06-126-15 PUBLIC HEARING TO CONSIDER BROWNFIELD PLAN & REIMBURSEMENT AGREEMENT FOR 33588 WOODWARD, SHELL GAS STATION

Mayor Sherman opened the Public Hearing to approve the Brownfield Plan and associated Reimbursement Agreement, 33588 Woodward – Shell Gas station (formerly Citgo) with B5 Investments, LLC at 7:35 PM.

City Planner Ecker explained that staff has met with MDEQ to look at the contamination issues on site. MDEQ did some additional testing and the applicant agreed to do additional testing. The plan has been reviewed by the Brownfield Redevelopment Authority. She noted that the plan outlines the existing contamination on site as well as the clean-up activities proposed under the plan.

Mayor Pro Tem Hoff questioned how long it would take to generate the funds for the estimated costs through the tax increment financing. Ms. Ecker explained that the Brownfield Plan states it will take thirty years as there is not as much of a level of investment on this site.

Jeff Haynes, Beier Howlett, clarified that MDEQ has used triage funds which are from the Refined Petroleum Fund which means MDEQ is spending funds already to determine if the contamination has gone off-site.

The Mayor closed the Public Hearing at 7:41 PM.

MOTION: Motion by McDaniel, seconded by Rinschler:
To approve the Brownfield Plan and associated Reimbursement Agreement for 33588 Woodward, Shell Gas Station with B5 Investments, LLC:

WHEREAS, the Birmingham Brownfield Redevelopment Authority (the "Authority"), pursuant to Section 13 of Act 381 of 1996, as amended (the "Act"), prepared and recommended for approval by this Commission a brownfield plan ("the Plan") for 33588 Woodward; and,

WHEREAS, the City of Birmingham, at least ten days before the meeting of this Commission at which this resolution is considered, provided notice to and informed all taxing jurisdictions (the "Taxing Jurisdictions") which are affected by the Plan of the fiscal and economic implications of the Plan, and provided the Taxing Jurisdictions a reasonable opportunity to express their views and recommendations regarding the Plan.

NOW, THEREFORE, BE IT RESOLVED THAT

1. The Plan constitutes a public purpose under the Act.

2. The Plan meets all of the requirements for a brownfield plan set forth in Section 13 of the Act.
3. The proposed method of financing the costs of the eligible activities, as described in the Plan, is feasible and the Authority has the ability to arrange the financing.

06-127-15 PUBLIC HEARING TO CONSIDER REZONING AND ORDINANCE AMENDMENT AT 2100 EAST MAPLE

Mayor Sherman opened the Public Hearing to consider the rezoning of 2100 E. Maple at 7:41 PM.

City Planner Ecker explained the request to rezone the property at 2100 East Maple. Currently it is zoned O-1 Office. The applicant is requesting the property be rezoned to either B-2 General Business or B-2B General Business. Their preference is B-2. She explained that the current zoning classification does not allow the use of the site as a grocery store. The proposal is to redevelop the site to a Whole Foods Grocery Store. A grocery store is permitted under B-2 and B-2B. She explained that B-2 allows department stores as a permitted use and B-2B allows for auto sales. The B-2B permits a building height of thirty feet and two stories and the B-2 permits a maximum height of forty feet and three stories. She noted that the applicant is only proposing a one story building, however it would be taller than a typical one story building. She noted that the Planning Board recommended the property be rezoned to B-2 General Business.

Commissioner Rinschler noted that the traffic impact for a grocery store would be different than that for a three-story office building. He questioned what control the City would have in the future if after ten years, the grocery store is gone and an office building comes in so as to not create a future problem with a more intense use. Ms. Ecker responded that the City does not allow contract zoning therefore the City cannot recommend a rezoning and contain it to that use only.

Mayor Sherman questioned whether a Special Land Use Permit (SLUP) could be used to limit the use. Ms. Ecker explained that SLUP's are tied to certain uses. Unless it was listed as one of the uses that needed a SLUP, it would not come back to the Commission. City Attorney Currier explained that a SLUP is not authorized for this particular usage.

