconded by Mr. Desmond
To submit a resolution approving the Greenwood Cemetery Management Services Contract Amendment.

MEMORANDUM
Office of the City Manager

DATE: November 19, 2019
TO: City Commission
FROM: Joseph A. Valentine, City Manager
SUBJECT: City Clerk Position

INTRODUCTION:
With the resignation of the City Clerk, the process to fill this position has been initiated consistent with the prior selection process and we are requesting the involvement of a couple of Commissioners to participate in selection process to recommend a finalist candidate to the full Commission.

BACKGROUND:
Our City Clerk resigned in September of 2019. Consistent with prior practices we have appointed an Acting City Clerk to fill the role in the interim and have facilitated a selection process to recommend a finalist candidate. Our Acting City Clerk has not applied for this position. Consistent with this practice I am requesting the participation of two Commissioners to participate in the final round of interviews. Initial interviews were conducted the week of November 11th and the follow up interviews are planned for the week of December 9th. I would ask for an allocation of up to 4 hours of time that week for this effort. Interviews are planned for one afternoon that week and will be scheduled with the availability of the selected Commissioners.

Following the subcommittee’s work, we will identify a finalist candidate and the intent is to recommend the individual to the Commission at its December 16th meeting for appointment. Similar with the prior appointment process, we would have a formal meet and greet with the new City Clerk Candidate prior to the December 16th meeting and then recommend the City Clerk Candidate for appointment at the meeting to follow.

SUMMARY
To facilitate the completion of the City Clerk selection process, the Commission is asked to appoint two Commissioners to serve on the interview panel to advance a City Clerk Candidate for appointment as the new City Clerk.

SUGGESTED RESOLUTION:
To appoint a sub-committee comprised of Commissioners ____________________, ________________, the City Manager and the HR Manager to conduct the final interviews and recommend a finalist candidate for the position of City Clerk for approval by the City Commission.
DATE: November 22, 2019

TO: City Commission

FROM: Joseph A. Valentine, City Manager

SUBJECT: Request for Closed Session pursuant to Section 8(h) of the Open Meetings Act, MCL 15.261 - 15.275

It is requested that the City Commission meet in closed session pursuant to the Open Meetings Act, Section 8(h) to consider material exempt from discussion or disclosure by state or federal statute.

SUGGESTED RESOLUTION:
To meet in closed session pursuant to the Open Meetings Act, Section 8(h) to consider material exempt from discussion or disclosure by state or federal statute.

(A roll call vote is required and the vote must be approved by a 2/3 majority of the commission. The commission will adjourn to closed session after all other business has been addressed in open session and reconvene to open session, after the closed session, for purposes of taking formal action resulting from the closed session and for purposes of adjourning the meeting.)

City of Birmingham
151 Martin St.
Birmingham, MI 48012-3001

RE: Important Information—Price Changes

Dear Ms. Mynsberge,

At Comcast, we're committed to delivering the entertainment and services that matter most to our customers in Birmingham, as well as exciting experiences they won't find anywhere else. As we continue to invest in our network, products, and services, the cost of doing business rises. Programming fees – the cost associated with carrying the programming our customers demand, especially broadcast television and sports programming – continue to rise each year and are one of our biggest expenses. While we absorb some of these costs, these fee increases affect service pricing. As a result, starting January 1, 2020, prices for certain services and fees will be increasing, including the Broadcast TV Fee and the Regional Sports Network Fee. Please see the enclosed Customer Notice for more information.

While some prices may increase, we continue to invest in technology to drive innovation. We work hard to bring our customers great value every day and exciting new developments, including:

- Xfinity Stream app included with Xfinity TV has the most free shows and movies
- Apps like Netflix, Pandora, Amazon, and YouTube integrated on our X1 platform and easily accessed using our Voice Remote
- 163,000+ shows and movies on Xfinity On Demand
- Enhanced control of in-home Wi-Fi with Xfinity xFi
- Advanced security with the Xfinity Wireless Gateway
- The fastest Internet speeds in the country
- 19 million Xfinity WiFi hotspots nationwide

We know you may have questions about these changes. If I can be of any further assistance, please contact me at 734-359-2308.

Sincerely,

Kyle V. Mazurek