Rick Rattner, attorney for applicant, explained the location of property and the rezoning request. He noted that it would be a one story building that is over thirty feet in height. He noted that it is less square fee than what is currently there.

Linden Nelson, applicant, commented on the location of the property and the surrounding properties. He noted that he has a signed 25 year lease with Whole Foods with seven five-year options to extend.

DeAngello Espree, resident, stated that the corner is a high volume traffic corner and requested comment on the traffic report.

Joe Marson, traffic engineering with Parsons, explained that a traffic analysis has been done and noted the improvements which need to be made to make the area work better. Mr. Rattner confirmed for Mayor Pro Tem Hoff that the applicant would do the improvements to the intersection.

David Bloom expressed concern with traffic congestion on Maple.

The Mayor closed the Public Hearing at 8:28 PM.

Commissioners Rinschler, McDaniel, and Dilgard expressed support of rezoning to B-2. Mayor Pro Tem Hoff stated that she is more comfortable with B-2B and would like to see the June 10th minutes of the Planning Board discussion of this item. Mayor Sherman expressed concern that the proposed grocery store may not be the long term use for this property.

MOTION: Motion by Rinschler, seconded by McDaniel:
To approve rezoning the property at 2100 E. Maple in accordance with the recommendation of the Planning Board from O-1 Office to B-2 General Business.

VOTE: Yeas, 3 (Dilgard, McDaniel, Rinschler)
Nays, 2 (Hoff, Sherman)
Absent, 2 (Moore, Nickita)

Mr. Nelson stated that he would provide a letter stating that the use was for grocery store only if the B-2 zoning is granted, if the Commission and attorneys are agreeable.

MOTION: Motion by Sherman, seconded by Rinschler:
To reconsider the previous motion.

06-129-15 GROUND LEASE AGREEMENT WITH MARKET SQUARE ENTERPRISES, LLC

City Planner Ecker explained that the applicant appeared before the Planning Board for their site plan review for an expansion to the building. One of the comments from the Planning Board was to activate the field just north of the property and provide a connection from the store and provide seating to the general public. The applicant is proposing a lease with the City for the use of that public property which includes an outdoor patio, pavilion and fountain area, and six parking spaces. She confirmed that the pavilion would be a permanent structure and include seasonal displays by Market Square. The structure would be secured after the store is closed. Ms. Ecker explained that the parking spaces are not needed to meet the parking requirement.

Victor Saroki, architect for Market Square, explained the expansion to the store. In response to a question from Mayor Pro Tem Hoff, Mr. Saroki explained that there would be no service from the store to the tables.

MOTION: Motion by McDaniel, seconded by Rinschler:

To approve the Ground Lease between the City of Birmingham and Market Square Enterprises, LLC and authorizing the Mayor and Clerk to execute the same on behalf of the City.

Commissioner McDaniel suggested staff be directed to look at cut-thru traffic in the neighborhood and monitor the speeds.

The following individuals spoke in opposition to the proposal:

Laura Mason, 1133 Wakefield
Maureen Field, 1732 Northfolk

The following individuals spoke in support of the proposal:

Adam Lawrie, 1898 Latham
Russ Vorhees, 990 Wakefield

Johnny Karmo, owner of Market Square, explained that he employs fifty people and prefers to have the six additional parking spaces. In response to a question by Commissioner McDaniel, Mr. Karmo explained that the intention is to bring the tables and chairs inside each night.

Mayor Pro Tem Hoff questioned if the parking spaces were eliminated, would the applicant still want the pavilion. Mr. Karmo stated that the reason he was in favor of the lease was for the six parking spaces.

In response to a question from Commissioner Rinschler, Mr. Karmo stated that he would not be interested in the lease without the parking spaces as the development is quite costly. He noted that the addition to Market Square would move forward regardless of the lease agreement.
